RUSSIA FACES NEW CRISIS

Battleship With Mutinous Crew Is Threatening City of Odessa.

QUAYS ARE ABLAZE

Squadron from Black Sea Is Ordered to Quell Mutineers, and May Join Them.

THE RED FLAG IS FLAUNTED

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

ODESSA, June 28.—The red flag of revolution is hoisted at the masthead of the Kniaz Potemkine, Russia's most powerful battleship in the Black sea, which now lies in the harbor in the hands of mutineers. The captain and most of the officers were murdered and thrown overboard in the open sea and the ship is completely in the possession of the crew and a few officers, who have thrown in their lot with the mutineers.

The guns of the Kniaz Potemkine command the city and in the streets masses of striking workmen, who yesterday fled before the volleys of the troops, are now inflamed by the spectacle of open revolt on board an imperial warship, and are making a bold front against the military.

All day long firing has been heard in many quarters of the city. A number of barricades have been erected and tumult and disorder reign.

The main squadron of the Black sea fleet, consisting of the battleships Georgei Pobiedonosetz (George the Victorious), Tri Sviatelia, Rostislav and Ekaterina II., with two cruisers, are expected to arrive here tonight, and a regular naval battle is in prospect.

Officer Shot Sailor.

Reports of the mutiny, which occurred while the battleship was at sea, are difficult to obtain, as the mutineers refuse to allow communication with the shore, but it is ascertained that it arose from the shooting of a sailor who was presenting on behalf of the crew a complaint against bad food. According to one version, this sailor, whose name was Omiltchuk, objected to the quality of the "borchtck," or soup, and was immediately shot down by a mess officer. The crew then rose and seized the ship and the officers, eight of whom were spared on condition that they would join the mutineers. The others were killed and their bodies thrown overboard.

After a period of vacillation the Kniaz Potemkine headed for Odessa and arrived here last night accompanied by two torpedo boats. Early today the body of Omiltchuk was brought ashore in one of the battleship's boats and was landed on the new mole, where it has been exposed in semi-state all day. It was visited by thousands of persons, many of whom placed coins in a basket at the head of the body, toward a fund to defray the cost of the funeral, which the sailors propose to hold tomorrow and which the strikers will make the occasion of a great demonstration.

An inscription on the breast of the dead sailor states on behalf of the crew that Omiltchuk died for the truth because he presented a just complaint of the crew.

The authorities have made no attempt to remove the body, the sailors having served notice that the ship would open fire on any one seeking to interfere with it. A police agent visiting the spot was killed by strikers.

Red Flag Is Hoisted.

During the day a red flag was hoisted on the Kniaz Potemkine and members of the crew rode from ship to ship in the harbor, forcing the stoppage of all work thereon. Food was supplied them by sympathizers on shore, who pillaged the maritime storehouses.

The strike is now general in the city and the rioters are growing in numbers and boldness. There were exchanges of shots all day, but the number of victims cannot be stated. This evening a bomb was thrown in Cathedral palace, killing its thrower and a policeman.

A telegram from the mayor of Odessa, who is at Moscow, imploring the citizens to restore order, has been posted throughout the city.

During the day one of the torpedo boats which had accompanied the Kniaz Potemkine, came into the harbor and seized the Russian steamer Esernaza. The steamer was laden with 2,000 tons of coal, which the battleship is taking on board.

The governor has telegraphed for a squadron to be sent from Sebastopol.

Harbor Front Is Ablaze.

LONDON, June 29.—A dispatch from Odessa to a news agency dated Wednesday night, says: The whole of the quays and the buildings around the harbor, as well as much shipping, are in flames. Mobs of incendiaries by armed force prevented the fire brigade working. The troops are completely terrorized and are afraid to approach within range of the Kniaz Potemkine's guns, which threaten a disastrous bombardment. The city is appallingly illuminated by burning buildings, and terror prevails everywhere.

Sleep is impossible and everybody is watching and waiting. The whole garrison has been requisitioned for patrol duty. It is thought it may become necessary to summon foreign warships for the protection of the foreign colonies.

The quarantine station in the harbor, warehouse stocks and offices and some of the ships have been fired by revolutionary bands. All foreign ships are preparing to slip their moorings in case of need, and the Kniaz Potemkine is playing a searchlight on every portion of the harbor.

Late tonight, perceiving a picket of Cossacks stationed at the Richelieu monument on Nicolai boulevard, the Potemkine fired a shell, killing four and wounding 20 of them.

It is rumored that the men of four other battleships mutinied at Sebastopol, and that two of the ships are on the way to join the Potemkine.

Two hours ago a huge mob broke through the military cordon around the

SUGGEST PLACING NEW TIMBER ON THE TICKET

Republican Advisers Discuss Wisdom of Requesting Aspirants for Offices to Retire.

In the opinion of the Republican county advisory committee, it would be a wise policy to induce the present candidates for county offices to retire from the field and allow new men to seek the nominations. This would not include those who are holding office through appointment by the governor or the courts and will this fall ask for an election for the full term.

There has been a great deal of discussion of the wisdom of endeavoring to secure a county ticket this fall composed of Republicans who have not been closely identified with practical politics. So far a number of men have announced their intention of seeking nominations. For the most part they have either held county offices or been employed in the public service in some capacity.

The Republican county advisory committee yesterday discussed this subject. County Chairman Thomas J. Ford said it was the sentiment of the committeemen a new set of candidates should be induced to enter the field. "It does not mean," said he, "any effort will be made to force men who are now seeking county offices to retire. Friends of the candidates will endeavor to show them the wisdom of such action. If the aspirant is satisfied to good naturedly leave the field, he may do so. Should he determine to stay in the contest, the power of the organization will not be used against his nomination. There is to be no coercion. Every Republican is privileged to enter the primaries and he will receive fair treatment.

"The committee believes there should be no effort to have Judge James S. Young, Prothonotary W. B. Kirker and County Commissioner C. B. Price retire from the field. The first two were appointed by the governor and the latter by the courts. I understand they will be candidates for election for the full terms of their respective offices. As appointees, the committee is of the opinion these gentlemen occupy a position different from that of the other candidates. There was no discussion of new candidates today."

The advisory committee gave attention to the proposed changes in the party rules. While there was considerable discussion of some of the provisions, there was no disposition to oppose the adoption of the direct vote system of nominating. There was opposition, however, to the proposition to change the date of the annual primaries from the first Saturday of June to the second Saturday of September. The argument was advanced sufficient time would not be given for the fall campaign, if the nominations are not made until September. The county committeemen are chosen at the same time and there will be little opportunity allowed for the perfection of the organization before the actual work of vote getting begins.

Capt. Howard B. Oursler of the Fourteenth regiment is a candidate for superintendent of the state police. Lieut.-Col. J. Harry Corbett of the same regiment, is also an applicant. It is understood Adjt.-Gen. Thomas J. Stewart has submitted a list of guard officers, who, in his opinion, are capable of commanding the constabulary. It is not known whether the name of any of the local militiamen is among those recommended.

MR. PATTISON IS NOMINEE IN OHIO

Buckeye Democrats Choose Anti-Saloon League Candidate to Head Ticket.

JOHN R. M'LEAN IS BOLTER

[SPECIAL TELEGRAM TO THE GAZETTE.]

COLUMBUS, O., June 28.—John M. Pattison, widely known as the choice of the Anti-Saloon league, was nominated for governor on the second ballot by the Democratic state convention today. Ushered to the platform, he accepted the nomination in a speech in which he declared for the preservation and enforcement of the old blue laws and Sunday closing laws.

THE TICKET.

Governor.
John M. Pattison....Clermont county.
Lieutenant Governor.
Louis B. Houck....Knox county.
Supreme Judge.
Hugh T. Mathers....Shelby county.
Attorney General.
James A. Rice....Stark county.
Treasurer.
Charles E. Mason....Butler county.
Member Board of Public Works.
Patrick C. McGovern..Muskingum county.

An hour later the convention nominated as candidate for state treasurer, Charles E. Mason of Butler county, a brewer and a teetotaler.

Senator Louis B. Houck of Mt. Vernon was made the nominee for lieutenant governor. John C. Welty of Canton, who had just gone down to defeat, was given a left-handed compliment by the nomination for attorney general of his ancient enemy, former Mayor James A. Rice of Canton. Judge H. T. Mathers of Shelby for judge of the supreme court and Patrick C. McGovern of Muskingum for member of the board of public works completed the ticket.

This ticket was placed on a platform which is silent on the temperance question, which Pattison's nomination makes the paramount issue in the campaign; which praises Roosevelt, though not by name, and which contains three of the four Johnson planks, of which the radical mayor of Cleveland secured the incorporation: taxation of railroads at full salable value, home rule in local government, especially as regards municipal ownership, and the anti-pass plank.

John R. McLean greeted this platform and the nominee for governor by tendering his resignation as member of the Democratic national committee, thus cutting the last tie which connected him with Ohio politics.

CINCINNATI, June 28.—Hamilton county Democratic leaders are authority for the statement that John R. McLean, owner and publisher of the Cincinnati Enquirer, will change the policy of that paper soon and make it a Republican newspaper.

KISER SMASHES WORLD'S RECORD

Goes Five Miles in Motor Race in Four Minutes, 44 2-5 Seconds—Big Crowd Present.

OLDFIELD ON THREE TIRES

In a world of enthusiasm and intensity of interest, 6,000 people shouted themselves hoarse yesterday afternoon at Brunots Island race track when Earl Kiser, with his Winton Bullet No. 2, shot over the line ahead of Louis Chevrolet in Maj. C. J. S. Miller's 90-horse-power Fiat car in the national championship race for the $2,000 trophy. When the time—4:44 2-5 for the five miles—was hung out pandemonium let loose, for it was realized that a new world's record had been made. Barney Oldfield won the final heat, however, but Major Miller promptly protested the race.

Yesterday was the first of the two days' meet being held by the Automobile club of Pittsburg, and it brought to the races almost unwieldy crowds. The weather and track conditions were superb,

WEAVER ALLEGES CITY IS ROBBED OF $233,000

Orders Director of Public Works to Withhold Approval of Warrants.

[BY PRIVATE WIRE TO THE GAZETTE.]

PHILADELPHIA, June 28.—In a letter to Director of Public Works Acker, directing him to withhold his approval of any warrants for payment to Daniel J. McNichol for the construction of the filtered water basin at the Torresdale plant, the mayor declares the contractor wrongfully was paid in actual cash $28,349 57 for an inferior foundation, whereas this money not only should not have been paid to him, but he, under the terms of the contract, at his own expense should have been compelled to lay a concrete foundation at an estimated cost of $204,690.

Adding together the money the contractor was actually paid and the money which was saved to him, the mayor alleges the city was defrauded of $233,039 57.

The mayor shows by the record of the bureau of filtration the former chief engineer, John W. Hill, now under $10,000 bail on two charges, decided the contract requirement that a substantial concrete foundation should be laid at the contractor's expense was to be disregarded; that Chief Hill recommended to Director of Public Works Haddock the extra allowance should be made, and that Director Haddock has approved the recommendation and authorized the exemption of the contractor from work due the city, estimated to be worth $204,690, and instead paid him $28,349 57 for shirking his work.

DENOUNCES DAUGHTER'S PERFIDY TO HER FRIEND

University of Chicago Professor Condemns and Disowns His Daughter for Marrying Divorced Husband of Woman Who Befriended Her.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CHICAGO, June 28.—Stung by what he terms "a daughter's perfidy," William Cleaver Wilkinson, professor of literature and criticism at the University of Chicago, and known the country over as the author of the "Chautauqua" series of textbooks, has disowned his daughter, Evelyn A., because of her marriage to Nathan W. Stowell, a Los Angeles millionaire. The action was due to the fact that Stowell, who is 52 years old, divorced his companion of years to marry the 22-year-old Evelyn. In a letter to the attorney for the former Mrs. Stowell the father poured out his feelings in this manner:

"You cannot imagine the depth of the darkness under which we are compelled to live the remainder of our life of sadness. We would infinitely have preferred laying her in the grave. If wide publicity in the papers will contribute to the vindication of the injured wife, we are willing to suffer it all."

Evelyn A. Wilkinson and Stowell were married at Plymouth Congregational church June 12. The parents were not present, but until last night the depth of their suffering and opposition was not known. Prof. and Mrs. Wilkinson mourn their daughter as if dead, and their sympathy has gone out to the wife they call loyal, to whom their daughter was a false friend. The story is told by her father as follows:

"When we were in Los Angeles with Evelyn we were called home suddenly and left her, as she had been ill. Mrs. Stowell came forward and out of goodness of her loyal heart invited my daughter to be her guest in her beautiful residence. As the invitation came from Mrs. Stowell, it was accepted. That was 14 months ago. For a month my daughter stayed under Mrs. Stowell's roof and partook of her most generous hospitality. Then she came back to us. Unbeknown to us, she received letters from Mr. Stowell. Then he went to El Paso to take up a pretended residence there, so as to be able to obtain a divorce."

MERGING TWO GREAT BANKS

Union National and N. Holmes & Sons Are Consolidated.

PAPERS ARE SIGNED

Election of Additional Directors, but No Change Is Proposed in the Management.

PROBABLE TERMS OF THE DEAL

The Union National bank and N. Holmes & Sons will be merged next Saturday and next Wednesday the Union National will remove from Fourth avenue and Market street, into the quarters occupied by N. Holmes & Sons, at Fourth avenue and Wood street. The papers were signed yesterday. Almost simultaneously the Union National bank declared a quarterly dividend of 10 per cent.

The merger is the only transaction of the kind ever consummated that was not preceded by some movement in the stock market foreshadowing the event. There is no capital stock of N. Holmes & Sons, it being a simple partnership, and there has never been any speculation in the stock of the Union National, which is very closely held by investors, and for which there has been a standing bid of $1,100 a share, par value $100.

Still Known as the Union.

The consolidated bank will retain the name and charter of the Union National Bank of Pittsburgh. The deal carries with it the ownership of the present site of N. Holmes & Sons, 44 feet on Wood street and 86 feet on Fourth avenue. The bank occupies one-half of the total area, but all the leases on the remainder expire on April 1, so that the probabilities are a handsome structre will be erected soon to accommodate the new bank.

At a meeting of the board of directors of the Union National bank yesterday Charles F. Dean, Nathaniel Holmes and J. D. Lyon were elected directors, being an addition to the present number of directors. Messrs Dean and Lyon and John R. McCune were then elected vice presidents. Mr. Dean, who has been cashier of the bank since 1888, continues in that position. Robert S. Smith will retain the presidency. Mr. Smith is also chairman of the Pittsburgh clearing house committee. The assistant cashiers will be E. M. Paden, W. T. Lyon and W. W. Bell, the latter having been with N. Holmes & Sons for over 30 years.

Terms of the Consolidation.

The terms of the consolidation are not made public, but it is understood that it involves an increase in the capital stock of the Union National of 1,500 shares. This new stock will be sold at a high premium, probably at $1,300 a share for the $100 par value shares, and the premium will be added to surplus. This will give the Union National a paid-up capital of $500,000 and surplus and undivided profits approximating $5,000,000.

The Union National bank is one of the oldest in the state. It had its origin in the Union Banking Company, organized in 1858, and Mr. Smith, its present president, was its first cashier, holding that position until 1888, when on the death of John R. McCune, the first president, Mr. Smith became the head of the institution. The bank has been one of the cleanest and most prosperous in the United States, and in addition to paying annual dividends at the rate of 20 per cent on its capital, it has steadily added to its surplus and undivided profits, until it has reached the rank of seventh in the national banking system of the country in the percentage of surplus and profits to capital.

One Result of the Merger.

At the date of its last report to the comptroller of the currency, on May 29 last, it had total resources of $8,410,000, and total deposits of $7,654,900. It is thought by local financiers that the consolidation will at least double present deposits, and the increase in capital and surplus will raise it to the rank of one of the largest banks in the city.

The private banking house of N. Holmes & Sons was established in 1822, and with one exception is the oldest private banking house in the United States. Its founder, Nathaniel Holmes, died in 1849. His successor to the head of the house was Nathaniel Holmes the second, who was one of the most prominent business men of the city, being one of the organizers of the city's first street railways. He was also one of the prime movers in the establishment of the Pittsburgh clearing house, and for more than 40 years the firm of N. Holmes & Sons has been the only private banking house with a membership in the association.

Change in the Holmes Concern.

Nathaniel Holmes II. died in 1896, and shortly thereafter his son, John G. Holmes, became the head of the firm, which position he held until his sudden death last year.

In 1900 the private banking firm of William R. Thompson & Co. was merged into N. Holmes & Sons, and in the same year J. D. Lyon, who had formerly been prominently connected with the merged firm, became a member.

It is probable that the death of John G. Holmes, leaving a vacancy in the firm, was influential in deciding the surviving partners, Nathaniel Holmes and J. D. Lyon, to consolidate with the Union National.

The retirement of N. Holmes & Sons leaves but one private banking house in Pittsburgh, and will remove one of the most honorable firm names in local financial history.

NEW DIRECTORS FOR EQUITABLE

First Step in Reorganization of the Society Is Taken by Its Trustees.

REPRESENT POLICY HOLDERS

[By Associated Press to The Gazette.]

NEW YORK, June 28.—Grover Cleveland, Morgan J. O'Brien and George Westinghouse, the trustees of the majority stock of the Equitable Life Assurance society, took the first step in the reorganization of the society today by accepting the resignations of all the directors who had tendered them, and in forwarding to the board of directors the names of nine prominent citizens, representing the interests of the stockholders, with the recommendation that they be at once elected. The recommendation of the trustees was immediately complied with, and the following gentlemen became members of the directorate:

E. B. Thomas, F. G. Bourne, J. E. Schmidlapp, Frederick Roebling, William Whitman, E. W. Bloomingdale, E. W. Robertson, Joseph Bryan and J. J. Albright.

Mr. Thomas is president of the Lehigh Valley Railroad Company; Mr. Bourne is one of the largest stockholders in the Singer Sewing Machine Company; Mr. Schmidlapp is a capitalist of Cincinnati; Mr. Roebling is a member of the famous family of bridge builders and lives at Trenton, N. J.; William Whitman is a paper manufacturer of Boston; E. W. Bloomingdale is one of the proprietors of a department store in this city; Mr. Robertson is a prominent South Carolinian whose name was presented to the Equitable trustees by the general agent and policy holders of that section of the country; Mr. Bryan is a capitalist of Richmond, Va., and Mr. Albright is one of Buffalo's best known financiers. The election of these men increases the board from 31 to 40 members.

All Resignations Accepted.

The board also accepted the resignations of all the directors who had resigned, with the exception of James B. Forgan, who withdrew his resignation which is held in abeyance. The other 21 directors whose resignations were accepted were:

Cornelius N. Bliss, George H. Squire, Charles S. Smith, Brayton Ives, M. E. Ingalls, A. J. Cassatt, E. H. Harriman, Jacob H. Schiff, James J. Hill, T. Jefferson Coolidge, John Jacob Astor, Marvin Hughitt, Henry C. Frick, M. Hartley Dodge, John A. Stewart, Alfred G. Vanderbilt, August Belmont, D. O. Mills, Robert T. Lincoln, John S. Sloane and Joseph T. Low. The names of President J. W. Alexander and Vice President James H. Hyde and Messrs. Tarbell, Wilson and McIntyre are not in the list of the resigned directors, they only having resigned as officers of the society.

The statement issued by the trustees is in part as follows:

Ask for Co-Operation.

The Equitable trustees today issued an appeal to policy holders, which is in part as follows:

To the Policy-holders of the Equitable Life Assurance Society:

Supplementary to the notice addressed by us to you on the 16th of the present month, inviting an expression of your preferences and asking your aid, not only in the election of directors in said society to be selected from your number at the annual meeting of the society in December, but also in our earlier recommendations to the board of directors of policy-holders to fill vacancies existing in said board, we now inform you that we have this day recommended certain persons from your body to fill a portion of these vacancies.

The reinforcement of the board without delay became imperative by reason of numerous resignations and the necessity of a working number of directors for the proper transaction of the society's business. More of these vacancies ought to be filled in the near future. Of course, it has thus far been impossible for us to communicate more directly than through the press with even a majority of the 600,000 policy-holders of the society, or to ascertain, to the extent desired, their preferences in the matter of filling these vacancies, but we hope we shall daily be better informed of their wishes in the premises. Those who are so situated that they can thus cooperate with us quickly would, by so doing, render a service to the society and to all the interests involved.

A Caustic Commentary.

The published reports of those who have investigated the past management of the society and the astounding revelations they bring to light have impressed us with the grave responsibility resting upon us to prevent, so far as it is in our power, a repetition of a scandalous and tragic chapter in the history of a great life insurance company. The lesson to be learned from the exposures made in these reports are that men who are more concerned in making money for themselves than in discharging a sacred trust should not have control of a life insurance company, and that in the investment of life insurance funds safety rather than large profits should be the rule.

We feel like saying to you that, notwithstanding the afflictions of the Equitable society, its resources, assets and surplus are too great and reforms in its management are too promising to admit of doubt or misgiving on your part concerning the safety of your policy investments.

During the short period that will probably elapse before all the existing vacancies in the board of directors will be filled, and the longer time that must elapse before the annual election of directors in December, when our voting power as trustees of a majority of the society's stock can be exercised we again bespeak your sensible and independent aid, uninfluenced by insidious and suspicious influences, and in return we pledge ourselves that so far as it is given to us to see our way, the conduct of our trust shall be actuated solely by a desire to secure and conserve your interests and promote the safety and success of the great life insurance organization of which you and your families are promised beneficiaries.

MARRIES LIFE GUARDS OFFICER

Mrs. Frederick Guest, Who Was Miss Amy Phipps.

LONDON, June 28.—Miss Amy Phipps, eldest daughter of Henry Phipps of Pittsburgh, was married this afternoon in St. George's church, Hanover Square, to Captain the Honorable Frederick Guest of the First Life Guards, son of Lord Wimborne.

The archdeacon of London, the venerable William MacDonald Sinclair, and the rector of St. George's church officiated. Mr. Phipps gave away the bride, who was attended by two train bearers and eight bridesmaids. They were Lady Mary Bowes-Lyon, the Honorable Gweneth Ponsonby, Miss Louise Wood of Pittsburgh, Miss Margaretta MacVeagh of Philadelphia, Miss Irene Catlin of St. Louis, Miss Hetty Davenport and Miss Gwendoline Burden of New York and Miss Jean Reid, daughter of Ambassador Reid.

KISER SMASHES WORLD'S RECORDS

Continued from First Page.

but the lack of adequate transportation facilities across to the island from the Allegheny side was a decided drawback. The electric ferry was overworked, and crowds lined the bank on the Allegheny side waiting to get across. A number of persons feared that the ferry was unsafe because it took a little water after several trips, but the officials say that it is absolutely safe and will not be allowed to carry an overload.

It was the intention of President Bennett of the Matinee club, which has the track under lease, to put on steamboats from the city, but the wickets are down at Davis island dam. Today three additional ferries will be used in connection with the electric one, and this drawback to one of the greatest motor meets Pittsburgh will ever see will be removed.

The crowds started early. Many came in automobiles. Pretty women in fetching motoring habits were everywhere. The grandstand expressed the latest conceits in millinery and costumes in the mode.

Major Miller Enters Protest.

Chief interest centered in the National championship event which was No. 3 on the card. In addition to scoring points for the $2,000 trophy there was a first prize of $150 and a second one of $60. There were five entries, but the Red Bird did not get out of the shop at Lansing, Mich., and the Pope-Toledo racer and its driver, Charles Soules, did not arrive at the track until just before the seventh event was called. This left the 90-horsepower Fiat, the 60-horsepower Green Dragon, and the 80-horsepower Winton Bullet No. 2 to face the starter.

The race was productive of sensation after sensation. Kiser and Oldfield got their heads together and asked that instead of a rolling start as originally programed the cars should be started from opposite sides of the track, the decision first having been made by the officials that only two of the cars should race at a time and the winner of the first heat go against the third car in a final. What Kiser and Oldfield wanted was that one of the cars be started at the half mile pole and the other in front of the judges' stand, and the contestants separately timed.

Some of the officials, notably W. C. Temple, referee, was in favor of the plan, fearing the intensity of the rivalry between Kiser and Oldfield on the one hand and Chevrolet on the other might lead these reckless drivers to go beyond all bounds. Major Miller was furious. "They are trying to out-team my man" said he. "I can easily take my car from the track. I have come all the way from New York to race and want nothing but what is fair and ask that the race be run just as it was originally programed."

Bullet Jumps Into Lead.

Major Miller was called to the judges' stand and officials were also sent to talk the situation over with Oldfield and Kiser. It was said that both believed that the Frenchman could beat them getting away, and that they would be handicapped by the dust around the turns. It was finally decided to start at the half-mile pole and come to the wire together for the word.

Chevrolet and Kiser went to the start, and with the latter at the pole they came for the word. There was a roar in the grandstand. "There they come! There they come! Sit down!" The Bullet jumped into the lead and was 15 lengths to the good at the first mile, but the spectators expected it to come back. Instead it increased its lead, and came under the wire one-fourth of a mile to the good. The time was a new mark—4:44 2-5—an average of :56 4-5. Major Miller said that the flywheel of the Fiat was bent on the ferry, and his car could not do its best.

After the fifth event Kiser and Oldfield had their heat for the national championship. When called Oldfield asked for a few minutes' delay to let the far turn dry out, as the watering cart had been too busy there. Kiser again had the pole, but Oldfield passed him going around the first turn. At the three-eighths pole Kiser suddenly pulled; his car had broken down and he was out of the race. Oldfield completed the five miles in 4:50 2-5.

Major Miller then said that he would protest the race to the American Automobile association on the grounds that the Green Dragon had no reverse gear and was not eligible. The rules of the association, as amended June 1, 1905, call for differential and reverse gears. Major Miller said that he did not know whether the Bullet had a reverse gear or not, but it did not make any difference, as it did not win. Said Major Miller: "Why, Oldfield protested me at Chicago because I was a day late with my entry, and that after the club accepted it."

Reckless Barney Oldfield.

Oldfield having beaten Kiser, who had won from Chevrolet, gets 4 points on the championship, Kiser 2 points and Chevrolet 2 points. This gives the latter 17 points in the series and Oldfield 8.

In the free-for-all Oldfield and Chevrolet were brought together at 10 miles. Kiser's car could not be fixed up in time and the Pope-Toledo racer had not yet arrived at the track. They started from the half again with the Frenchman at the pole. At the quarter Barney took the pole and gave Chevrolet a ride through the dust that hid the racer in its enveloping folds around the turns. [illegible] instinct [illegible] guided the fearless driver. Barney increased his lead from 10 lengths at the end of the first mile to an eighth of a mile at the end of the fourth.

At the bend into the stretch, at the end of the fifth mile the Frenchman was seen to creep up on his opponent and took the pole away from the American, rounding the first turn of the sixth mile. He increased his lead and made it three-quarters of a mile at the end of 10 miles. When they passed the stand the seventh time it was seen that old Green Dragon's right hind wheel had lost its rubber tire.

With a fearless recklessness which had the spectators gasping, he finished the race, when any moment it might be expected that he would be dashed to death under the debris of a smashed car. The time for the 10 miles was 10 minutes flat. Maj. Miller said the car had never been fully extended. It had never been tried on the fourth gear, as all they dared to do was to put it on the third one.

Fun in the Cupid Race.

The free-for-all was thus won by an Italian car, driven by a Frenchman and owned by an American. F. I. A. T. are the initial letters which stand for Fabrica Italiana di Automobili Torino.

The fun for the afternoon was created by the Cupid race at five miles and won by W. C. Temple's car, driven by his chauffeur, Lester Wilson. Ladies were distributed at each eight pole, and the contest was to take one up at the end of each mile. T. McNally's car, driven by E. Haus, was second, and D. P. Collins, with Arthur Banker's car was third. The other competing cars were those of R. M. Gulick and Gordon Montgomery.

As there were not enough ladies who had arranged to take part in the cupid race the grandstand was called upon for volunteers. It quickly responded. The ladies who took part were: Mrs. Lester Wilson, Miss Pauline McNally, Miss Helen Sailor, Miss Beatrice Laufman, Miss Edith Lang, Miss Edith Hurst, Miss M. Kelly, Mrs. A. Rook Carroll, Miss Grace, Mrs. F. D. Hodil, Miss Bertha Ball, Miss Murray, Miss H. Whitehouse and Miss Brown.

An exhibition mile in a baby electric driven by Master Sellers McNally, who had as passenger little Mistress Martha Banker, caught the big crowd and the ladies especially were generous in encouraging applause. The electric was of only ½-horsepower, but was nothing daunted in showing what it could do for a mile.

Much was expected from President G. E. Turner's car, but the new set of valves sent from the factory could not be made to fit and he had to pull up in the events in which he was entered.

Repairing the Bullet.

The Winton Bullet was taken to the shop of the Standard Automobile Company last night and will come out of it ready to face the starter today. A man was put on the train last night with the broken part and he will be here in time to put it in place.

This will be the big day. Chevrolet will come to the post in the 10-mile national championship race, as well as in the free-for-all. Barney Oldfield and Earl Kiser will also be in these races, and the greatest contest in track events will keep what promises to be a bigger crowd than yesterday on tiptoe from start to finish.

CANAL FACTIONS DELAY THE WORK

The Controversy Is Over the Advisability of Sea Level or Lock Waterway.

WHY WALLACE RESIGNED

The Pittsburgh Gazette Bureau
Room 10, Postal Building.
Washington, D. C., June 28, 1905.

It has developed that the reason for the resignation of John F. Wallace as chief engineer of the Panama canal, lies in a controversy as to the advisability of a sea level or a lock canal. A factional fight has broken out in the canal commission over this question which threatens to impair the efficiency of the organization and delay the real work of digging the canal.

Each faction is striving to win from the board of consulting engineers, which meets here in September, such an indorsement of this faction's position as shall discredit the other. Nasty gossip as to transcontinental railroad influence is in circulation. Members of the commission have expressed their firm conviction that the policy of Chairman Theodore Shonts, if carried out, would be playing into transcontinental railroad hands by delaying indefinitely the canal's completion. It matters little if this criticism is entirely without foundation. Its evil influence on the work of digging the big ditch is at once apparent.

Wallace's Withdrawal Not Surprising.

It is not surprising that John F. Wallace entangled in this fight got out. There were added circumstances of a $60,000 salary for congenial work at home and his wife was panic-stricken, it is understood, at the development of yellow fever on the isthmus.

The question of a sea level or lock canal has come to be almost as troublesome as the old Panama-Nicaragua controversy. The four powerless commissioners, Rear Admiral Endicott, Gen. Haines, Col. Ernst and Benjamin M. Harrod advocate lock construction, as does ex-Commissioner Admiral Walker. Theodore P. Shonts, who has Judge Magoon and the commission's chief engineer for colleagues on the executive committee, which enjoys all the real power between the quarterly meetings of the full commission, has talked sea level canal since his appointment. Wallace made one report which simply begged the question. More extended investigation tended to convert him to the lock plan, and meanwhile the four helpless commissioners who are powerless except at quarterly meetings, and whose presence had been pretty much ignored by Chairman Shonts, combined to vote against the three executives in an effort to assert themselves.

Defeated Shonts' Plan.

They defeated a plan of Shonts' to further subordinate them. Then they began a quiet canvass to work up lock canal sentiment among members of the consulting board, on which are British, German, French and other foreign members. Shonts, finding trouble ahead, had a disagreement with Wallace first, for deserting him and coming to the position of the four in approval of a lock canal. This row between Wallace and Shonts was at its climax when the former resigned. Shonts now wants an engineer who will stand with him for a lock canal, and he is beginning missionary work on his own account on the consulting board. For if the September meeting had found Shonts standing practically alone for a lock canal, with members of the commission, its chief engineer and the consulting experts of the world, lined up on the other side, the chairman would have been badly discredited.

Judge Magoon's Position.

Judge Magoon, while acting generally with the triumvirate, has apparently kept pretty clear of the tangle that has put all canal administration and work at sixes and sevens. He continues to sanitate and administer the canal strip.

President Roosevelt has already once reorganized the canal commission, throwing out all the old members. He tried to get along with three men, but the law required seven, so he remodeled the commission's whole organization by executive order. But he is now confronted with more troubles and dissensions than bothered the old board, the main difficulty being that the president can get no more dirt dug with his commission than he could with the one he discharged. And digging dirt is, after all, the real purpose of this canal commission. It is estimated that excavation conducted at the present rate would complete the canal in just a century.

RUSSIAN ADMIRALTY IS IN A STATE OF PANIC

Faces the Possibility That the Sailors of Admiral Kruger's Fleet May Join the Mutineers.

[Associated Press Cable to The Gazette.]

ST. PETERSBURG, June 28.—At the news that the standard of open rebellion is floating on board one of the emperor's battleships in the harbor of Odessa, and that with shotted guns the mutinous crew headed by eight officers is holding the ship against all comers, the authorities are in almost a state of panic, and at the admiralty consternation reigns. Admiral Wirinus, chief of the general staff of the navy, tonight frankly confessed the situation was very grave.

The Black Sea squadron, which left Sebastopol Tuesday under command of Vice Admiral Kruger, was due to arrive at Odessa last night, and a battle with the mutineers may occur at any moment.

The Kniaz Potemkine is a more powerful ship than any in Kruger's squadron, and the gravity of the situation is increased by the fact that the city is practically in the possession of the strikers who, already encouraged to open resistance by the mutiny of the sailors, are erecting barricades and fighting the police and the troops in the streets.

The body of Omilchuk, lying exposed on the quay in view of thousands, and the story of his cruel death evidently fired the imaginations of the workmen, who in Odessa are of a particularly turbulent character, especially the dock and wharf men. Should the sailors of Kruger's ships join the mutineers, the government would have to face open revolution, which would spread like wildfire to other towns in the Black Sea littoral.

Ever since the war started, ugly reports about the crews of the Black sea fleet have been current. Men have been shot and even officers court-martialed for disobedience, and yesterday at Sebastopol 12 sailors were condemned to three years' imprisonment for mutiny.

No better evidence of the spirit of the crews is needed than an official announcement made by the admiralty yesterday that Admiral Nebogatoff and the other officers who surrendered in the Sea of Japan would have to stand trial by court-martial upon their return. Practically all of the crews of the vessels which surrendered came from the Black sea.

The fact that Odessa is not a fortified port explains why the Kniaz Potemkine is able to lie in the harbor unmolested.

The authorities are endeavoring to keep the news from the public. All press dispatches have been stopped, and the newspapers have been forbidden to mention the mutiny, yet in St. Petersburg the news was known in all the cafes at midnight.

CORNELL AGAIN ROWING LEADER

Ithacans Capture Varsity and Freshmen Races—Syracuse Takes Four-Oar Event.

BIG RACE A PROCESSION

[By Associated Press to The Gazette.]

POUGHKEEPSIE, June 28.—The sturdy sons of Cornell won two of the three events at the tenth annual regatta of the intercollegiate rowing association here today and are now acknowledged as the rulers of the water in intercollegiate athletics. Honors went to Syracuse, too, for she not only beat the Cornellians in the four-oared varsity race by a half length, but succeeded in hanging up a new record for this event.

The four-oared event, the first contest of the day, proved the most exciting. At the end of a mile and a quarter Cornell had a commanding lead of two lengths. Then the Syracuse men began to bend to their oars in earnest and rapidly cut down the lead of the Ithaca boat. One hundred yards from the finish they were on even terms with Cornell. The latter weakened in the final strokes, and it was Syracuse's race. While the Syracuse men were yet cheering over their victory, the signals on the bridge, consisting of the colors of the various colleges, read that Cornell had won and that Syracuse was fourth. Then the flags were changed to read that Syracuse was the victor with Cornell second. There came another change making Cornell the winner with Syracuse second. These flags were left standing until the next race. It was not until the spectators got back to Poughkeepsie that they learned that Syracuse had really won, which was the way it looked from the observation train.

Summing it all up Cornell made a superb showing. Her victory in the varsity was the greatest in the history of this annual function on the Hudson. As predicted by all the rowing sharps, Syracuse was Cornell's real rival, and she fell far below the expectations of her supporters in the varsity and freshman contests. Georgetown made a great showing in the only race in which she engaged, the varsity contest, for Syracuse had to do her best to beat her out for second place. Columbia made a fair showing in the varsity and freshman races, but did miserably in the four-oared event. Pennsylvania and Wisconsin made a very poor showing.

The varsity race was the feature of the day. Cornell, never pressed after the first quarter mile had been covered, rowed across the finish line a dozen lengths or more in front of the crew from Syracuse, which surprised the aquatic world by winning this event last year. Thoroughly beaten, but struggling to the last limit of endurance for the honors of third place, Georgetown and Columbia swept by the judges' boat almost together, Georgetown having the slightest of advantage. Back in the ruck came Pennsylvania, and last of all finished Wisconsin, whose chances had been favorably considered by the rowing experts.

Cornell won the freshman race for eight-oared shells almost as easily, again having Syracuse as her nearest competitor. The order of the finish in last year's freshman race was just the reverse, Syracuse having won and having been considered a strong factor in today's two-mile sprint.

In the four-oared 'varsity race Syracuse won, with Cornell second, Cornell and Syracuse thus almost evenly dividing the honors of the day, the former getting two firsts and a second and the latter one first and two seconds. Wisconsin furnished a big surprise by finishing last. Summaries:

Four-oared 'varsity race, without coxswains, two miles, for the Kennedy challenge cup, presented in 1899 by Davidson Kennedy of Pennsylvania—Syracuse first, time, 10:15 2-5; Cornell second, time, 10:17 2-5; Pennsylvania third, time, 10:22 2-5; Columbia fourth, time, 10:42; Wisconsin fifth, time, 10:55.

Freshman eight-oared shells, two miles, for the Stewards' cup, presented in 1900 by Francis S. Bangs, Columbia—Cornell first, time 9:25 2-5; Syracuse second, time, 9:49; Columbia third, time, 9:53; Pennsylvania fourth, time, 9:58 4-5.

University eight-oared shells, four miles, for the 'Varsity challenge cup, presented in 1898 by Dr. Louis L. Seaman, Cornell—Cornell first, time, 20:29 2-5; Syracuse second, time, 21:47 2-5; Georgetown third, time, 21:49; Columbia fourth, time, 21:53 4-5; Pennsylvania fifth, time, 21:59 4-5; Wisconsin sixth, time, 22:06 1-5.

FIRST BLOOD FOR HARVARD.

Crimson Crews Win Two Preliminary Events—Yale Favorite for Varsity Race.

GALES FERRY, CONN., June 28.—Harvard won the first honors in the Thames river racing by defeating Yale today, in an impromptu match of freshman substitute four-oared crews. The race was for one mile, and Harvard led at the finish by two lengths of clear water, covering the mile in 5:33.

At the conclusion of the Freshman substitute race a race of gentlemen's eights was arranged and Harvard was again the winner, covering the half mile course in 2:33 and finishing three feet ahead of the Yale boat.

Every oarsman at Gales Ferry who will take part in the races on the Thames tomorrow retired at an early hour tonight and all at the last moment were reported "fit" for their respective struggles. Yale's varsity still holds up as a favorite in the betting. The odds having advanced several points today in the Elis favor, Harvard asking two to one, and very little money in sight at that. The Harvard freshmen are, on the other hand, looked upon as sure winners and even wagers are frequently made with the New Haven sports who also have confidence in their youngsters. The varsity four event is slightly in Harvard's favor, but bets are also even when it comes to putting up the coin.

The four-oared and freshman races will be rowed in the morning and the varsity race at 4:30 in the afternoon.

MRS. KATE EDWARDS IS DOOMED TO BE HANGED

Board of Pardons Refuses to Grant Commutation of Death Penalty for Murderess.

[By Private Wire to The Gazette.]

[By Private Wire to The Gazette.]

HARRISBURG, June 28.—Mrs. Kate Edwards, the Berks county murderess, was refused a commutation of her death sentence to life imprisonment today by the state board of pardons. This is the third time the board has refused to commute the sentence of Mrs. Edwards, whose case has been before the board since May 10, 1902. There is no appeal from the decision of the board, and the woman will have to be hanged. The date of her execution will be fixed later by Governor Pennypacker.

Pardon was recommended for Ferdinand Rhode of Allegheny county, serving three years at Riverside for attempted felony.

Pardons were refused Lewis Americus, Harry Americus and David Ross, Allegheny, voluntary manslaughter, and Edward Nagle, Washinton, larceny by clerk. The case of John Bishop of Allegheny, felonious assault and battery, was also continued.

WILL MEET IN CONVENTION.

Democrats Will Call State Delegates Together to Nominate Candidate for Supreme Judge.

HARRISBURG, June 28.—(Special.)—The Democratic state committee today refused to adopt a resolution that it was the sense of the committee that the state convention, which will be held in Harrisburg on August 16, for the nomination of a candidate for judge of the supreme court, should nominate Judge John Stewart of Chambersburg the Republican nominee.

The resolution was offered by Bernard J. Clark of Blair county and was opposed by William J. Brennen of Allegheny county.

The purpose of the meeting of the committee at which there was a small attendance, was to fix the date for reconvening the recent state convention for the nomination of a candidate for supreme court judge. A motion for Friday, August 16, was offered by Mr. Brennen, and was seconded by Charles P. Donnelly of Philadelphia and D. F. Magee of Lancaster.

PRESIDENT TALKS ON LOFTY IDEALS

Speaks on the Mission of Harvard College and Makes Some Telling Points.

HAS CONFERENCE WITH TAFT

[By Associated Press to The Gazette.]

CAMBRIDGE, MASS., June 28.—Although nominally celebrating with his classmates the 25th anniversary of the class of '80 from Harvard university, President Roosevelt was today the honored guest of America's most ancient seat of learning.

Following the commencement exercises, the president made three public addresses. The speech in Memorial hall, which was a general discussion of the mission of the college, evoked the greatest enthusiasm.

Of the cynical contempt of the man of wealth for those prohibitions of law which by hired cunning he can escape or evade, the president denounces such as a menace to any community, adding that "the community is not to be excused if it does not develop a spirit which actively frowns on and discountenances him. The great profession of the law should be that whose members ought to take the lead in the creation of just such a spirit."

The president hit at a certain class of citizens a slap when, in the conclusion of his address, he says:

"There can be nothing worse for the community than to have the men who profess lofty ideals show themselves so foolish, so narrow, so impracticable, as to cut themselves off from communion with the men who are actually able to do the work of governing, the work of business, the work of the professions. It is a sad and evil thing if the men with a moral sense group themselves as impractical zealots, while the men of action gradually grow to discard and laugh at all moral sense as an evidence of impractical weakness."

LEGISLATURE IS ABOVE REPROACH

So Says Alexander Simpson in Replying to President Niles of the Bar Association.

HAS KNOWN IT FOR 20 YEARS

SPECIAL TELEGRAM FROM
JEROME J. NORDMAN, Staff Correspondent.

BEDFORD, PA., June 28.—The only ripple in the routine deliberations of the State Bar association today came this morning when Alexander Simpson, Jr., of Philadelphia, chairman of the law reform committee, attacked and opposed the speech of President Niles, who yesterday denounced the recent legislature. Mr. Simpson's speech, which was delivered in the presence of Gov. Pennypacker, commanded marked attention and prolonged applause followed its conclusion. He said in part:

"I have attended the legislature for the last 10 years as chairman of the law reform committee and for 10 years previous to that, on behalf of the Law association of Philadelphia.

Instead of it being true that members of the legislature are under control and must wait for orders how to vote, I know them to be men of decided individuality. I have always found, both committees and the united body, to be courteous, fair and just.

I say this more because of what Mr. Niles said yesterday. You know that in political matters, political men deal in a political way. And that in all things unity is necessary for achievement.

Looks Out for the People.

"If there is any other body of men more courteous, polite and carefully considerate of the needs of the people than I have found the Pennsylvania legislature to be for the past 20 years, I do not know where to find them, nor do I want to waste time looking for them."

After voting favorably on the recommendation of the law reform committee to secure an act establishing a uniform fee of $2 a day, $2 a night and transportation for witnesses, the matter was reconsidered and general debate ensued. The bill was attacked on all sides as to construction and title, while some speakers held that it would place justice and equity above reach of poor litigants and that the present law provided for a fee upon demand.

Among Pittsburghers who opposed the proposed act were J. T. McGirr, J. M. Shields and Judge John D. Shafer and Paul H. Gaither of Greensburg; while Thomas S. Brown voted for it. A motion to recommit the act to the committee prevailed by the narrow majority of one vote.

The remainder of the morning was given to a discussion of proposed changes in land title registration, while J. McF. Carpenter of Pittsburgh was appointed chairman of a committee of three to reconsider a proposed act placing exclusive jurisdiction in the matter of lunatics and drunkards in the orphans' court.

Pittsburgh in the Lead.

Pittsburghers are not permitting the heavy deliberation of the convention to interfere with their pleasure, and have attained special distinction on the field of competition. Judge Miller, closely followed by Judge Frazer, won the state judicial pool contest last night, while Judge Macfarlane led an expedition up the mountain top this morning.

This evening Judge Robert Ralston of Philadelphia, who recently enjoined Mayor Weaver from removing department heads and who was reversed by the supreme court, delivered an address entitled "Some Remarks Upon Charging the Jury in a Trial for Murder."

The paper tended to show that the definition of murder is meaningless itself, that malice is a technical term and murder can be accomplished without malice under certain conditions. The speaker cited many authorities and interesting cases.

Not Enough Courts.

Ira J. Williams of Philadelphia followed with a paper on "Justice Without Delay." He reviewed and deplored the many delays in bringing cases before the court and suggested the application of a system now in vogue in Cuyahoga county, O., where an assignment clerk prepares the business of the courts and assigns cases to the first vacant court some where, when they must be disposed of. He touched on the question of creating new courts for Allegheny county, and in this connection said:

"Whether there are enough courts or judges in Philadelphia and Allegheny counties is a question. A skimping policy seems short-sighted. No civilization is worthy of the name in which grievances and disputes are not speedily and intelligently decided. Those who object to keeping pace with the population because of the expense attached, are in reality advocating an economic expense at an injury to business, deterioration in quality of justice resulting from overworked courts, and loss of time of witnesses and litigants far surpasses the cost of additional courts."

Among nominations to be made tomorrow night, Judge R. S. Frazer will be named as a vice president and J. M. Swearingen and Thomas S. Brown as members of the executive committee.

BOTTLE MAKERS UNITE.

New Organization Is Formed by 21 Manufacturers Controlling About Half of Flint Capacity.

At a meeting at the Hotel Schenley yesterday a new organization of flint glass bottle manufacturers was formed. The name chosen was "The Bottle Manufacturers' Association of the United States and Canada."

The association comprises 21 concerns of importance and will control practically one-half of the flint bottle production. The officers chosen are: President, George W. Yost, Bellaire, O.; secretary, George Heggett, Winchester, Ind.; treasurer, F. J. Park, Wheeling, W. Va.

The wage committee of the new association will meet July 28 at Atlantic City to prepare for the coming conference with the blowers. The next meeting of the association will be held at Indianapolis late in July.

GREAT SUM PAID OUT ON ACCOUNT OF MENTOR WRECK

CHICAGO, June 28.—As the result of the wreck of the Twentieth Century Limited at Mentor, O., two insurance companies disbursed to heirs of the dead $266,000 yesterday and today. Of this, $100,000 was paid on life policies and $166,000 on accident policies. This brings the total up to nearly $1,000,000.

Entertains Board of Managers.

Mrs. William Alexander entertained the women of the board of managers of the Presbyterian hospital yesterday at her home, Locust Knoll, Hulton Station, Oakmont. It was a midday affair, the women going out for luncheon. The tables were placed on the lawn in the shade of the trees. Covers were laid for 14. The guests remained throughout the afternoon.

DELIGHTFUL DAY FOR HIBERNIANS

Western Pennsylvania Reunion Draws Over 15,000 People to Calhoun Park.

WINNERS OF ATHLETIC EVENTS

With the music of Ireland's national airs floating through the woods, the members of the Ancient Order of Hibernians and their friends, spent a happy day at Calhoun park yesterday. It was the reunion of members of the order throughout Western Pennsylvania, and it is estimated that during the afternoon and evening over 15,000 people visited the park. The reunion was specially significant, as it is the first time for many years that all the Hibernians were gathered together under the head of one great organization.

The dancing pavilion was crowded all day, and last night it was almost impossible to set foot on the dancing floor. While the young people were enjoying themselves, the older folk were having the time of their lives. When Michael McGrath struck up "Wearin' of the Green," the old folks gathered on the music pavilion. L. McCue showed the signs of age, but when the people saw him make his feet go there was a roar of approval. He easily took the first prize in the jig contest. F. Regan did a hornpipe dance with such agility that awarding him the prize was as easy matter. Michael McCullough's version of the old reel was a wonder, and when he stepped out of the circle the spectators were so delighted that they wanted him to continue.

The program of athletic events was too long and darkness overtook the contestants, but the events carried through were very good. In the 100-yard dash William Casey won the first and J. J. Dillon the second prize. James Finnerty threw the 56-pound weight the farthest and took the first prize, while John Walsh won the second. R. J. Butler, in the 100-yard fat men's race, took first and H. J. J. Gibbons the second prize. In the fourth event, a running long jump, J. J. Murray won the first and John Fitzmaurice the second prize. In the 100-yard presidents' race J. J. Gibbon finished first and Frank Feehan second. James Finnerty won the first prize in the hop, step and jump and John Enright the second prize. J. J. Dillon was first in the 100-yard hurdle race and William Casey second. In the tug of war between the young women and the bachelors, the bachelors were easy, and were outpulled in short order. But the bachelors who took part in the second tug of war for the $200 silver cup put up by John Newell, showed a different kind of muscle. The tug was a most strenuous one, as the winners have to win the tug three times in succession in order to claim the cup as their property. The winners of this event will be announced later. The division winning the greatest number of events will receive a $25 silk flag. This will also be announced later.

Speeches were made by C. C. Donovan, state president, Scranton; Attorney John M. Haverty, M. J. Gaughan, the Rev. Maurice McCarthy, county chaplain; James E. Dolan, national president; the Rev. John Price, M. F. Wilhere, former national president; James O'Sullivan, national vice president; the Rev. J. F. Fielding, state chaplain; Attorney William J. Brennen, F. O. Perkins, P. J. Haltigan, James T. Carroll, national secretary; J. P. Gibbons, state secretary; L. P. Horan, state treasurer; T. F. Sullivan, state vice president and M. O'Malley, who made a short address in Gaelic.

DIVES FROM SPRING BOARD; BODY DOES NOT COME UP

Richard Bright Finds Grave in Allegheny River—Moore to Inspect Bathing Places.

Richard Bright, aged 10, of McCandless avenue and Wickliff street, was drowned yesterday, while bathing in the Allegheny river at the foot of Fifty-second street. The boy dived from a spring-board into about eight feet of water, thinking there was but four feet under the board. Several men dived and rescued Bright's body, but he was dead when brought out of the water.

This afternoon Director Moore of the department of public safety, and Police Supt. Wallace with the five inspectors, will inspect the various swimming pools in the city. They will go in a steam launch, and it is probable will make some changes in the location of the pools.

W. W. Darr, aged 22, of 114 West North avenue, Allegheny, died last night while being taken to the Allegheny General hospital from injuries received by being struck by a train on the Pittsburgh, Ft. Wayne & Chicago railroad, at the Pennsylvania avenue crossing, Allegheny, at 7 o'clock.

Benjamin Shider, aged 50, a stonemason of Coraopolis, yesterday committed suicide by shooting himself in the lumber yard of H. C. Boyd of that place. It is alleged Shider had been despondent.

Andrew Lish, aged 38, of Tarentum, died yesterday at the Allegheny General hospital from injuries received Sunday by being run down by an automobile at that place. The machine was owned by a resident of Sewickley.

CLOSE PLANTS TOMORROW.

Window Glass Unions Have Reached a Harmonious Agreement and Will Unite.

Every window glass factory in the country except those of the American company operated by machines, will close tomorrow, it is expected, as the result of an agreement made yesterday between the two organizations of window glass workers.

President Simon Burns of L. A. 300, Knights of Labor, and President A. L. Faulkner of the new organization, have reached an agreement which makes it appear certain the two unions will be amalgamated at the coming joint convention in Cleveland July 11.

Is Probably Fatally Burned.

As the result of burns received yesterday Marguerite Stelacheck, the 8-year-old daughter of John Stelacheck, is believed to be dying. While a neighbor was burning rubbish the child drew a lighted piece of newspaper from the bonfire and her dress was ignited.

George S. Garritt Made Manager of Sales of National Tube Company at San Francisco.

George S. Garritt, assistant general manager of sales of the National Tube Company, has been promoted to manager of sales at the company's San Francisco office and has taken charge of his new duties. He succeeds C. M. Woods, resigned.

Mr. Garritt started in the tube business in the Boston office of the old National Tube works. He came to Pittsburgh about 10 years ago to enter the Pittsburgh sales office and upon the formation of the National Tube Company was appointed to the position in the general offices. He is widely acquainted here and has an unusual number of close friends.

D. H. Ramsbottom, who has been chief of the audit department at the general offices, is made assistant to the general manager of sales. J. A. Caughey, chief of the audit department at the McKeesport plant, is promoted to succeed Mr. Ramsbottom.

Park Policeman Is Dismissed.

At a meeting of the police trial board yesterday Stephen Loughrey, a park policeman, was dismissed from the service on a charge of conduct unbecoming an officer. The case of Harry Perry was brought before the board. Director Moore thought Perry was too old for the service. Superintendent Wallace objected as Perry had served 30 years on the force. Perry will be stationed as a park policeman.

What Hanan Shoes Are Really Worth

IT is an insult to the intelligence for a manufacturer to claim that a certain shoe is "better than all others," or to assert that "this $3.50 Shoe is as good as any $10 or $12 shoe."

You know better.

Hanan Shoes sell for $5.00 to $7.00. They are worth every cent of it and not a penny more.

We cannot make a better shoe for the price or as good a shoe for a cent less.

No one can.

But anyone can make as good a shoe for the same price if they are as careful in every process, if they use the same select materials, if they employ the same high priced workmen, and if they adopt the same expensive quality-assuring methods that we employ.

If, in addition, they have the Hanan experience—52 years of shoe building.

You may have paid fancy prices for shoes no better than a Hanan.

But they were not worth a cent more than the Hanan Shoe.

The A-1 Malta
This is the stylish, narrow toe which is being selected by our best dressers this summer. It will be found comfortable and easy to wear, for it is a foot-form shoe in the truest sense—modeled from the human foot.

How Not to Wear Glasses.

That seems a singular head for a spectacle notice, but there's nothing singular about it after all.

To begin with, many people, mostly those who are converging toward middle age, dislike to acknowledge the encroachment of time by wearing glasses. Others, again, don't like to wear glasses, fearing they are not becoming. Some take the stand that to wear glasses once is to wear them always.

For our part, and we speak from experience, we are of the opinion that the best way to guard against wearing glasses permanently is to wear them temporarily when necessary. If the eyes are tired, rest them with glasses. If you use the eyes overly much at night, glasses will save the eyes. This temporary use of glasses wards off the time when they will have to be adopted permanently for failing sight, by keeping the eyes in condition.

An expert optician in the department who is ready and willing to give you the benefit of his opinion—and without cost.

If you decide to buy a pair of glasses you will find our prices much lower than the average, even though we are a bit particular about fitting them.

$4.00 Colored Umbrellas, $2.75.

Solid color umbrellas in navy, royal, wine, garnet and green. Silk umbrellas of a fine grade of peau de soie with tape edge. Full size colored umbrellas, 26 inches, with best natural handles. Complete with case and tassel.

Such an umbrella as you would not be ashamed to carry anywhere—a protection against the sun, and equally good for the sudden shower, being impervious to water, dyed in fast colors.

At the same price a lot of silk taffeta umbrellas with contrasting borders.

Redfern Corset Styles.

Just a Brief Synopsis of Their Merits.

Shapes for each and every type of figure.
Fabrics combining daintiness and durability.
Most careful workmanship.
Filling of genuine Greenland whalebone.
Guaranteed hose supporters with the famous security rubber buttons.

What other corset on the market has so many virtues combined?

As a rule the corset which is noted for daintiness is not durable, and the durable corset is far from dainty. The Redfern corset combines both these points.

Few of the modern corsets are filled with whalebone, as whalebone is not only scarce, but high in price. But the Redfern corsets are filled with genuine whalebone. And whalebone gives shapes to a corset as does no other material.

Prices, $3.00 to $5.00.

Arnold Knit Night Drawers for Children.

These are an ideal Summer sleeping garment. They come with or without feet.

You'll wonder why you never had these garments for your children before when you see them. They are so light, porous and absorbent—it's all in the fabric, the Arnold fabric.

The seams are all shielded and the garments have no rough edges or harsh fabric to irritate sensitive skin. The wise mother puts the Arnold sleeping garments on her child, then she herself retires, knowing it is fully protected against any sudden change in temperature during the night.

Sizes 2, 4, 6, 8 and 10 years.
Price $1.00 and upward.

SOMETHING NEW! "WORD HUNT"
$50.00 IN PRIZES
For Four Words Selected From
NEXT SUNDAY'S GAZETTE

Rules and Conditions of the "Word Hunt."

The hunt consists of selecting four words from the advertisements appearing in next Sunday's issue of The Pittsburgh Gazette.

In selecting such words you are **privileged to use each letter of the alphabet four times, but not more.**

Each letter of the alphabet has a value in points, according to its location in the alphabet. For example, A is one point; B, two points; C, three points, etc. This would make the letter Z count twenty-six points.

The persons selecting the four words aggregating the greatest number of points (on the basis described above) will receive the prizes. We give below examples to demonstrate the difference in value of words. Take the word "Furniture."

6—21—18—14—9—20—21—18—5
F—U—R—N—I—T—U—R—E

It contains nine letters and represents 132 points, whereas you take the word "Handkerchief."

8—1—14—4—11—5—18—3—8—9—5—6
H—A—N—D—K—E—R—C—H—I—E—F

It contains twelve letters, which only represent 92 points.

Answers must give the words selected, explain from what ad they were taken and where the ad is located in the paper. This is necessary to properly check the answers. After each word must be given the number of points it represents; at the bottom of the sheet the total of the points represented in the four words. Sign your name and address plainly.

Answers will be numbered as they reach the desk of the Manager of the Hunt and should a tie occur the one first received will be declared the prize winner.

Every person is eligible to enter the Hunt except employes of The Pittsburgh Gazette and members of their families.

All answers must be sent in on the blank form provided in The Sunday Gazette.

No contestant will be awarded more than one prize.

All answers must be in The Gazette office by 9:00 a. m. of the following Thursday.

Answers must be addressed to Manager "Word Hunt," The Gazette, Pittsburg, Pa., and either sent by mail or delivered in person at our Business Office.

Any answer which does not comply strictly to the foregoing rules will not be considered.

Any points not covered in the above rules will be decided in an equitable manner by the Sunday Editor of The Gazette and the Manager of this contest.

Thursday, June 29, 1905.

Present conferences between Director Hammerschlag and the school superintendents are prophetic of the early usefulness of the technical schools. This is a matter in which Pittsburgh takes the liveliest interest. It is encouraged and ready to give encouragement.

Curtailment of the planting of cotton may be charged with the bulge of 50 points in the New Orleans market yesterday, but it is more likely due to speculative manipulation. The Sullys have not all been put to rout. There will probably be cotton bulls and cotton corners as long as the same things are found in the wheat market.

South Side women want a bathing place in the river, with canvas spread, life-saving policemen and the other accommodations supplied for mere man. The request is just, though additional regulations may be required. There is a prospect here for Pittsburgh becoming a genuine summer resort, with almost as many and as great attractions as Atlantic City.

Charges made by a New York newspaper against George Westinghouse find no echo in Pittsburgh, where he is much better known. The selection of Mr. Westinghouse as one of the trustees of Equitable stock control reflects credit upon the good judgment of Mr. Ryan. Here, at least, it is known there is no foundation for the New York objections.

A new record has been established by the high school in the graduation of 242 pupils: 109 from the academic department, 41 from the normal and 93 from the commercial. The thorough methods of the high school are well understood here and are recognized by leading educational institutions. The academic graduates need no other qualification than this high school diploma to enter college. It is a proud achievement.

August 16 has been set as the date for meeting of the recalled Democratic state convention to nominate a candidate for justice of the supreme court. The state committee adjourned with a semi-official approval of the report of Tuesday, that indorsement of Justice John Stewart by the convention is contingent on substantial support for Candidate Berry by the renegade Republicans. This is one way of starting a deal, but the fellows who are expected to affiliate with the Democrats have no proprietary or other interest in Justice Stewart.

Technical objections have been raised against the trial by the senate of Judge Hooker of the New York supreme court, because the accusations against him concern his doings as a private citizen rather than as a judge. The judiciary committee of the senate has set these objections aside, and on their recommendation the trial is to begin July 11. Political considerations may influence the verdict, and there may be Democrats enough to vote in his favor to prevent his removal from the bench if found guilty. The case as it stands is a discredit to the bar association of New York.

An example of Russian conditions is afforded by the mutiny on the battleship Kniaz, near Odessa. The outbreak was provoked by extreme cruelty of the officers and disloyalty of the men to their government. The same conditions exist, possibly in less degree in the Russian army—a mere reflection of the relations between the people and the aristocracy in civil life. Japanese victory is not hard to explain under the circumstances, nor is it difficult to see that degradation of the Russian empire, or revolutionary reforms are the inevitable alternatives from the existing situation.

More than ordinary interest will attach to the consolidation of N. Holmes & Sons, private bankers, with the Union National bank. The Holmes bank is the oldest, with one exception, in the country, being established in 1822. Its absorption into the Union National will leave but one private bank in the city. These facts form an interesting combination to the general public. To financial Pittsburgh the submergence of this private bank means more, for it brings remembrance that N. Holmes & Sons have exerted a strong influence for many years in making the reputation of this city as a center of sound and conservative banking.

Nominated for Defeat.

John M. Pattison has been made the Democratic nominee for governor of Ohio. Originally brought out by Mayor Tom L. Johnson of Cleveland, that astute leader abandoned him because assured he would not receive the support of the regular Democrats. The convention, however, repudiated the domination of Johnson and took the plunge for the Cincinnati insurance man and the anti-saloon program.

Though the platform is silent on the temperance question and contains some of the Johnson socialistic planks, the personality of Pattison makes the saloon the dominant issue. The desertion of the old-line Democracy is indicated by the action of John R. McLean in resigning from the Democratic national committee as member for Ohio, and the bolt of his paper. The Ohio Democracy has nothing in common with the Prohibitionist sentiment that has always been represented by a noisy but numerically weak element.

Little attention is given the remainder of the ticket. Its geographical distribution indicates confusion in the delegate mind, since the candidate for treasurer is from the same county, Hamilton, as Mr. Pattison, while another is of Canton, the home city of John C. Welty. It may never be known in what way the provisional program slipped. It is a matter of no consequence, anyway. No part of the ticket will be elected. It starts hopelessly handicapped. It will end in ignominious and overwhelming defeat.

A Timely Defense.

Alexander Simpson, Jr., of Philadelphia made pertinent reply yesterday to the address of President Niles of the state bar association. Pertinent because Mr. Niles' ill-advised strictures have been made the basis for repetition of all the well-known slanders against the legislature. Mr. Simpson has the advantage of speaking from the point of view of 20 years of intimate acquaintance with the legislatures of Pennsylvania. He knows what he is talking about, and that is more than can be said for the blatant critics of legislative doings, the majority of whom have never spent a week in the capitol of this or any other state.

There are evils in legislation. This will not be denied. The statement is true of all popular assemblies. Pennsylvania, however,, is no worse in this respect than its sister states, and is vastly superior to many of them. The Pennsylvania legislatures for 20 years will compare favorably with those of other states in independence, integrity and intelligence. It has contained members of whom the state might be ashamed, but more of whom it may well be proud. It has passed some vicious legislation and some through mistaken motives—among the worst being bills supported by the loudest-spoken traducers of the assembly in general.

The procedure of the legislature of this state is orderly, hedged about by as many safeguards against vicious classes of legislation as could well be imposed. Yet the legislature is abused and denounced as corrupt by every man who has a grievance because it has passed a measure not indorsed by his individual judgment, or has not passed one in which he was interested. The loudest critic is usually a man of such narrow vision that he can see but one side to any question, and not infrequently one who measures the motives of other men by consciousness of his own weakness.

Colonizing Schemes.

Hopeless of stemming the overwhelming tide of immigration setting this way, particularly from eastern and southeastern Europe, a number of active publicists have turned their attention to the possibility of diverting the stream from the great cities. The plan advocated is to "colonize" the newcomers in the sparsely populated regions of the country, and thereby accelerate the work of development. Thus Italians may be sent to the south and Slavs west and southwest to become planters, farm workers and, in time, farmers.

There are features of this plan that appeal to the imagination. To a limited extent it may prove practical and beneficial. As a measure of radical relief it is quite certain to fail. By partly relieving the congestion in eastern centers of population it will facilitate the inflowing tide and ultimately add to the recognized evil. The cost of working out the plan on a scale to afford appreciable temporary relief would be enormous and the results could hardly justify the outlay.

A vast majority of the immigrants who are overcrowding our cities and certain industrial regions are totally unfitted for the life proposed for them. Many of the Italians might be useful in the south by reason of their knowledge of viticulture and small farming. Most of the others would be lost if sent into the new regions that are to be developed. Few, if any, could be turned into valuable farm hands in the great west, where there is exercise for the talents of our young college men in the harvest season. They have little knowledge of any sort of agriculture and none of the comprehensive farming done in Iowa, Nebraska, Kansas or the great southwest. They are adapted to the crudest forms of labor, for in such they have been trained, but not for the machine-made farming of the trans-Mississippi region.

None of these people are of the pioneering character. Given 50 acres of fertile land and the loan of implements many of them would starve. The remainder would join the class of "the man with the hoe" and become "brother to the ox." They have not the vitality, the initiative, or the ambition that wrings success from fertile soil and opportunity. They come principally from the overcrowded towns of Europe and gravitate as naturally to city slums as do the vigorous Scandinavians to the lumber camps and farms of the north country. The immigrants who are qualified to achieve success in the regions of undeveloped opportunity find their way there. They cannot be confined in the slums, as a rule. Those who naturally gravitate to the slums will prove no better, with rare exceptions, if "colonized."

The Canal Controversy.

Though Engineer Wallace declines absolutely to discuss his resignation from the Panama commission, his friends have been giving out some information affecting the situation. They declare the work on the isthmus is progressing at a rate that will require 160 years for completion of the task, while the cost has been mounting in a way to indicate enormous increases in the total estimates. They give the impression these things are due to the unwinding of red tape, extending to the isthmus from Washington, and that Mr. Wallace's demands are simply to have the tape cut.

On the other side the charge has been made that Mr. Wallace insists on being the "whole thing." The two statements reflect different views of the same fact. Wallace asks for more power. His friends consider this necessary to vigorous prosecution of the work; Secretary Taft and Chairman Shonts think some authority should remain in Washington. It ought not to be impossible to reconcile these views, beginning with recognition of the fact that an engineer in charge must have great authority and wide latitude of discretion to secure the best results. Mr. Wallace is not a politician, but he is a constructing engineer of high repute.

Admiralty Decisions.

The decision of the United States circuit court of appeals, which limits the damages allowed to those who lost by the sinking of the steamship La Bourgogne in 1898, to the passage money and the value of the freight on board, will interest those who are obliged to consider the possibility of death on the ocean. Under an old principle in admiralty law, if the vessel had been recovered its value would have constituted a part of the damages as well as the passenger fares and the freight that went down, but of course no attempt could be made to save the hull in this case. Over 500 people lost their lives by the sinking of the Bourgogne, and the damage claims aggregated over $3,000,000. The decision reduces this amount to about $35,000, which is a mere pittance if it is distributed among the relatives of those who were lost.

Fortunately the losses on the sea are so infrequent that admiralty law does not often have to be invoked on the question of damages. When the admiralty court is put in operation the proceedings are complicated by precedents and decisions that are not frequently revised. In spite of the conservatism of the courts, other law shows the effect of practice under modern conditions, but admiralty law is likely to revive precedents long in disuse in other tribunals.

Dr. Osler has recovered sufficiently to aver that the freckled girl makes the most amiable wife. The Baltimore propagandist is determined to establish a friendly constituency even if it be a small one.

President Hadley of Yale declares it is dangerous to be too good. Evidently there are more people in the world who are sensitive about exposing themselves to danger than was thought.

That Verona youth who started out to have a good time on $40 of his father's money has evidently been keeping up with the career of James Hazen Hyde as printed in the newspapers.

The season of the year has arrived when the brigand in disguise on the street sweeps clouds of foul dust into your face under the protection of a city order as a street sweeper.

The Post declares the Ohio Democrats have all the enthusiasm of coming victory. We thought Rojestvensky had cornered all this sort of enthusiasm that was in the market.

Baltimore police officials declare that city is going to have a "parlor" Fourth of July. It looks as though it might slop over into the backyard in Pittsburgh.

As "one of the boys" President Roosevelt manages to impress you with the belief that it is just as much fun as hunting bears, and a lot less dangerous.

The bride and groom who took a bridal trip to Cleveland on the bumper of a freight train must have practical ideas about the value of a honeymoon.

That state bar association is disproving the general belief that you have to pay for all the advice you get out of a lawyer.

Russia seems fast approaching that "bitter end" which she talked so much about at the beginning of the war.

There are some indications that the Ohio Democracy proposes to make Tom Johnson pay full fare hereafter.

The crusade that has broken out against the wearing of whiskers is another direct slap at New Jersey.

With a clear track before them, the racing automobiles will have only themselves to run over.

Above the crush of war's alarms
And diplomatic fussing,
The voice of one unhappy man
Is raised in pensive cussing.
The man who'd saved vacation coin
To be off with his cronies
Must stay at home—he took a whirl
And tried to beat the ponies.

A Premonition.

From the Kansas City Journal.

Capt. Thomas R. Hayson, who was murdered while asleep in camp in the Philippines recently, was a Burlingame boy. The day after the dispatches announced his death his parents at Burlingame received a letter from him containing this sentence. "I am tired of army life here and long for peace and quiet, where I can go to bed and feel reasonably sure of retaining my head until morning." He expected to return home in a short time.—Kansas City Journal.

QUIET OBSERVATIONS

By ERASMUS WILSON.

Would you like to marry a lord, or some titled chap with a big name?

Well, you can do it, if you have the price. Such as these rarely marry for love; at least not when it means that they must work to feed and sustain those whom they marry.

From a business point of view these lords and dukes do the right thing, for they don't know how to work nor how to make money, only to kill time and spend money as it is handed to them.

Our people sometimes raise a hue and cry about our rich girls marrying these scions of nobility and paying the price thereof.

But they are right, entirely right, and we shouldn't object to the custom.

A rich girl is not necessarily wealthy, for thrift goes with wealth, and wealth is very different from riches. Wealth always implies thrift, and thrift implies active enterprise, labor and earnest endeavor to do something for the uplifting of the people, and for the material benefit and lasting good of the world.

Riches simply means money to spend for toys, for show, and for the gratification of passing tastes and whims.

⁂

There is a good deal of buying and selling of men and women right here among our own people, but it is not conducted after such wide-open fashion as in the old world.

Here women are ever on the lookout for the stuff, but over the water the men are the buyers. A poor girl over there isn't in the race for titles and old names.

It is no unusual thing, nor is it looked upon as disgraceful for a penniless chap with a name or a title to announce the same for sale at a given price, with the stipulation that the buyer shall assume all of his debts in addition to fixing a certain income on him for life.

You see, the fellow has to do something like this because he never has in all his life earned the price of a pair of trousers or a week's board.

In fact he just has to do it or do worse, which is to sponge, beg, or gamble for a living. And there are lots of them doing this, as you will find if you go over to London during the season and let it be known that you have a roll.

It is a case of catch the groundhog or no meat with many of them. And there are a lot of rich American girls who are willing to play the part of groundhogs. For the greater part, much the greater part, these belong to the get-rich-easy class, and have no adequate conception of real wealth, not even knowing the difference between wealth and riches.

These simply meet their affinities in the poor but titled scions of royalty.

⁂

Mr. Quiet Observer: The other day I was reading of the troubles of an American girl who had the misfortune to marry a titled but impecunious gentleman abroad.

It happened that our folks knew her, and her family before her, and that is why we were particularly interested in her case.

Upon inquiry we learned that she could have married a worthy young business man here at home, but on a visit to England she met, through a relative a number of titled fellows who were in need of money. Being young and frivolous she thought it would be a great thing to come back home engaged to a real lord. And so did her aunt, who was traveling with her. And much to my surprise her father, a hard-headed, and rather hard-hearted, money maker, took the same view of it.

So, it appears, they canvassed the several titles offered and made a selection of one that is very much hyphenated, as well as antiquated. It came rather high, for the owner was very proud, and very poor, and very worthless. And to the surprise of everyone who knew her father, he went down into his pocket and fished out the pile, and he had to fish it out and turn it over to the worthless fellow and his creditors before he would agree to marry the girl.

The word has just come to us that the girl with the boughten title is coming home to papa and mamma, bringing her two children and a bunch of servants. Her life became unendurable, and her father flatly refused to put up any more money for his titled son-in-law to blow in at the races, at gaming tables, and in riotous living.

I would like to know if this is a typical case, or is it exceptional.

AN AMERICAN HUSBAND.

⁂

This is probably an exceptional case, although we don't always hear how these marriages pan out. We do know, if reports may be relied upon, that the traffic in rich girls is quite extensive, and very profitable to go-betweens, as well as the spendthrifts who have squandered their fortunes, and particularly profitable to those who have titles, but never have had money.

Nor do we hear of all the deals of this kind, for some of these titled gentlemen are so proud that they don't care to have it known that they married an American girl with more money than brains.

In a social way they don't care a snap for the women they marry, and don't even try to get them into royal society. It is their money they want, and they will do almost anything to get it—make false vows at the altar, and perjure themselves before the magistrate, all for the money.

But if the church sanctions such things, how can we blame its baptized sons and daughters?

Our preachers right here at home do the same thing when they marry couples whom they know are not suited to each other.

It is not exactly right to say that our preachers will marry anybody that has the price, but it is so nearly right that it is pretty hard to draw the line. We know that they and magistrates will go through the form of marrying a couple when they know the parties do not mean to keep the vows they take.

In such cases will not the sin fall equally upon the clergyman, or magistrate, who solemnizes such marriages?

⁂

We may pity the girl who sells herself for a title, but we cannot sympathize with her. Pity, you know, is akin to contempt, while sympathy is godlike.

In almost every instance the girl is no better than the man she marries—no better in the sense that the seller is no better than the buyer. In law they are held to be equally guilty where injury follows the consummation of the deal.

As a rule the rich girl is not capable of doing any real work, not even as much as to darn her own stockings, to make herself a simple garment, or even to make a cup of tea, and a bit of toast.

A girl of wealth is different. The fact that her father has prospered by reason of his industry and enterprise does not make a fool of her, nor take all the womanliness out of her and reduce her to the doll class. Not a bit of it. Nor does it put notions of titles and big names in her head, but rather prompts her to encourage industrious, enterprising young men to establish homes which shall be an honor to their own country, and a benefit to the world.

It is all right for an American girl to marry a foreigner if she loves and admires him and his ways, and to go and live in his country, too.

Many have done this and are happy, for all foreigners, nor all scions of nobility, are spendthrifts and no good.

So let them marry as they will, but our girls should be quite certain before closing a bargain for a title that the man that goes with it is really worth having as a husband.

Crying Cows.

A lady who complained to her milkman of the quality of milk he sold her received the following explanation:

"You see, mum, they don't get enough grass feed this time o' year. Why, them cows o' mine are just as sorry about it as I am. I often see 'em cryin'—regular cryin', mum—because they feel so how their milk don't do 'em credit. Don't you believe it, mum?"

"Oh, yes, I believe it," responded his customer, "but I wish in future you'd see that they don't drop their tears into our can."—Harper's Weekly.

TALKED OF IN GOTHAM

By FRANK A. PARKER.

[By Private Wire to The Gazette.]

NEW YORK, June 28.—Gotham has been for two days harboring that rare product of Chicago politics, "Hinky Dink" Kenna. The alderman sailed this morning on the Teutonic for Europe, where he will try to learn what little he does not already know about municipal ownership of public utilities, and incidentally show those foreigners a few things about Americans of which they never dreamed. Kenna is a character in more ways than one. He is an excellent sample of the saloon keeper politician with a supreme confidence in himself and his ways that would be ridiculous in any other person than "Hinky Dink." Before sailing this morning the alderman relieved himself of numerous sage opinions on politics. "Chicago is as pure as the driven snow," he said. "From top to bottom, from the highest official to the humblest motorman on the trolley cars; nearly every man in the employ of the city and the city corporations has the interest of the city at heart. Our system is thoroughly clean and free from corruption. I am going to Europe to study municipal ownership on my account, and when I get back four months hence, I may have something worth while to say. I am first going to visit Ireland, then England, Scotland and France. I am going to see as much of the world as I can, and in my own way, while I am gone."

Four months seems a long time to wait for more of Mr. Kenna's wisdom, but perhaps the cables will help us out meanwhile.

Gates Wins His Passage Money.

The "Gates luck" stuck to young Charles, son of John W., on his trip home from Europe on the Kaiser Wilhelm der Grosse, which arrived today. Mr. Gates admits having captured two of the big pools on the day's sail, netting him about $1,500, enough to pay for the passage of himself and wife, with a little left over to tip the servants. Mr. Gates and his wife have been having an automobile trip abroad and have been gone since April 4. While on the other side they made only one trip by train, from Cherbourg to Paris, but they covered a total of 5,185 miles and visited eight countries.

Well-Known Singers in the Business.

It might be mentioned in passing that many well known singers are in the pay of the publishers. For a weekly salary they are willing to popularize songs that have very little merit. The publisher's harvest time begins when people begin to whistle the songs on the street. His sales pick up and he sometimes makes a barrel of money out of very mediocre publications. This little "graft" of the singers has been going on for years, but the professional "song booster" seems to be strictly up-to-date.

"Song Booster" in Trouble.

A battle that was pulled off in Twenty-eighth street during the busy hours of the afternoon developed the existence of a profession about which little has heretofore been known. The fight was between a song publisher and a "song booster." A little judicious inquiry developed the fact that the latter is employed by the publisher to sing songs in the music halls and concert gardens in order to popularize them. He draws a regular salary from the publisher, and anything he may pick up in the various places he sings is so much "velvet." The cause of the row did not come to the surface, but the booster probably was caught boosting some other publisher's music.

Another Hole Under the River.

Since Acting Secretary of War Oliver has approved the plan of the New York & Long Island Railroad Company to tunnel the river at Forty-second street, we can prepare to see Mr. Murphy, the boss of Tammany, grab another big contract. He hasn't been missing many lately. It has not yet been decided whether to build one tunnel with two tracks or two tunnels with one track each. The plan has been under discussion for some time, and it will, when the tunnel is finished, bring Long Island much nearer New York. The price of real estate on the island has already increased on the prospect of better transportation facilities, and many new homes are in the course of construction over there.

Boy's School to Be Abolished.

The grand jury is to recommend the abolition of the Brooklyn disciplinary training school for boys, according to a report that gained currency today. An investigation has been going on for some time into the methods employed there, but no hint has been allowed to fall as to what is thought to be wrong. At present there are 250 boys in the school who are believed to need discipline. The report of the grand jury will not come down until Friday. There have never been any very serious complaints as to the management of the institution, but the bureau of charities found some fault with the school and caused the investigation to be made.

Thanks Judge for Death Sentence.

Edward Pekarz, the young Bohemian who on April 24 last murdered Mrs. Sarah Rosenberg at her home in East One Hundred and First street, was sentenced to die in the electric chair at Sing Sing during the week beginning August 14 today by Judge Foster in the court of general sessions. Pekarz, who does not speak a word of English, listened to an interpreter repeat the sentence without betraying the least emotion. Then he turned to the interpreter and said to him: "Tell the court that I desire to thank him for taking so much trouble on my account." Judge Foster had difficulty in maintaining his gravity when the speech was repeated to him. The murder of Mrs. Rosenberg was particularly revolting. Pekarz struck the woman over the head with a hammer several times, and when that didn't kill her, got a knife from the kitchen and almost decapitated her. Then he took a bag from her neck containing $12 and went away. Immediately on being arrested he confessed his crime and expressed the greatest indifference to his fate.

YOUNG OFFENDERS

By DAVID S. HOWLAND.

The establishment of a juvenile court in Allegheny county was made possible only by the readiness of philanthropic people to provide a corps of probation officers to take charge of the cases. Presumably they serve without pay, but the interest in the humanitarian movement to save and protect children found contributors enough to engage competent women for the work. The fact that the salary was an uncertain quantity removed the appointment from politics, for men did not want the office, and it also enlisted volunteers in sympathy with the work, and hence those presumably better qualified to deal intelligently with the unfortunate wayward. The act itself departed from legal precedents in abolishing formalities and red tape that had been considered essential on the part of the judges, while the court officers assumed duties and rights that were as radically novel. Looking at the subject from one point of view, it seems almost incongruous that women under orders from the court should receive their support from private organizations which might be excused for feeling a proprietary interest in their work. But there has been comparatively little friction on this score when one considers the opportunities it offers for entanglements. The only friction that resulted was from the fact that one probation officer who had been very earnest and efficient in her work of investigating the environment of children was assigned a district and provided with a salary by personal friends, while all the other officers were paid by the organization which did much to make the court possible, and they took the remainder of the territory. The effect of this lack of co-operation was very noticeable when the juvenile court met, for one probation officer would bring in a lot of children about whom the others knew nothing, and the disposition of the cases was kept jealously separate. Should the delinquent or dependent child be sent to an institution outside the probation officer's district a dispute might arise about the one who should look after his welfare. But as serious as any difficulty was the failure to keep a uniform set of records for all the county, for only cases from one side of the territory have been recorded in a card catalogue ready for immediate reference. But it is evidence of the success of the court that this obstacle should have been recently met, for the judges appointed a head probation officer, to whom all are subordinate. Not only must they report to her, but take their assignments of work from her, and it is believed that this change will greatly increase the efficiency of the organization.

Need for New Detention Rooms.

The object of the juvenile court is to remove the comparatively innocent child as far from criminal influences as possible in the hope of securing his reformation. Hence the majesty of the law is made to appear in the form of a personality interested in his welfare and also appearing for society, which is also interested in the disposition of the child. While many of the forms and customs employed in dealing with ordinary criminals have been abolished, those interested in the juvenile court will never be satisfied so long as children summoned before the weekly court have to pass the county jail doors and be incarcerated in the building. Some people may say this is maudlin sentiment, but what defense can be made of the act of shutting a boy in jail who is innocent of any wrongdoing and is merely dependent? The indications are that he may be a successful man if he is given a chance, but the memory of the week in prison will not be a pleasant one in later years. The detention rooms the county has provided are excellent, and matrons look after the welfare of the children who are confined there, but it is not easy to forget that the unfortunate ones are confined in the same building with murderers and other debased criminals. It is hoped that some time there will be a separate building for the boys and girls who are brought before the court for disposition, which need have no associations with the jail or its officers.

Homes in the Country.

The question of the homes for the delinquent boys and girls is one that gives trouble. Undoubtedly the best place for a boy or girl who has not become hardened in sin is a home in the country. Farmers are looking for such boys, and with a little effort it is not difficult to learn of such places. But a country home for the girl whose parentage is poor and whose character is at least under suspicion is a different matter, for it is the woman in the household who has particular charge of such an inmate, and woman's tolerance for failure in one of her sex is well known. The girl needs more sympathy than the boy. She needs affection. The question of the religious belief of the little one is another problem that has given more trouble than it should, largely on the suspicion of several denominations that proselyting is being done. The anxiety of the officer chiefly concerns the material welfare of the child, and she seeks kindness rather than religious instruction. But in order to satisfy the strongly rooted denominational traits of people great care is exercised to find if the parents espoused any faith, and to give the child an opportunity to be reared in the same belief when it is possible.

Need of Co-operation.

It is possible that the juvenile court probation officers may take themselves too seriously and tend to magnify their duties. But such a course is not probable. In his talk to the probation officers of the Allegheny court yesterday the assistant district attorney told them that while they should use tact, their duties were such that they could reach the families of the unfortunate as messengers from the more fortunate. It would often be an inspiration to a poor woman struggling in poverty and thinking herself unable to properly train her children to know that she is an essential part of the community, and that others are interested in her welfare, and that of her children. In such an attitude the probation officer might also seek to remedy evils in sanitation and violation of the labor laws, for the officers appointed for the purpose cannot discover all cases of neglect in these departments. What is needed is co-operation among the labor inspectors, the health bureau and the juvenile court probation officers. Such co-operation need not involve undue prominence by any one influence if it is really working for the betterment of the community.

Free Concerts in Allegheny Parks.

Concerts in the Allegheny parks began last night, when a program was rendered by the band of Allegheny lodge of Elks in East park. On July 4 the G. A. R. and the K. of P. bands will both give concerts in West park at 3 and 7 p. m., and on July 11 the Elks' band will give another. Beginning on July 21 there will be concerts every three or four days until September 22, the schedule of which is as follows:

July 21, American Military band, Riverview; July 25, Elks, East park; July 28, Fourteenth Regiment, Riverview; August 1, Fourteenth Regiment, West park; August 4, Sunday, American Military, Riverview; August 8, Elks, East Park; August 11, Fourteenth Regiment, Riverview; August 15, American Military, West park; August 18, G. A. R., Riverview; August 22, Elks, East park; August 25, G. A. R., Riverview; August 29, G. A. R., West park; September 1, Elks, East park; September 5, K. of P., Riverview; September 12, Keystone State band, West park; September 15, K. of P., Riverview; September 19, Elks, East park; September 22, Keystone State band, Riverview.

PICKED UP IN LOBBIES

Case School Men Organize.

Thirty alumni of the Case School of Applied Science of Cleveland met at the Hotel Henry last night for a banquet and to organize a Pittsburgh chapter of the Alumni association of their alma mater. Most of these men are identified with leading manufacturing interests of Pittsburgh and include men of the engineering profession, chemists, inspectors and others interested in scientific lines. There are about 85 graduates of the Case school in the immediate Pittsburgh district, while almost as many more are connected with the manufacturing plants of Eastern Ohio and West Virginia. After the banquet an election was held, resulting in the election of E. B. Spencer of the Westinghouse Electric and Manufacturing Company as president, Harry Abeler of the Westinghouse Machine Company as vice president and A. H. Anthony of the Mesta Machine Company as secretary and treasurer. It was decided to meet at least semi-annually. Among those at the first meeting were H. H. Birney, E. H. Dempsey, O. E. Emrich, F. B. Stilson, Frederic H. Kindl (of the first class in the Case school), E. H. Biggs, George F. Sayder, Ralph H. West, R. C. Ballard, Fred L. Grant, R. E. Brown, H. G. Goetz, C. J. Fay, J. O. Dash, Carl Sixt, E. R. Morrison, George D. Marshall, C. F. Lambert, Frank A. Dutton, J. B. Klittleberger, W. E. Huber, O. C. Hasse, Charles B. Williamson, George Day, L. J. Wilson and J. G. Woodhouse.

Epworth Leaguers Going West.

There will be a large number of Pittsburgh people at the seventh International Epworth league convention at Denver, July 5-9, a number of whom will also visit other points in the far west before returning. One of the parties will be personally conducted by Blair F. Davis, city passenger agent of the Santa Fe, over which road the party will travel from Chicago. This will be known as the Emory Epworth league special excursion party, and will leave Pittsburgh at 4:30 o'clock tomorrow evening over the Ft. Wayne route, occupying two Pullman sleepers for the entire journey. The party includes Mr. and Mrs. W. C. Shaddie, David Shaddie, Miss Ella Clark, Mrs. Elvira Sullivan, Mrs. James J. Walker, Miss Lillie Walker, Mrs. S. K. Stahl, Mrs. C. G. Scheum, Miss Siebe, Sheraden; Miss M. A. Leasure, Greensburg; John W. Mellott, McKees Rocks; Miss Mary Ellen Steele, Miss Margaret Owens, Miss Elizabeth Schmidt, Miss Grace Rochford, Miss Sarah Metcalfe, Mrs. E. Carlow, Miss J. E. Martin, Miss Lulu Martin, Miss Ida Hochenberger, Dr. J. Y. Little, Dr. L. D. Peebles, Mrs. Peebles, Miss Eva Hanna, Miss Clara Yates, Miss Alice G. Greed, Mr. Weldon, G. W. Kemp, Harry V. Jamison, Miss Marie Smith, Pittsburgh; A. T. Ruttencutter, Swissvale; Mr. and Mrs. H. J. Smith, Brackenridge; Mr. and Mrs. E. J. Carlisle, Miss L. Stevenson, Miss Mary Kinter, Mrs. L. K. House, Braddock; Mrs. S. E. Ralston, Mrs. J. R. Anderson, Wilkinsburg; Miss Stout, Greensburg; Miss Elizabeth Morrow, New Sheffield; Miss A. James, Miss Margaret Currie, McKeesport; Miss Lottie Golde, Latrobe; Miss Alice Beatty, Mr. McCracken, Oil City; William L. Woodcock, Altoona.

Wedding Parties Galore.

There were wedding parties galore last evening at the Union station, Dan Cupid evidently having taken up his archery in earnest during the last few days of June. At least 15 parties were at the Union station during the evening, all with rice, old shoes and other things that go with giving the happy couples a send-off of due merit. There were eight couples ticketed for the 10 o'clock train and their presence with their friends made the station appear a busy and noisy place for a little while. One of the parties arrived at the station on a well decorated dray. Upon alighting the bride and groom were strapped together with sleigh bells and were marched into the main waiting room, where they were showered with rice, the march stopping only when the party was ushered out to the lobby.

Call Trains by Megaphone.

Patrons of the Pennsylvania, new and old, listened with interest to the new method of train calling at the station last evening. It has been found particularly difficult, during the summer when the station doors are open, for Train Callers Harry Sellers and William D. Elliott to make themselves heard, good as their voices are. The Pennsylvania has installed megaphones for aiding in this respect and now the names, numbers and time of leaving of all trains are heard plainly about the station.

Followed Directions.

An old man who lived in the backwoods was suffering with chills. His wife sent for the doctor, who gave him some medicine, with the following directions:

"Take a teaspoonful every two hours in cold water."

Whenever a dose was due the old lady had him get in a tub of cold water and swallow his medicine. When the doctor came again she asked if John could take his medicine in warm water, as he went to "chilling" every time he got in the tub.—Memphis News-Scimitar.

BIGELOW WANTS TO SECURE CROWD

Over 100 Letters Sent to Property Owners to Attend the Hump Meeting.

APPEAL TO H. C. FRICK TODAY

Over 100 letters were sent out yesterday to property owners of the hump district, requesting them to be present at the meeting of the finance committee of councils tomorrow afternoon, when the proposition to remove the hump is to be publicly discussed. The letter was sent by Assistant Controller Morrow, clerk of the committee, at the request of Director Bigelow.

As an additional means of securing the attendance of property owners, particularly those advocating the hump removal, a number have received personal notices of the meeting with an urgent request to be on hand in order to make as large a crowd as possible. The meeting is to be held in the select council chamber of the city hall and it is the desire of Director Bigelow that the council chamber be filled. He wishes to arouse public sentiment and to make the meeting a boom for his original plan of an 18-foot cut.

H. C. Frick is expected to arrive in Pittsburgh this morning from New York and Director Bigelow will call upon him today to plead with him to attend the meeting tomorrow.

"I have hopes that Mr. Frick will be present," said Director Bigelow yesterday.

Frick's Presence Badly Wanted.

Without the presence and support of Mr. Frick it is the belief of members of the committee that any action advocated by the other property owners would not be of much effect. It is stated that many property owners refuse to sign waivers unless Mr. Frick signs, and it is also believed that the Pittsburgh Railways Company, the gas, electric light, telegraph and telephone companies will decline to sign any paper agreeing to bear the expense of lowering their properties, as long as damages have not been waived on the majority of the property on the hump.

A couple of weeks ago Director Bigelow said these companies had agreed to bear ither the whole or half of the expense of changing their lines, but no papers have been signed. The matter of securing releases from these companies has been dropped by Director Bigelow until he learns what position the property owners will finally take. Mr. Frick seems to be the key to the whole situation and the administration is doing its utmost to have Mr. Frick face the other property owners at the meeting tomorrow, in the hope that they may be able to induce Mr. Frick to make further concessions.

Larkin Promises Sensation.

A meeting of the special committee of ouncils on revenue is called for this afternoon at 2 o'clock by Chairman A. G. Roenigk. Controller Larkin says he is anxious to have a quorum of the committee present, because he has made a "big find," and one that will cause a sensation. The controller says he will not tell anything more until he has submitted the matter to the committee.

The public safety committee was called to meet tomorrow at 2 o'clock, but the meeting will probably not be held because f the meeting of the finance committee t the same hour. The public safety committee is called to act upon an ordinance increasing the expenditure for the Twenty-second ward engine house and police station from $37,000 to $57,000; an ordinance prohibiting the obstruction of streets by vehicles, and an ordinance requiring pawnbrokers to have telephones in their places of business for the secret use of the police.

ARRANGE ENTRANCE TO "TECH" COURSES

Requirements for Admission for School Pupils Are Agreeed Upon by Educators.

At a conference yesterday afternoon between Director Arthur A. Hamerschlag of the Carnegie Technical schools and the representatives of the educational institutions of the two cities and the county much progress was made in allying the public schools with the "Tech."

The conference related particularly to the day school of applied science, and was based on the equipment which pupils 16 years of age have received. It is at this age that the director wishes to take such students. A number of suggestions, which were considered of much value, were received from the educators and will be embodied in the director's recommendations on entrance requirements to the Technical schools committee.

"There will be necessarily an examination this year for those wishing to enter this Technical schools," said the director. "It is our hope that in the near future we shall find it possible to arrange a working plan with the other schools by which their students can be received on their records at these schools without examination."

The date of the opening of the schools may be announced this week, as an effort is being made to have this date definitely fixed.

Among those participating in yesterday's conference were Superintendents Samuel Andrews, John Morrow and Samuel Hamilton of the Pittsburgh, Allegheny City and Allegheny county schools; W. R. Crabbe, Shadyside academy; Emil Lewey, East Liberty academy; Edward Rynearson, Pittsburgh High schools; T. J. George and W. S. Bryan, Carnegie; W. G. Gans, Wilmerding; T. E. Flickinger, Sewickley; Prof. Packer, Turtle Creek; M. C. Terrell, Swissvale; T. L. Allison, Wilkinsburg; F. L. Hannum, Sheridanville; H. B. Whitmyre, Knoxville; S. S. Baker, Crafton, and the Rev. Father M. A. Hehir, president of Pittsburgh College of the Holy Ghost.

NEW REGULATIONS MADE FOR NAVY DEPARTMENT

Bureau of Navigation Has a New Job. Wearing of Sword Aboard Ship Abolished.

[By Associated Press to The Gazette.]

WASHINGTON, June 28.—Important changes which have been made in the naval regulations by the bureau of navigation with the approval of the president and secretary of the navy were made public at the navy department today. The duties of the board as given are to devise measures and plans for the effective preparation and maintenance of the fleet for war; to advise the secretary of the navy as to its disposition and distribution, and of the reinforcements of ships, officers and men of the navy and marine corps.

It is to consider the number and types of ships proper to constitute the fleet, the number of officers and men required to man them, and to advise the secretary as to estimates therefor to be submitted to congress, as well as the location, capacity and protection of coal depots, naval stations, reserves of ordnance and ammunition and supply depots.

The wearing of swords aboard ship on ordinary occasions has been practically abolished by the new wording of the regulations respecting the use, a woven servive revolver belt and revolver taking the place of the sword.

Poor Children Have a Picnic.

Poor children of Pittsburgh and Allegheny were given an outing in Riverview park yesterday as guests of the Volunteers of America. The children had a big day in the woods and were entertained with athletic sports for the young and were awarded prizes. Lunch was also served.

Reduced Rates on Account of Fourth of July.

On July 1, 2 3 and 4 the Pennsylvania Railroad Company will sell excursion tickets at greatly reduced rates between all points on their Monongahela division, Pittsburgh and Brownsville inclusive, with a minimum rate of 25 cents. Tickets good to return until July 5.

EDWARD J. FRAUENHEIM CALLED TO HIS REST

Former City Treasurer Dies After a Year's Illness from Cancer of the Tongue.

Edward J. Frauenheim, former city treasurer and vice president of the Pittsburgh Brewing Company, died yesterday morning at 3 o'clock at his home, 420 South Rebecca street, East End, after an illness of almost a year. His illness was caused by a cancerous growth at the base of the tongue. Mr. Frauenheim noticed the growth about a year ago, but paid little attention to it. It became so aggravated that he went to Philadelphia to consult a specialist six months ago. He was in a hospital in Philadelphia for some time, and after coming back to Pittsburgh was confined to his home. Temporary relief was afforded by the removal of the salivary glands, but no hope was entertained for his recovery. Mr. Frauenheim was 40 years of age. He was born in Pittsburgh on February 13, 1865. His father, the late Edward Frauenheim, was engaged in the brewing business with Leopold Vilsack. After attending the public schools Mr. Frauenheim was graduated from St. Vincent's college. He then entered the office of his father. He was one of the leading factors in the organization of the Pittsburgh Brewing Company, and was made its vice president. He was also president of the Iron City Sanitary Manufacturing Company, vice president of the German National bank and a director of the East End Savings and Trust Company, the Epping-Carpenter Company, the Turtle Creek Land and Improvement Company and the Beobachter Publishing Company.

Mr. Frauenheim was prominent in the local organization of the Democratic party. He was a delegate to the national Democratic convention at Chicago in 1896 and in 1903 was urged by leading Democrats of the city to become a candidate for mayor, but he declined to run. He was appointed city treasurer by Mayor Hays in April, 1903, and served until the first of October, 1904, when he resigned, giving as his reason that he was opposed to the policy of the administration in selecting favorite banks for city depositories. Mr. Frauenheim was married October 21, 1888, to Miss Marie A. Vilsack, daughter of his father's former business partner. He is survived by his widow and seven children—Edward, Walter, Norman, William, Richard, Dorothy and Regina—and by one brother, A. A. Frauenheim, treasurer of the Epping-Carpenter Company, and four sisters—Mrs. W. A. Heyl, Mrs. John J. O'Reilly, Mrs. W. N. Epping and Miss Rose Frauenheim. Mr. Frauenheim was a member of the Duquesne, the Monongahela, the Columbus and the Pittsburgh Country club. He was also a director in the East End hospital and a trustee of St. Augustine Roman Catholic church. The funeral will take place tomorrow morning at 10 o'clock from St. Joseph's church, Liberty avenue and Pearl street. The following have been chosen as honorary pall-bearers: C. A. Fagan, W. W. Ramsey, F. W. Mueller, William Loeffler, Joseph A. O'Neill, Charles H. Dixon, John C. Haymaker, William A. Hoeveler, M. H. Hager, J. F. Keil, Judge Marshal Brown and former Judge Cyrus Gordon of Clarfield, Pa.

Rev. Dr. Joseph Hamilton Montgomery.

The Rev. Dr. Joseph Hamilton Montgomery, one of the most prominent ministers of the Presbyterian church, died yesterday morning at 3:45 o'clock at his home, 5131 Westminster place, from heart failure. On Tuesday afternoon Dr. Montgomery had taken a walk and was feeling in good health, and his death was entirely unexpected. Dr. Montgomery was born in Pittsburgh and was a son of the late Alexander and Sarah Hamilton Montgomery, who were among the earlier settlers of this city. He was educated in the public schools and was a graduate of the High school, in which he afterwards taught for several years. He was a graduate of Westminster college, and of the Western university, where he taught for several years after graduating. At the breaking out of the civil war he enlisted in the One Hundred and Twenty-third volunteers and served under Col. John B. Clark. After the war he entered the Western Theological seminary, graduating in 1867. His first charge was at the Xenia Presbyterian church, Xenia, O., after which he had charge of the Third Street Presbyterian church of Dayton, O., for 18 years, relinquishing that to assume the pastorate of the Trinity Presbyterian church at Brooklyn, N. Y., which he retained until his retirement some three years ago owing to a general breakdown from overwork. He was married to Miss Carrie Dawson, who, with a daughter, Annie, at present taking a post-graduate course at the Northwestern university of Chicago, survives. He is also survived by three sisters, Mrs. T. B. Atterbury, Mrs. Richard Jenkinson and Mrs. William H. Denniston, and one brother, A. C. Montgomery, all of this city. Funeral services will probably be held at his late residence Saturday at 3:30 o'clock.

Sister Mary Berchmans.

Sister Mary Berchmans Hostetter, aged 74, a nun for 51 years, died yesterday morning at 4:30 o'clock at the Mercy hospital after an illness of only four days, resulting from pneumonia. Up to the time of taking ill she was attending to her duties as druggist at the hospital, being one of the most skilled pharmacists in the state. She was druggist at the Mercy hospital for 50 years, holding a certificate from the state board of pharmacy. She became an expert as a pharmacist by administering the medicine herself to the patients and carefully observing the effects. She was born in Canton, O., and entered the convent of the Sisters of Mercy in Webster avenue when 23 years of age. During the civil war she served as nurse in the military hospital at Washington, D. C., nursing both union and confederate soldiers. After returning to Pittsburgh she nursed wounded soldiers at the West Penn hospital, then in charge of the Sisters of Mercy. She also nursed patients during the cholera and smallpox epidemics in Pittsburgh and in this way contracted smallpox. Before entering the convent her name was Sarah Hostetter. She survived a large family and her only living relative is a niece who is a nun in a convent in Texas. Requiem high mass will be celebrated in the chapel of the Webster avenue convent tomorrow morning at 9 o'clock, and at 10:45 the remains will be taken to the St. Xavier cemetery at Beatty, Pa., for interment.

Mrs. Jane Williams Philpot.

Mrs. Janes Williams Philpot is dead at her home in Salineville, O., of heart trouble, aged 78. She was born in Pittsburgh November 22, 1826, and was the daughter of Robert Williams, a well-known resident of Pittsburgh years ago. She was married in 1844 to Thomas W. Scaife, brother of William B. Scaife, well remembered by city residents, who died some years later. Two daughters survive, Mrs. Elizabeth Nixon and Miss Ella, both of Salineville. Later she married H. M. Philpot of Pittsburgh and in 1863 they moved to Ohio, locating in Salineville, where they have since made their home. Mr. Philpot died a few years ago. To this union were born three children, one of whom is living, William G. of Chicago, Ill. Funeral services will be held Thursday afternoon at 1 o'clock, Interment at Salineville.

Funeral of Herman C. Mechling.

NEW YORK, June 28.—(Special.)—Funeral services for Herman Clark Mechling, killed in the wreck of the Twentieth Century Limited, were held today at his home in Brooklyn. Mr. Mechling was born in Meadville, Pa., in 1855. He spent his boyhood in Pittsburgh, and while still young entered the iron trade. He moved to Brooklyn in 1887. He is survived by his widow and two children, Harry E., 24, and Helen, 16.

Obituary Notes.

Charles A. Otis, Sr., former mayor of Cleveland, and a pioneer manufacturer and financier, died there yesterday, as a result of an operation for appendicitis, aged 78. He was elected mayor in 1872, and served one term. He was associated with the late Senator Hanna in various enterprises.

Edwin M. S. Pastorious, formerly of Pittsburgh, died yesterday morning at 11 o'clock at Lancaster, Pa. The funeral will take place from the residence of deceased's father, James W. Pastorious, 96 South Twenty-second street, Pittsburgh, tomorrow afternoon. The deceased was a member of lodge No. 45, F. and A. M., and Iron City council, No. 171, Jr. O. U. A. M.

Secretary Hay Improving.

NEWBURY, N. H., June 28.—From the bedside of Secretary of State John Hay, at his summer home, "The Falls," it was announced today that secretary was steadily gaining strength and that he probably would be able to sit up by the end of a week.

A graphic pen picture of the battle of Mukden, told by Francis McCullagh, who was captured by the Japanese, in a finely illustrated war supplement in next Sunday's Gazette. Don't fail to read it.

PROCEEDINGS AGAINST UNION BRIDGE COMPANY

Definite Action Taken Before Acting Secretary of War—Law to Be Enforced.

[BY PRIVATE WIRE TO THE GAZETTE.]

WASHINGTON, June 28.—Acting Secretary of War Oliver today called upon the attorney general to begin proceedings against the Union Bridge Company of Pittsburgh to enforce the order of the secretary of war, that the bridge be raised to 70 feet above pool level. The attorney general will instruct the United States district attorney at Pittsburgh to take the case ino court, and it is anticipated by the war department that it will eventually reach the United States supreme court.

The penalty imposed by the law for a refusal to obey the order of the secretary of war is $5,000 a month, and as the last extension of time for making the improvement expired January 1, 1905, there is due as penalty $30,000.

It is stated that there is no desire upon the part of the engineer officers here to place a penalty upon the bridge company, but they want to have the law enforced and demonstrate the power of the secretary of war to compel obedience to orders of this kind.

HARWICK FUND NOT DISBURSED

F. M. Wilmot Refuses Information as to Delay in Disposing of $80,000 Subscribed.

M. SCELSI NOT SO SECRETIVE

There is still some uncertainty regarding the disposition of some $80,000 that was subscribed more than a year ago by the public and Andrew Carnegie to a fund that was to be applied to the families of the foreigners who lost their lives in the Harwick mine explosion, February 25, 1904.

None of the money has been paid out yet. F. M. Wilmot, treasurer of the Carnegie relief fund, maintains silence regarding it. When a reporter called at his office yesterday he said:

"I have nothing to say about the matter."

Lionel Scelsi, the Italian consul in this city is more communicative than Mr. Wilmot. Recently M. Scelsi started an investigation of the affair to satisfy the families of the 40 Italians who were killed in the disaster at Harwick. Many requests for information concerning the money has been forwarded to M. Scelsi, and his search for knowledge of the matter has not been entirely fruitless. He said yesterday:

"I am very grateful to The Gazette for the aid it has given in getting some light thrown into this affair. I have kept right after those who I know are intersted in this relief fund and today I had long talk with Mr. Wilmot. He says he committee has been at fault in not isbursing this money before, but he did not say why thay had so long delayed their duty. He assures me, however, that the committee will have a meeting some time next week.

"I do not know when or where the meeting will be held, but Mr. Wilmot is uite certain there will be a meeting. He told me that perhaps one or two cases n which I am interested, for Italians, would bear a little more investigation efore money could be paid out, but was onfident there would be no trouble, nor much more delay. I am glad this affair s finally to be adjusted for the money t is to be paid to the Italian families whom I am working is much needed."

r. Wilmot was asked to tell where the eting of the relief fund committee uld be held and at what time, but he used to say.

ELLOW FEVER CASES IN THE CANAL ZONE

all Number Afflicted in Proportion to the Influx of New Population.

[By Private Wire to The Gazette.]

ASHINGTON, June 28.—Col. C. R. Ed-rds, U. S. A., chief of the office of the hmian canal commission, had just re-ved from Gov. Magoon at Panama a ble report of three additional cases of low fever; three recovering and one th today, when he was asked to make statement concerning the situation in nama.

It is true, as many persons returning the isthmus say, that there are in-ient accommodations for the Ameri- employes and artisans the govern-t is sending to help build the canal? t yellow fever is raging and conditions erally unsatisfactory," Col. Edwards s asked. Said he in reply:

There are sufficient accommodations in nama now for the employes engaged on the work. That there is yellow ver on the isthmus is shown by the ports which we receive daily. But con-der the small number of cases in pro-rtion to the large number of people who ve just gone to that country from the nited States and remember that not a w of the deaths are among persons in ama who are not employed on the al and therefore do not come within measures of protection adopted by the nitary officers of the employes. Thus r in June, including today, there have en 63 cases of yellow fever and nine aths. Of these deaths four were Ameri-n employes. Mr. Pepperman of this of-e, who within a fortnight had returned from a trip to Panama, pronounces conditions there far superior to those which prevailed during the first three years of our occupancy of the Philipipines.

SEEK WHITE ASSAILANT OF LITTLE NEGRO GIRL

Rosslyn Station Is Scene of Occurrence Duplicating That in Hays Borough.

A posse of 25 men hunted all yesterday afternoon in the hills and ravines back of Rosslyn station for a "tall, white man," who had assaulted Birdie Moore, an 8-year-old negro girl. The children had been sent from the family home, 51 Bell avenue, Rosslyn, by their sick mother to gather coal from an abandoned mine half a mile back from the station. A man on the ridge above called to them to come up and said he would give them some cherries.

He knocked the girl down with his fist and she was badly hurt in the struggle that followed. The boy ran home and his mother left her bed, secured a small revolver and started to the child's rescue. On her way she met the girl carrying on her arm the torn rags which had been her clothing. For an hour the mother searched for the man, but her strength gave out and she made her way home. She notified Harry Keenan, a policeman, who at once organized the posse. As the search was unsuccessful, Justice A. W. McMillan of Carnegie was notified and he in turn sent word to County Detective McMillan.

The search for the assailant of 12-year-old Annie Green of Hays borough, was kept up until a late hour Tuesday night. Like yesterday's hunt, it was unsuccessful. The girl's condition was said yesterday to be improved, and it is believed she will live.

DOUBLE TRADING STAMPS GIVEN BY WEISSER'S

For Three Days the Public Will Have an Unusual Opportunity Afforded It.

GREAT PREMIUM LIST

So popular was the enterprise of Weisser, Low & Company in giving double trading stamps on two former occasions that they have been constrained to repeat it.

For three days this week, Thursday, Friday and Saturday, this well-known Market street drygoods firm will give double trading stamps to all customers.

Now this is a most unusual offering.

In the first place, the prices of everything in the drygoods line, including all the newest fabrics, latest styles in women's apparel, umbrellas, men's furnishings, etc., have been marked down to a very low point.

In the next place, the trading stamps afford you the opportunity of selecting a very handsome present.

Special arrangements were made for this extraordinary offer with Sperry & Hutchinson, proprietors of the original trading stamp system, who have the largest and finest premium list of any concern of the kind in the country.

DELEGATES GET PEACE PROGRAM

Congressmen Barchfield and Burke Hear from Inter-Parliamentary Union's Secretary.

THEY WILL GO TO BRUSSELS

Congressman A. J. Barchfeld and James Francis Burke, delegates to the international peace conference, have received from the secretary of the interparliamentary union, Dr. Gobat, a letter advising them that the conference will be held in Brussels on August 28, and containing other information. Dr. Barchfeld and Mr. Burke will both attend the conference. They were appointed two of the 25 American delegates some time ago by Congressman Richard Bartholdt, president of the American group of the interparliamentary union for international arbitration. The fact that they were appointed indicates that they are in favor of arbitration as a means of settling international differences. The last conference was held last year in St. Louis.

Propositions made by President Roosevelt will come up in the conference. Dr. Gobat is greatly interested in seeing peace established between Japan and Russia, and last March addressed an impassioned appeal to all sections of the interparliamentary union in favor of action that might bring about peace. He hopes that the coming peace conference may take action that will lead to that fruition.

The following is a translation of Dr. Gobat's letter:

Interparliamentary Bureau,
Berne, May 22, 1905.

To the Members of the Interparliamentary Union:

Sir—I have the honor of advising you that the 13th interparliamentary conference will be held at Brussels and will be opened on Monday, August 28, 1905, in the hall of the chamber of representatives, in the palace of the nation.

ORDER OF BUSINESS.

(Excepting subjects which the interparliamentary council may add later.)

1. Election of presidents and vice presidents.
2. Views of the interparliamentary union concerning the program of the second Hague conference.
3. International academy of peace (proposition of the Danish group).
4. Constitution of permanent congress of states (proposition of the American group).
5. Revision of the by-laws of the interparliamentary union.
6. General report of the interparliamentary bureau.
7. Nomination of members of the interparliamentary council.
8. Time and place of next conference.

You will find below the full draft of the resolution adopted by the interparliamentary council concerning subject No. 2. Others will be sent later or distributed when the conference convenes.

The Belgian group for the third time offers the conference hospitality. We express the hope that you will respond to this evidence of the group's good feeling and of the sentiments by which it is animated by assisting at the general gathering. The importance of the questions to be treated will also induce you to take part. Besides, you will not forget that the initiative by us last year, in close neighborhood to the president of the United States, imposes upon us particular activity at this juncture.

The Belgian committee will later inform you of arrangements for entertaining the delegates who intend to take part.

The members are urgently requested to have their names entered at the interparliamentary bureau prior to July 15.

INTERPARLIAMENTARY UNION,
Dr. Gobat, Secretary General,
Swiss National Counsellor.

The following is a draft of the resolution to which the foregoing letter refers:

It is desirable that The Hague conference, for the convocation of which the president of the United States has taken the initiative, take under deliberation the following questions:

1. The subject matter referred by The Hague conference of 1899 to a later conference, to know
   (a) The rights and duties of neutrals;
   (b) The limitation of land and naval forces and military budgets;
   (c) The use of new types and calibers of rifles and naval guns;
   (d) The inviolability of private property at sea in time of war;
   (e) The bombardment of ports and cities and country by a naval force.
2. The renewal of The Hague agreements already expired.
3. Nature of an offer of good offices.
4. Periodicity of general conference of the states.
5. Consecutive order to be given to the views and decisions of these conferences and the preparation for ensuing conferences.
6. Elaboration of a model of a general arbitration treaty.

TESTIFIES AGAINST COMPANION

Father Seeks to Prove That His Son Is Incorrigible.

Attorney W. A. Golden of Webster avenue and Grant street appeared before Alderman Reilly yesterday and tried to prove his 17-year-old son, Syril, guilty of incorrigibility and have him sentenced to some institution. He had 15-year-old Frank Brank of 326 Dinwiddie street, there, who testified that he, in company with Syril and several other boys, had taken a box containing chewing gum and money from a store at 322 Dinwiddie street in July of last year, and Syril had pried the box open with a penknife, after they had let the awning down to conceal their actions.

This testimony was strenuously objected to by Attorney W. Marshall for the defense, but it was allowed by the alderman. The case was adjourned for a further hearing on Saturday morning, Attorney Marshall agreeing to find during the interval some home which would be entirely agreeable to Mr. Golden, who has been given full power to decide as to what home the boy should be placed in.

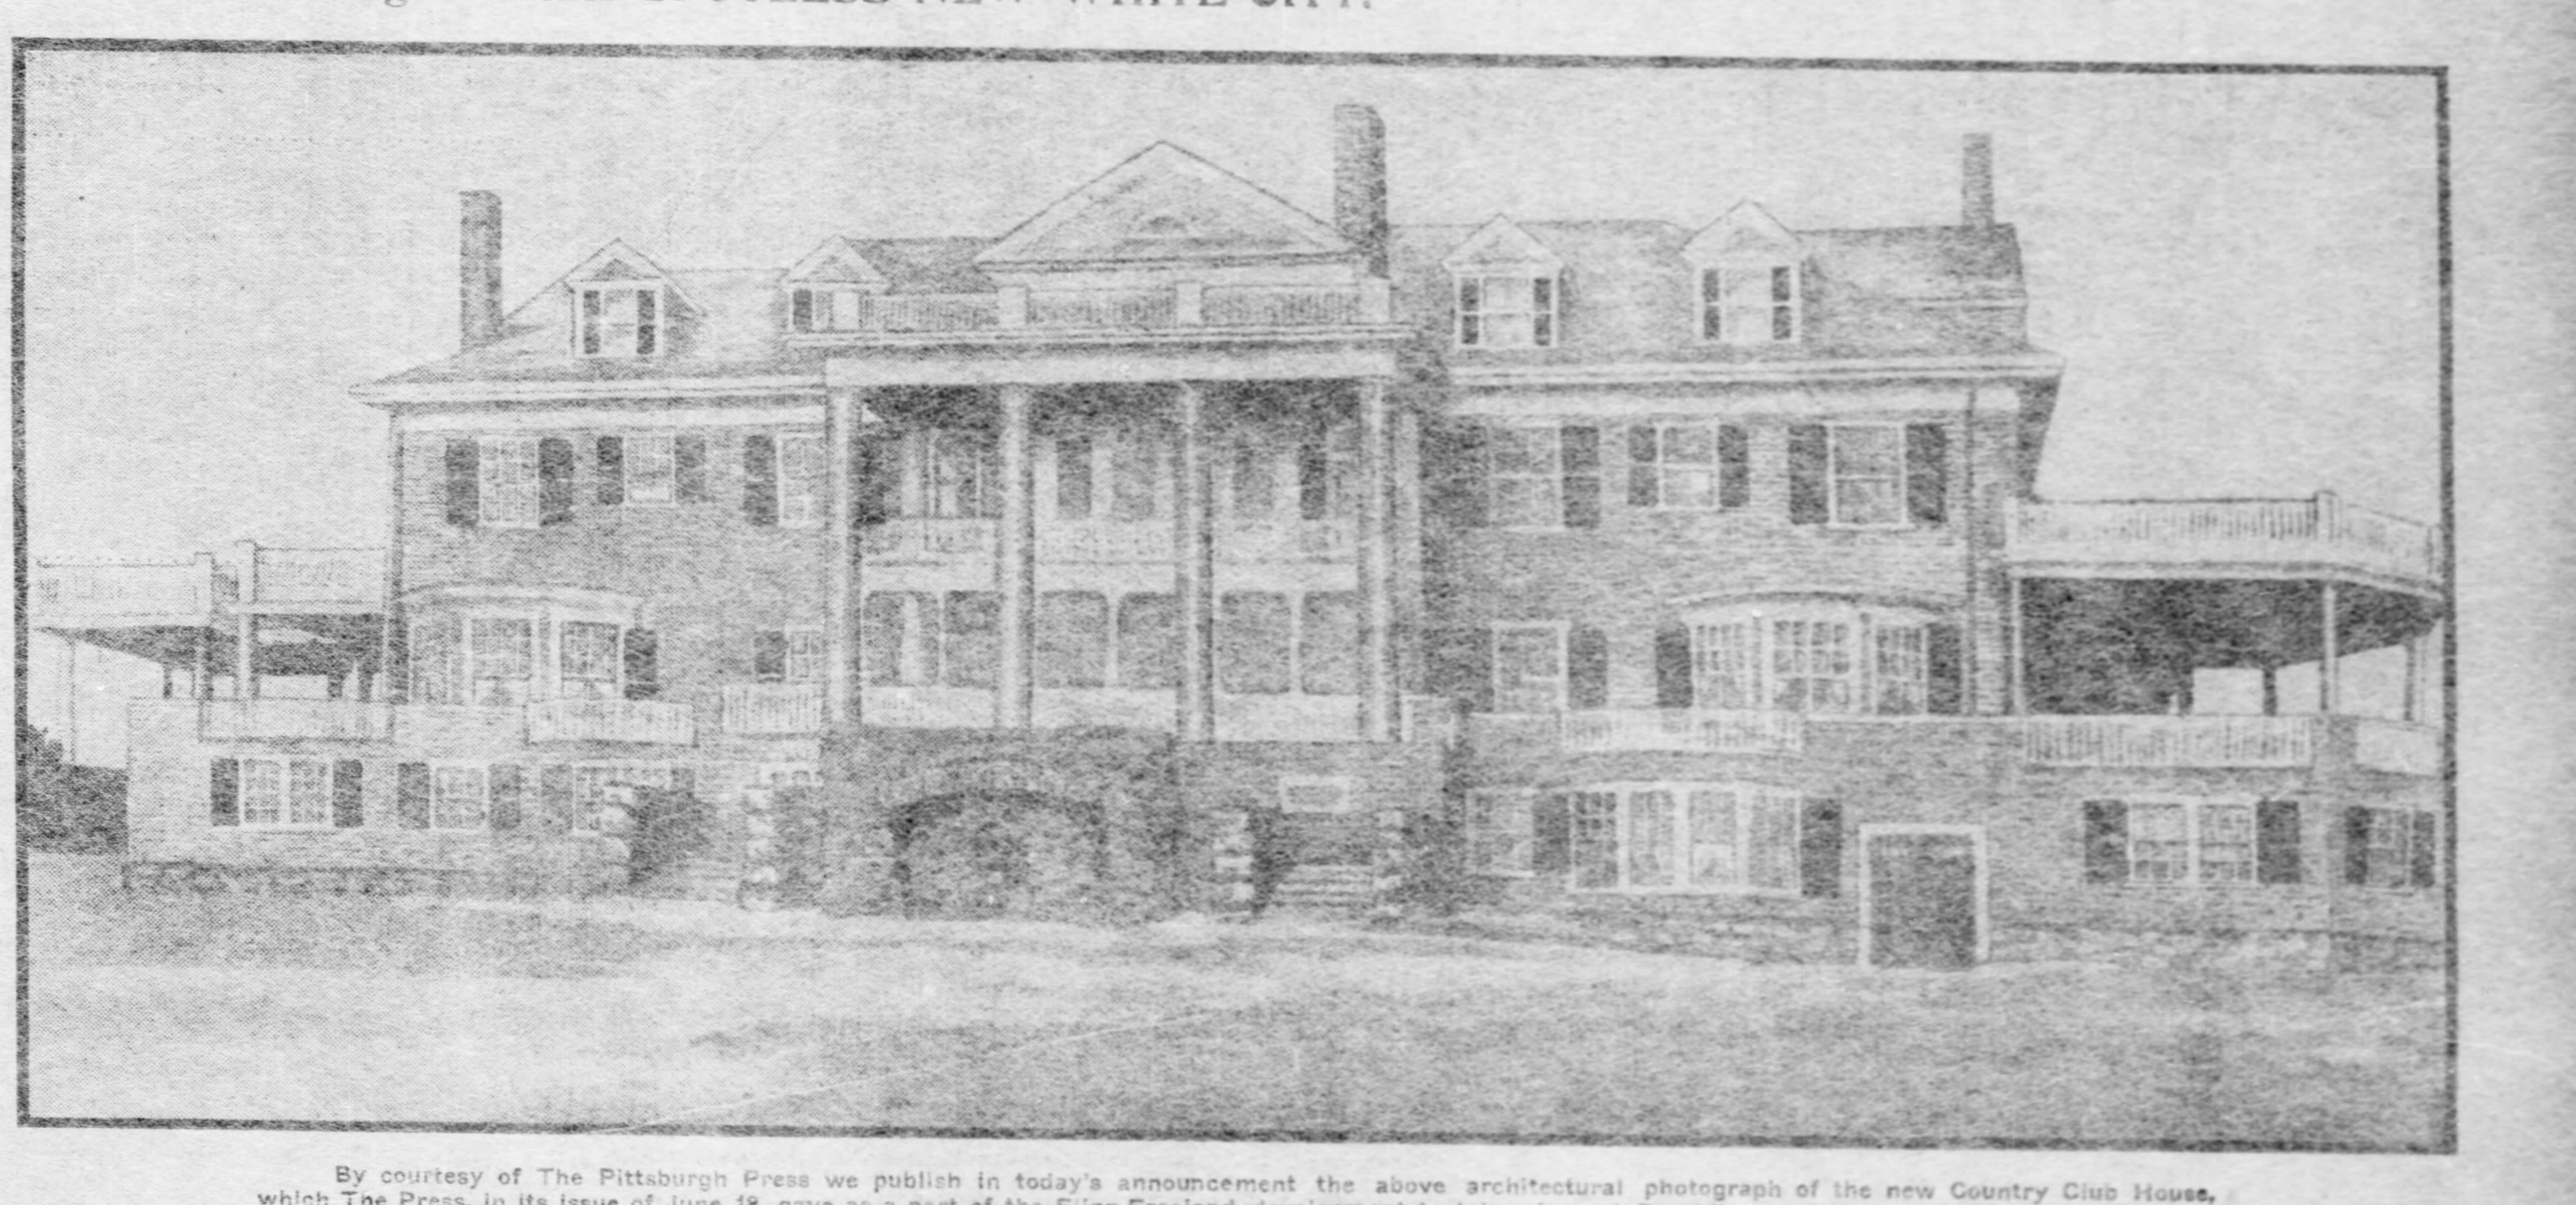
BROOKLINE

THE 15-MINUTE SUBURB

we feel impelled to urge all who contemplate building costly residences on Squirrel Hill or in any of the exclusive sections to defer their plans until they have thoroughly investigated the advantages of this SPOTLESS NEW WHITE CITY.



By courtesy of The Pittsburgh Press we publish in today's announcement the above architectural photograph of the new Country Club House, which The Press, in its issue of June 18, gave as a part of the Flinn-Freeland development to take place at Brookline.

You have still opportunity to select unbroken frontage at a fraction of the prices you would pay for real estate in the old districts. Then look what you'd have in a few years. A $100,000 estate! Many a Squirrel Hill investor got that much out of an investment of from $2,000 to $3,000. The investment sprouted when the tractions were introduced. From then on it grew like the stalk which Jack-of-the-Bean-Stalk planted. $2,000 to $3,000 will do the same at Brookline.

All the streets are paved or macadamized, many have stone curbing and granolithic-stone sidewalks, all of them graded and sewered, all of them electric lighted, all have city water and gas—nothing is missing.

Lots double-size and prices $100 to $1,000. Just about as many at $100 as at $1,000. Terms, 5 per cent down and 2½ per cent monthly. No interest or taxes for you to pay for 2 years.

Don't forget that you take the new BROOKLINE VIA WEST LIBERTY CARS on Smithfield Street. Take a south-bound car. You will be surprised how quickly it will get you through the Tunnel and on the property.

YALE RECEIVES GIFT FROM MR. ROCKEFELLER

Gives a Million to Famous School and Graduates Have Duplicated the Sum.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW HAVEN, June 28.—President Hadley of Yale announced at the alumni dinner this afternoon that a gift of $1,000,000 had been recently made by John D. Rockefeller. President Hadley also said that $2,000,000 in all have been given to the university within a comparatively recent time, the other $1,000,000 being subscribed by graduates in sums varying from $50,000 to $250,000. The names of the latter donors were not made public.

President Hadley said that the "only conditions of any kind underlying Mr. Rockefeller's gift is that the money is to be invested in income-producing securities and preserved inviolate as an endowment for the institution, the annual income only to be used for current expenses." He added that these $2,000,000 already subscribed were to be considered merely the beginnings of an endowment fund which must at least be doubled in the next year, if Yale is to maintain her position in the educational world.

The announcement of the gifts was received with loud applause.

AREN'T THERE SOME FURNISHINGS YOU'LL WANT?

PERHAPS UNDERWEAR?

You'll like the "Athletic" shirts the minute you see them—and like them better when you get into them. No sleeves to them—no buttons to them—Doesn't that appeal? Then there's the Knee Drawers in Nainsook, with or without elastic seams. A good mate for the "Athletic" shirts.

MAYBE SHIRTS—NEGLIGEES?

If you would go to the trouble of walking up to our third floor you'd see a shirt factory the extent of which would surprise you. Here's where all Bennett shirts are made—made under the best of sanitary conditions, by shirt-makers who know how to produce quality.

That's why you can always find so many exclusive and desirable patterns and colorings at this store. Every day they send us down something new. Much here to please you, in plain or plaited bosoms.

OR NECKWEAR?

The wide string ties in many new colors. In four-in-hands, the new crepe ties, silk or linen, in plain colors and the desirable foulards.

OR HOSE?

Tans, greys and the new plaids to wear with the low-cuts. Handsome hose which ought to win your approval.

AND COLLARS?

We designed the "Yale," "Driving Club" and the other low collars to relieve the neck-discomfort so prevalent on hot days, and we believe we've hit the nail smack on the head.

CEMETERY WILL LOOK LIKE PARK

Corporators at Annual Meeting Learn of Plans Which Are in Contemplation.

SONS SUCCEED THEIR FATHERS

The board of corporators of Allegheny cemetery, at their annual meeting held yesterday, learned of plans in contemplation for further beautifying the cemetery during the coming year, and of great progress which was made during the past 12 months. Supt. Falconer's report was full of interest and conveyed to the members many facts with which some of them were unfamiliar. The old receiving vault, which was built in 1857, will be in a short time no more. It is being dismantled and in its place will be constructed beautiful grass plots and driveways, covering a space of about an acre of ground. A space of about three acres, near the Penn avenue entrance, is also being graded and in the lower part of the cemetery a space of about two acres, is undergoing similar improvements. A handsome new receiving vault under construction will be completed shortly.

The purpose of the management is to take from the cemetery all semblance of a graveyard, and give to it more of a park appearance. With this end in view all of the old iron and stone fences will be taken down as will all of the small markers which stand upright above the graves.

At the meeting of the corporators yesterday S. C. McCandless was re-elected president; John A. Moore, secretary and treasurer, and John B. Jackson, Durbin Horne, Frank S. Bissell, Nathaniel Holmes, Reuben Miller and George A. Berry, with President McCandless, constitute the board of managers. There are 40 corporators, who fill their own vacancies, and Charles E. Speer, Jr., and James H. Lockhart were chosen to take the places of their fathers, who died during the year. Resolutions were passed on the death of Mr. Lockhart and Mr. Speer.

The report of Supt. Falconer showed that there lie buried in Allegheny cemetery a total of 47,537 persons, of which 1,015 were buried during the past year. There were erected during the year 237 head stones, 53 tombs, 25 monuments and four private vaults. The cost of these latter range from $1,000 to $14,000 each. There were 62 lots sold during the year, which brought in a total of $23,070. In the work of demolishing the old stone and iron fences 5,356 linear feet of the former and 4,303 linear feet of the latter have already been removed.

Allegheny cemetery is the third oldest park cemetery in the United States, Spring Grove at Cincinnati and Mt. Auburn in Boston, being older. To carry forward the work of improvement 20,000 bulbs, mostly tulips, hundreds of trees and thousands of shrubs have been recently planted.

PHYSICIAN IS INJURED BY FAULTY COAL HOLE COVER

Dr. W. D. King of Craig street stepped on a faulty coal hole cover at the corner of Fourth avenue and Smithfield street yesterday afternoon. He was nearly precipitated into the basement, and it required the aid of several persons to release him from his painful and perilous position. Both legs were badly cut and bruised, and the muscles severely strained. Dr. King was taken home in a carriage and will be confined to the house for several days.

Muskoka Sleeping Car Service Via Pennsylvania Railroad.

Beginning Friday, June 30, the Pennsylvania railroad will establish through Pullman sleeping car service from Pittsburgh to Muskoka Wharf, Canada, leaving Pittsburgh at 1:10 p. m., daily, arriving Buffalo (Exchange St. station), 8:15 p. m.; leaving Buffalo (L. V. R. R. station) via Grand Trunk railway, 12:00 midnight, arriving Muskoka Wharf at 6:45 a. m. Returning, sleeping car will leave Muskoka Wharf at 12:20 p. m., week days, and 10:50 a. m., Sundays, arriving Buffalo 7:20 p. m.; leaving Buffalo at 11:00 p. m., arriving Pittsburgh at 7:30 a. m.

ANSWER WILL COME TODAY ON TIN AND SHEET SCALE

American Company Will Make Its Decision on Amalgamated Proposition Known This Morning.

The decision of the American Sheet and Tin Plate Company on the request for an advance in wages and certain changes in rules made yesterday by the Amalgamated Association of Iron, Steel and Tin workers, will be made known today.

President T. J. Shaffer, President-elect P. J. McArdle and Secretary-Treasurer John Williams, representing the Amalgamated, met Charles W. Bray, first vice president of the big company, yesterday at the offices in the Vandergrift building. At 11 a. m. today a final answer from the company is expected. The constitution of the Amalgamated will force the stopping of work tomorrow unless the agreement is reached.

The independent sheet steel and tin plate manufacturers will meet the Amalgamated tomorrow to take up the scale. If terms are arranged with the American company that they can accept, all will be plain sailing. If not, there is doubt as to the future. Some of the independents have taken advantage of a provision similar to that in effect with the Republic Iron and Steel Company by which the Amalgamated allows the continuous operation of plants when a scale has not been signed. The old scale remains in effect while the board of conciliation sets on the case. Less than half of the independents, however, have asked this in time.

The American public used over three million last year. Give immediate relief—do not affect the heart. At all Druggists.

WOODWARD WILL IS NOT PROBATED

Lappe Will Contest Is Again Opened by a Decree of Judge Hawkins.

CLARK'S SONS CALL ENGINEER

The Lappe will contest is again opened by an order of Judge Hawkins declaring that no formal decree had ever been made by the register of wills for probating what is known as the "Woodward will" of the late John Christian Lappe. The death of Lappe occurred July 1901, and his estate has been in litigation ever since.

A will drawn by the late Marcus W. Woodward, and under which Mrs. Annie Gfeller, a foster child, was a legatee, was finally sustained after suits in the common pleas and supreme court. The distribution was about to be made when the lack of a decree probating the will was brought to Judge Hawkins' attention.

The case of Jonathan Clark's Sons Company against the city of Pittsburgh over the Highland reservoir contract was resumed before Judge Acheson in the United States circuit court yesterday. The plaintiffs' counsel continued the examination of D. S. Crooker, the supervising engineer for the plaintiff company. The burden of Mr. Crooker's tetimony was to prove that the rollers used in connecting the bottom and sides of the reservoir were too heavy for the embankment to stand and that the estimate furnished by the city engineers as to the cost for excavating for the reservoir was $5,000 less than should be. The plaintiffs, the attorney for the city alleges, are making claims for pay for work done on the reservoir by Keeling & Ridge, who finished the contracts.

Denies the Desertion Charge.

Louisa C. Diedrick filed an answer to the suit in divorce brought against her by Joseph L. Deidrick in which she demands a jury trial. Deidrick charges his wife with desertion, but this she denies and says her husband deserted her.

Judge Kennedy's branch of criminal court was crowded with Syrians during the trial of Elias Ferson, Barbari George, M. A. John, John Zarok, Said Salim, Elias Antom and Farson Gouge, on a charge of conspiracy made by the Rev. N. Kifartawy, pastor of St. Ann's Syrian Catholic church in Fulton street, who charged that the men tried to murder him.

James Plunkett, for entering a building, was sent to Huntingdon reformatory, and Emma Miller, assault and battery, was fined $5 and costs.

The grand jury yesterday returned true bills for murder against Mrs. Annie J. Mickle and Harriett Grant. Mrs. Mickle is alleged to have shot her husband, Harry Mickle, at their home, Cedar avenue, Allegheny, on May 5. Harriett Grant a negress, is alleged to have pushed James Franklin, a negro, down a pair of steps at her home, 12 Congress street, April , fracturing his skull, from which death ensued.

An ignored bill was returned against Anna Eva Fay, who was charged with fortune telling by Chief County Detective Robinson and the costs placed on the county.

Judge Dissatisfied With Return.

An ignored bill was also returned against Marshall Ruff and others, alleged officers of the Union League Colored Republican club, who were charged with keeping a gambling house and selling liquor without a license. The court was dissatisfied with the return and ordered it sent back for reconsideration.

Other true bills were: Felonious assault, John Beggs, A. P. Johnston, John Melock, Frank Smith; forgery, Walter E. Nelson (4), H. H. Robertson, M. M. Sapiro (2); robbery, Matt McGraw et al; entering a building, Ben Wheeler; larceny, Morris Silverman, Matt. Burns, Paul LaSalle, Harry Larno; aggravated assault and battery, Sebastian Loeb, James Stepito; false pretense, J. T. Ayres; receiving stolen goods, Susie Taylor; keeping a gambling house, J. H. Love; assault and battery, Walter [illegible], Louis Wamser, Mary Butcko, William [illegible], John Bukosky.

Judge Joseph Buffington heard argument by the United States attorneys in the matter of condemning the land of Nathaniel G. McCrum, near lock No. 1, which was attempted during the May term, but which was interrupted by an article in the newspapers, having been read by two of the jurors, and the court made the verdict. It is desired that the verdict be set aside and if it is the case will have to be tried again.

Judge Buffington issued an order to all the creditors of John Henry Simpson, formerly of the Atlas hotel in Sixth avenue, to show cause why the bankruptcy proceedings against him should not be dismissed. Simpson says that all but $706 37 of claims amounting to $55,616 have been paid.

Albert Edwin Miller, a butcher of Latrobe, filed a petition in bankruptcy. He places his liabilities at $1,275 46 and his assets at $559 78.

The damage suit entered by Mrs. Lena Levine against Attorney I. Leonard Aronson was discontinued yesterday. It was a dispute over an insurance transaction.

The Port Vue Methodist Episcopal church has applied for a charter. Attorney W. A. Seifert is the solicitor.

Executions issued: George H. Douglass et al vs. Edgar E. Swager, $288; United Real Estate and Construction Co., use, vs. B. F. Jackson, $85; W. B. Douglass vs. Morgan J. Cramer et al, $137; Martha McCann vs. David W. Jones, $1,626; Mary A. Hetzel vs. Ed. G. Roesler et al, $1,620; D. H. Tolman vs. Edward B. Clark, $125 28; Pennsylvania Salt Manufacturing Company, use, vs. Leopold Macho, $681.

Suit for divorce has been entered by John Herbert Browne against Marie Brown. He charges infidelity and names Frank Ledane as corespondent. The last he heard of his wife she was in New York.

W. B. CARSON IS HEARD.

Secretary of the Philadelphia Co. Is Plaintiff's Witness in Railway Case.

Secretary W. B. Carson of the Philadelphia company was the only witness for the plaintiffs examined yesterday before United States Commissioner H. D. Gamble in the Grant boulevard case. He was examined in reference to the manner in which the Grant and Liberty street Railway Company became the property of the Philadelphia Company and the Pittsburgh Railways Company, and in what manner the Pittsburgh Railways Company now controls the Grant and Liberty railway company. An attempt was made to have Mr. Carson tell how much money was paid for the Grant and Liberty street company's stock and to whom it was paid. It is expected that another argument will have to be made before Judge Buffington before Carson's testimony is concluded.

An afternoon session of the hearings in the case was held and C. W. Jones, an attorney; Louis Reinneman, a notary public, and a Mr. Guffey, a real estate dealer, were examined for the defendants. Commissioner Gamble, at the close of the session, refused to make public the testimony of these witnesses, but said it was not of much importance. The hearings will be resumed at 9:30 a. m. today.

BRINGS HOME A BRIDE.

Capt. John A. Wood Returns to Pittsburgh With a California Girl as a Consort.

Capt. John A. Wood, aged 75, known from Pittsburgh to New Orleans as a coal operator, has just returned to his home in the West End, and with him came a bride. For the past six or eight months Capt. Wood and Mrs. Wood have been on their wedding trip throughout the west and along the Pacific coast. A year ago last winter, while on a business trip to the coast, Capt. Wood met Miss Lydia Mae Tripp, aged 24, at Palo Alto, Cal. An engagement soon followed and the date for the wedding was set for May 18, 1905, as Miss Wood was just finishing a course at Leland Stanford university.

Capt. Wood returned to Pittsburgh, voted for President Roosevelt and on the same date again started west, accompanied by his son, Samuel L. Wood and wife. Arriving in the west the wedding date was changed and the marriage took place on December 24, at the home of Mrs. Maud Bodley, of Palo Alto, a daughter of Capt. Wood. When the wedding trip was over Mrs. Wood went back to the university, from where she was graduated on May 18. The party at once started on the homeward trip by way of Portland, Ore., stopping for a time at the Lewis and Clark exposition. They have now been at their West End home for several days.

Sales at "Penn Manor."

"Penn Manor" plan of lots is meeting with much success. It lies in the midst of a substantially built-up brick residence section, out the Brownsville road, and reached by the Smithfield street Knoxville (tunnel) cars in 15 minutes. Although it has been officially opened for about a week, yet the first house is being erected by Joseph J. Bandy on lot No. 7. This house is to cost $5,500 and is of the most modern type of pressed brick, designed by Architect O. C. Strausburger of Mt. Oliver station, Pittsburgh. The Rankin Improvement Company also report a sale to Charles Foerster of the Hill Top district, who is planning to build a $4,000 brick reception hall house. The improvements on this plan are exceptionally noticeable, and quick sales to the better class of home builders are predicted.

SPECIAL'S TIME IS READJUSTED

Pennsylvania Flyer Has Good Runs— Surgeons Want Terminal Quarters.

FOUR WABASH APPOINTMENTS

Transportation and passenger department officers of the Pennsylvania system east and west of Pittsburgh are working upon an adjustment of the schedule of the Pennsylvania Special, the new 18-hour train between New York and Chicago. This work is not upon a reduction or extension of the running time. It was stated officially that no change from the exact 18-hour schedule is contemplated. The readjustment is made principally for the convenience of the dining car department of the system, while there will also probably be some tightening of the running time at some points and easing at other places on the road. Altogether there will not be a change of more than from five to eight minutes at any one point.

Since the inauguration of the Pennsylvania Special on June 11 it has arrived on time or slightly ahead of time at the New York and Chicago ends on all runs excepting four. The latest arriving time in these cases was 40 minutes behind time. This was caused by the necessary change of a portion of a truck under one of the cars at Harrisburg, because of a hot box. Being caught behind a freight wreck, having a broken engine and arriving behind a broken freight engine were the causes of the other three delays in reaching the terminals on time.

Surgical Rooms at Terminals.

Aside from the presence of President Oscar G. Murray and General Manager Thomas Fitzgerald at the opening session of the sixteenth annual meeting of the Baltimore & Ohio Association of Railway Surgeons at the Monongahela house, yesterday morning, the most important phase was the speech of Dr. H. S. Hedges, president of the association. Dr. Hedges emphasized the needs of surgical operating rooms at terminals and other important points for caring for those who are injured on the road, and recommended that a committee be appointed to confer with the company's officers upon the matter. He also argued for instruction to be given road employes for caring for the injured until medical help arrives.

The surgeons were welcomed by Assistant City Solicitor John A. Blair, representing Mayor Hays, and by Dr. E. B. Heckel, president of the Allegheny County Medical society, while responses were made by President Hedges, R. S. Barr, superintendent of the relief department, and B. W. Duer, superintendent of the Pittsburgh division of the B. & O. President Murray and General Manager Fitzgerald spoke their appreciation of the surgeons' work for the company. In the afternoon papers were read on four subjects by Dr. I. R. Trimble of Baltimore, Dr. Heckel of Pittsburgh, Dr. E. G. Bell of Washington, D. C., and Dr. T. H. Brannan of Canal Dover, O. A reception was held last evening. A clinic and scientific session will occupy this forenoon and the visitors will see the automobile races this afternoon. A smoker will be given at the Union club this evening. There are about 50 surgeons of the company at the meeting and more are expected. Many of the visitors are accompanied by their wives, who are being entertained by wives of the local surgeons and physicians. The convention will close tomorrow noon.

Delano Gets Burlington Men.

F. A. Delano, president of the Wabash Pittsburgh Terminal railway and first vice president of the Wabash railroad, has just given important berths to former Burlington system employes. Mr. Delano, it will be remembered, was formerly general manager of the Burlington. Naturally he was given opportunity to study the men under him and he has selected at least three for the service of the Wabash system. George G. Yeomans, who has been purchasing agent of the Burlington system, has been selected by Mr. Delano for his right hand man, with the title of assistant to the first vice president. His headquarters are in Chicago. C. A. How, formerly a Burlington man, but latterly identified with the Fitz-Hugh-Luther Company at Chicago, has been appointed supply agent of the Wabash, effective July 1, with headquarters at St. Louis. John H. Dacey, who has been division master mechanic of the Burlington at St. Joseph, Mo., has been appointed master mechanic of the Wabash at Moberly, Mo.

E. D. Taylor, who has been private secretary to President Joseph Ramsey, Jr., and who is well and favorably known in Pittsburgh, has been appointed chief clerk of the general manager's department of the Wabash at St. Louis. Mr. Taylor knows practically every inch of the Wabash system and is given a responsible position.

Wabash Needs No Straightening.

A story has been circulated from Pittsburgh throughout the country that the first task of Chief Engineer George T. Barnsley and Consulting Engineer H. T. Douglas of the Wabash lines east of Toledo will be the elimination of bad curves and heavy grades on the new line into Pittsburgh. To those who know how the Wabash Pittsburgh Terminal railway was built and to those who have ridden over the road this story will be recognized as ridiculous. Under similar conditions of topography there has not been a better railroad constructed in America than this line. There is no curve of more than three degrees between Pittsburgh and Pittsburgh Junction, a distance of 60 miles, and there are only a couple of such curves. The prevailing grade is between .4 and .5 of 1 per cent, with one maximum grade of .7 of 1 per cent.

First Vice President B. A. Worthington, General Manager Robert Blickensderfer, Chief Engineer Barnsley, Consulting Engineer Douglas, Freight Traffic Manager W. D. Holliday, Superintendent H. W. McMaster and Superintendent of Terminals C. V. Wood made a thorough inspection of the West Side Belt line property yesterday, spending the whole day on the road and looking into the projected connections to the Monongahela valley manufacturing plants.

Traffic Men Will Convene Here.

The Union line representatives throughout the country and the regular line soliciting agents of the Pennsylvania system will convene at the Hotel Schenley today for a two-day session, as was announced in The Gazette a few days ago. After a full day's business session the 200 or more representatives will assemble around a banquet table this evening. Tomorrow will be given over to an inspection of the Pennsylvania system terminals here and to a trip over the Pennsylvania as far east as Conemaugh.

Railroad Notes.

General Passenger Agent Samuel Moody returned from a jaunt among Michigan lakes.

The Baltimore & Ohio Southwestern has established an eight-hour service between Cincinnati and St. Louis.

John R. Pott, district passenger agent of the Chicago, Milwaukee & St. Paul railway, will be at his headquarters here today.

Joseph Gittings, city passenger agent of the Rock Island-Frisco system, is expected home today from his visit to Raleigh, N. C.

General Passenger and Ticket Agent C. S. Crane will remain in Pittsburgh today for further conference on Wabash matters.

John G. Renner, comptroller of the Pennsylvania lines west, is attending a three-day session of the Association of American Railway Accounting Officers in New York.

President Murray and the other officers of the Baltimore & Ohio left Allegheny shortly before 3 p. m. yesterday for Mt. Jewett, having spent the day up to that time inspecting the local terminals and shops.

A. J. Wilson, formerly dining car conductor on the Royal Blue limited trains of the B. & O. out of Pittsburgh, but recently stationed on the eastern lines, is relieving Conductor G. Marquette on the Pittsburgh-Zanesville run.

Third Vice President J. J. Turner, General Manager G. L. Peck, General Superintendent Ralph Peters and Superintendent P. A. Bonebrake, of the Pennsylvania lines west, inspected the Scully yard and the Chartiers branch.

The Pennsylvania railroad has awarded to the Millard & McGraw Construction Company a contract for double-tracking the line from Princeton Junction to Princeton, N. J., and for a change of part of the roadway to eliminate a curve and a grade.

CITY EMPLOYES TO HAVE MONEY ON THE FOURTH

The monthly pay-rolls are being sent to Controller Larkin about a week earlier than usual, so that the city employes may have money to spend on the Fourth of July. All the city employes will draw their June salaries ahead of time, except the firemen and policemen. Every fireman and policeman will be on duty on the Fourth, and for this reason Director Moore will not send in the payrolls for those two bureaus.

Will Present Pirates of Penzance.

"The Pirates of Penzance," one of Gilbert and Sullivan's tuneful operas, will be presented this and tomorrow evenings in the new Gayety theater by the Buckingham opera company, composed of local amateurs well known in choir and social circles. With an exceptional cast of Pittsburgh talent and a well-balanced chorus, together with frequent rehearsals, meritorious performances are expected. Frank J. Palmer of Philadelphia will manage and stage the performance.

Doctors, lawyers, teachers and other professional men and women will find a source of much convenience and profit to have a savings account at the Peoples Savings Bank, Fourth avenue and Wood street. Four per cent compound interest paid.

GEORGE S. BAIRD RESIGNS.

Vice President of Republic Iron Company Quits to Take Charge of Peter L. Kimberly Estate.

YOUNGSTOWN, O., June 28.—(Special.)—According to reports, which are semi-officially confirmed, George A. Baird, vice president and general sales agent of the Republic Iron and Steel Company, will resign his position to take effect at once. Mr. Baird will make a trip to California.

The reason for this decision on the part of Mr. Baird is that he will be compelled to devote his entire time to the administration of the affairs of the Peter L. Kimberly estate, of which he is one of the trustees. His salary for the trusteeship is $20,000 a year for five years. Besides he is to receive 5 per cent of the estate, which will amount to at least $500,000.

Charges Against Justice Hooker.

ALBANY, N. Y., June 28.—The special session of the legislature reconvened today, after a short recess, and the senate unanimously adopted the committee's report approving the assembly's charges looking to the removal of Justice Hooker of the supreme court. The hearing was set for July 11.

Women's suit news of the sort and at prices to make women wonder

OUR great sale of women's suits warrants much praise from discerning women. The display represents what no other store in town can show and we feel justified in saying that greater values were never offered. This sale of suits is certainly enjoying the commendation of the intelligent and appreciative women of Pittsburgh. Those who have investigated the scope of our stock and are familiar with value-giving about town will not buy elsewhere—for why should they; it would mean rash extravagance. Today we offer more advantageous money-saving inducements with an entire re-arrangement of our stocks. Every item quoted below is a strong buying—compelling reason for purchasing NOW.

Suits pictured below will be duplicated at our counters in material form at prices quoted.

The illustration does not do justice to the garments, nor half depict the chicness, coquettishness or beauty of these summer suits. Neither do the prices suggest in any sense the great care exercised in fashioning and finishing the garments. You'll wonder that such low prices could be attached to suits of such undeniable beauty.

Stocks arranged to facilitate selection and everything bids fair to make this sale a succession of triumphs for us in suit selling.

THE PIRATES MADE A CLEAN SWEEP AT ST. LOUIS

FOUR STRAIGHT FOR PIRATES

Clarke's Crew Manage to Land on Taylor at Proper Time, and Field in Fine Style.

ROBERTAILLE'S GOOD WORK

[SPECIAL TELEGRAM TO THE GAZETTE.]

ST. LOUIS, June 28.—Clarke's band of buccaneers, laden with the trophies of four straight victories over the crippled troopers under "Togo" Burke, quietly stole out of town tonight, to be back in their smoke-town strongholds when the Pittsburgh faithful awakens tomorrow morning.

Jack Taylor, hero of the 18-inning struggle of last Saturday, was beaten by the lads from Pittsburgh by the same score as the Chicago game, 2 to 1. It was not Jacks' fault, however. Inability to hit at the opportune moments, poor base running with Cardinals at the station and the fast and accurate fielding of the invaders are the reasons for genial Jack's dethronement. Several times the Cardinals had an opportunity to tie the score but the same weakness which stretched the Saturday contest into long innings was present today and allowed brother Fred to make a clean sweep of the St. Louis series.

Shay's injured finger proved to be much worse than was imagined and he may be out of the game a week while Brain was brought in from the outer works again and played a good game at short, piloting a fast double on a ball which glanced from Taylor's hands.

For the visitors Wagner, Ritchey and McBride did the best work and knocked down several smashes which looked good for base hits. Only the fast fielding of the lads behind Robertaille turned him a victor over the veteran Taylor. The midget had excellent control and a weak tantalizing out curve which kept the batters in a state of anxiety until they had left the batter's box. The score:

THE COLLEGIANS BEATEN.

Costly Errors Allows Waynesburg Team a Victory in the Final Inning.

WAYNESBURG, June 28.—(Special.)—The Pittsburgh Collegians were beaten in a lively hitting game today 8 to 7. The Pittsburghers walloped Mullen for 17 hits. Pfeifer hitting in four runs with two three-baggers. He hit to the middle field fence in the ninth with Sultz and Doyle on bases. Waynesburg won in its half of the ninth. Price and Thonhurst making errors. A one-hand catch by Phillips robbing Uptegraff of a sure home run was a feature. The Score:

ANOTHER BASEBALL UNION.

Federation of Labor Trying to Get the Players in Line.

DETROIT, June 28.—An attempt is being made to organize an international union of professional baseball players affiliated with the American Federation of Labor, according to letters received today by members of the Detroit American league baseball team. The letters are signed by Herman Robertson, organizer of the American Federation of Labor, and say that it is intended that the proposed association shall be known as the International Association of Professional Baseball Players of America, and that it will include in its membership all the professional ball players in the United States and Canada. A membership application accompanied each letter.

The letters say that the American Federation of Labor is to pay the expenses of organizing the new union.

Fine Victory for Washington.

WASHINGTON, PA., June 28.—(Special.)—In a twilight game this evening the Washington independents defeated the crack Kindelberger team of Wheeling 2 to 1. It was by far the best game this season. Both pitchers performed excellently and each was accorded brilliant support. The feature was the drive of Jude for three bases. Score: R.H.E.

TRI-STATE LEAGUE GAMES PROVE LIVELY AFFAIRS

Johnstown and Altoona Win Their Contests—Harrisburg and York Split Double Headers.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

JOHNSTOWN, June 28.—Runs were scarce in the first six innings of the game here today, which was won by Johnstown over Coatesville 6 to 5. A batting rally netted the visitors four in the seventh, and three hits with two bases on balls let Johnstown tie the score in the same inning. Miller broke up the game by driving Martin home in the ninth. Attendance 900. Score:

FOOLED THE TALENT.

Sam Jones' Reversal of Form Cost the Knowing Ones Big Load of Cash.

CONNELLSVILLE, PA., June 28.—(Special.)—A crowd of 4,000 persons saw the races on the second day of the meet on the Pittsburgh, Monongahela and Ohio Valley circuit at the Dawson park today. The sensational feature was the work of Sam Jones, owned by Samuel K. Reed of Connellsville, in the first race. In the first heat the horse was so far behind it was ordered out, but owing to the required flag not being out in went back in, and to the surprise of all came under the wire well in the lead in the other three heats. Many were thus fooled, and it is said over a thousand dollars was dropped on the race. The first was a 2:24 pace. Results:

Sam Jones, b. g., Sampson K. Reed, Connellsville, Pa. 7 1 1 1

Time, 2:23¼, 2:23½, 2:23¼, 2:23¼.

In the second race, a 2:22 trot, Montana Guard, by Ponce De Leon, and driven by its owner, won with ease in three successive heats. Results:

Montana Guard, b. s., Charles Atkinson, Norfolk, Va. 1 1 1
Admiral Schley, b. g., H. T. Cochran, Dawson, Pa. 2 4 2

Norman Roe, b. g., F. Jamison, Indiana, Pa. 3 3 3
Time, 2:21¼, 2:22¼, 2:22¼.

In the third race, a 2:16 trot, Joe N., the Pittsburgh gelding, was the general favorite with the bettors until after the second heat, when he fell behind and big odds were offered on Uledi, which won the first two heats easily but beat Joe N by less than a head in the last heat.

NILES WINS GREAT GAME.

Delehanty's Home Run Hit Brought Team Victory in the 18th Inning.

NILES, O., June 28.—(Special.)—In the greatest game of ball ever played in the Mahoning valley, Niles defeated Zanesville today, 5 to 4, in 18 innings. Zanesville had three scores at the end of the fourth inning and Niles two in the eighth, and neither side were able to score again until the 18th, when Drumm made a home run, with one out. Niles came to bat, and after making one run, tying the score, and one man on base, Delehanty put the ball over the fence for a home run, winning the game. Rightfielder Bailey in going after Delehanty's home run hit in the 18th inning ran against the fence and broke his collar bone. Score:

New York 5-3—Boston 2-1.

BOSTON, June 28.—Boston went down in double defeat today in two exciting contests with New York. The first game was won by the visitors by three consecutive hits and a steal home by Dougherty in the tenth inning. Kleinow and Chesbro were sent to the bench in the fifth inning of the first game for pushing Umpire McCarthy. In the second game Chesbro went in again and was hit hard, but the magnificent fielding of New York held the home team in check. A wonderful running catch by Keeler in the sixth inning was the feature of the game. Scores:

BUT ONE AMERICAN LEFT.

W. A. Larned Is the One on Whom Hopes Now Depend for English Championship.

LONDON, June 28.—All of the Americans with the exception of W. A. Larned are now out of the running for the British lawn tennis championship. Clothier, although defeated, had the distinction of providing the most sensational match of the tournament. In F. Wilding, who is a reserve member of the Australian team, which will compete for the Dwight F. Davis trophy, Clothier met a general whose steadiness enabled him to snatch a great contest from the American player.

Larned at the same time was having an almost equally hot struggle with another New Englander—H. A. Parker. Throughout the match, however, Larned seemed to have something in hand, and though the match went to five sets, he did not exert himself to his utmost capacity. A. W. Gore, who, it will be remembered, took the first British team to the United States, proved too strong for Beals C. Wright. Gore kept at good length throughout, was extremely accurate in placing, and maintained a tremendous pace.

The result of the Wimbledon tournament has given the British players a new lease of life, and in anticipation of the Davis cup play they are already claiming certain victory for the Doherty brothers; but both Ward and Wright said to the Associated Press today that while it would have afforded them satisfaction to secure the all-England championship cup, what they came for was the Davis cup, and this they expected to get.

Miss May Sutton of Pasadena, Cal., won both her matches, the feature of her game being strong drives from the base line.

County League Meeting Called.

MATCH PLAY ROUNDS AT EDGEWORTH CLUB

Tournament for Women for the R. D. Haworth Cup—Semi-Finals on the Oakmont Links.

The first match play rounds at the Edgeworth club in the golf tournament for a cup offered for women by R. D. Haworth were played yesterday.

Mrs. O. D. Thompson defeated Mrs. George E. McCague 3 and 1; Miss Clara Armstrong beat Mrs. C. L. Shannon, 4 and 2, and Mrs. Robert Wardrop played an all even match with Mrs. R. P. Nevin, Jr., for 27 holes. They were tied at the eighteenth hole and neither could gain an advantage after nine more holes had been played. Miss Betty Wardrop drew a bye.

The pairings for today are Mrs. O. D. Thompson against Miss Wardrop and Miss Armstrong against the winner of the play-off of the tie between Mrs. Robert Wardrop and Mrs. R. P. Nevin, Jr.

In the semi-finals of the match play rounds at the Oakmont Country club yesterday H. C. Fownes beat J. Stephen Martin 1 up; W. T. Drill beat F. X. Barr 2 up in the second eight for the cup offered by H. H. Fownes.

In the first eight for the cup offered by J. S. Martin, G. S. Proctor beat W. C. Fownes, Jr., by 1 up and J. O'H. Denny beat C. B. Fownes by 4 and 3. The contestants play under three-fourths of their regularly assigned handicaps. W. C. Fownes, Jr., is the scratch player.

This leaves the finals for the first cup between J. O'H. Denny and G. S. Proctor and for the second cup between H. C. Fownes and W. T. Drill.

Golf Notes.

Jack Dingwall, professional, at the Edgeworth club and Fred Brand, professional, at the Allegheny Country club, are at the western open championship at Cincinnati.

The Western Golf association has inaugurated a team competition of four players from any golf association in the world, which will be played for annually on the links of the Chicago Golf club, Wheaton, Ill. The competition is at 36 holes, medal scores to count. The first competition will be played August 7.

McKeesport Gets a Surprise.

Neary and Herrera Matched.

NEW YORK, June 28.—(Special.)—After much dickering a match has finally been arranged between Charley Neary, the Milwaukee lightweight, and Aurelio Herrera, the Mexican pugilist. They will come together in a 20-round bout at Butte, Mont., on the afternoon of July 4.

Crosby Led the Shooters.

INDIANAPOLIS, IND., June 28.—The first day's events preliminary to the grand American handicap shoot were concluded today, having been carried over from yesterday. They consisted of 10 20-target events. W. R. Crosby of O'Fallon, Ill., was first with 199 breaks out of a possible 200. He missed his first target. Fred Gilbert of Spirit Lake, Ia., was second with 190.

SAFE DEPOSIT AND TRUST OF PITTSBURG

SOCIETY

EXCEEDINGLY interesting was the wedding of Miss Louise Mae Gable, daughter of Mrs. Mary E. Gable of Neville street, and Harold Gittings, son of Joseph H. Gittings, which was an event of yesterday afternoon. The Shadyside Presbyterian church was the scene of the wedding, its pastor, the Rev. Dr. J. Kinsey Smith, performing the ceremony at 5 o'clock. The bride entered the church on the arm of her brother-in-law, E. D. Monfalcone, who gave her hand in marriage. Her attendants were Mr. Monfalcone's young daughter, Renee Monfalcone, and two little nieces of the bridegroom, Henriette Nausikaa von Kunits and Aglaia Josephine von Kunits. Dr. Harry St. John Midgeley acted as best man, and the duties of ushers were performed by Edward J. Napier, John R. Roberts, George Pulen and George Schwan. A clump of palms, with a base of ferns, was the only decoration in the church, and a very simple floral scheme was carried out at the Gittings home in Ellsworth avenue, where a wedding dinner followed the church ceremony. The bride wore a gown of white batiste and lace, which was bewitchingly dainty in its simplicity. She also wore a smart little hat, fashioned of pink straw and trimmed in a plume and roses to match. Her bouquet was of pink sweat peas. The maid of honor was in white lawn with white lace and chiffon hat. She carried an immense bouquet of lavendar sweet peas. The two charming little flower maidens wore low-necked frocks of white, embroidered around the hem in green. Hung over their arms were baskets of white sweet peas.

The music was a feature of the wedding. Prior to the ceremony Joseph H. Gittings gave an organ program of exquisite numbers, interspersed by Dan T. Beddoe's tenor solo, "Song of Thanksgiving" by Allittson, and several violin numbers by Luigi von Kunits, including Bach's "Sarabande," Schumann's "Revery" and his own "Lullaby." The choir of the church, composed of Mr. Beddoe, Miss Anne Griffiths, Miss Helen Steinert and Edward Fownes, sang the wedding march from Lohengrin, and during the ceremony gave Barnaby's "O, Perfect Love." During the evening Mr. and Mrs. Gittings left the city for an eastern tour, at the conclusion of which they will reside in Neville street, having announced days at home after July 28.

Out-of-Town Weddings.

UNIONTOWN—The wedding of Homer H. Hess and Miss Isabel D. Hogsett, both of this place, took place at 7 o'clock tonight at the home of the bride's parents, Mr. and Mrs. William Hogsett. Dr. A. S. Milholland of the First Presbyterian church officiated.

CONNELLSVILLE—The wedding of Miss Elizabeth W. Whiteley and Elmer C. McClelland took place this morning. Rev. M. A. Higg officiated.

JEANNETTE—Miss Martha Feree, daughter of McDonough Feree, and Mr. Bert Crock were married last evening at the residence of the bride by Rev. W. R. Calhoun, of the Manor Presbyterian church.

JEANNETTE—Robert M. Baughman, son of ex-Mayor Baughman, and Miss Carolin Merrill, daughter of Oscar B. Merrill, were married this morning at the Church of the Advent. Rev. Hobart Barber performed the ceremony.

GREENSBURG—At the home of the bride's parents last evening Miss Roma Grace Best, daughter of Mr. and Mrs. George M. Best of Sardis, and Dr. George Orbin Hall, of Murrysville, were married by Rev. Dr. S. T. Mitchell, of Aspinwall.

UNIONTOWN—Mr. and Mrs. John T. Darby have issued invitations for a reception at their home in Uniontown Tuesday evening, July 4, inhonor of the twenty-fifth anniversary of their wedding.

FREEPORT—At the home of Mr. and Mrs. J. O. Ralston this evening at 6 o'clock, their daughter, Miss Myrtle B. Ralston, was married to Albert J. Wetzel. The ceremony was performed by Rev. A. A. Bonton, rector of the Protestant Episcopal church.

GREENSBURG—Miss Evelyn Garwood of California, Pa., will be married to William S. Rial of Greensburg in Christ church July 5, at noon. Miss Garwood was until recently a teacher in the Greensburg schools.

ROCHESTER—Miss Amelia Emma, daughter of Mr. and Mrs. Leonard Goettman, and Mr. Leman Woodruff, son of Mr. and Mrs. Wheelan W. Dolby, were married here this evening. The ceremony was performed at 8 o'clock by Rev. Dr. T. B. Anderson of the First Presbyterian church.

IRWIN—Miss Agnes Holihan of Larimer, and John A. Shea of Irwin, were married this evening in the Immaculate Conception Roman Catholic church here. Rev. Thomas McBurne officiated.

Many Weddings in McKeesport.

Young people of McKeesport are hurrying to get married before June expires. Twenty-five weddings have been recorded since Monday, and others are to take place. A pretty church wedding took place yesterday morning at St. Pius Roman Catholic church when James McKenna and Miss Mayme Joyce were married. The attendants were Miss Nora Joyce and Mr. Cleve Van Horn. Following the ceremony a wedding breakfast was served at the home of the bride's parents, Jerome street.

Charles R. Petty and Miss Emma Imhoff were married yesterday morning at St. Mary's German Catholic church. Mr. Petty is employed in the office of the city engineer.

Frank Conway and Miss Clara Carroll were married yesterday morning at St. Peter's Roman Catholic church.

Last evening Frederick C. N. Markus and Miss Margaret S. Brimmer were married at the home of the bride's parents, Mr. and Mrs. James L. Brimmer of 1406 Fifth avenue.

August Schnore of Lorain, O., formerly of McKeesport, and Miss Mary Coleman were married yesterday morning at St. Peter's Roman Catholic church. A wedding breakfast was served at the home of the bride's parents in Union avenue.

Charles Cherrington and Miss Mary Harrison were married last evening at the parsonage of the Central Presbyterian church.

Frank D. Newcomer and Miss Catherine Elder were married yesterday afternoon at the First Baptist church. Miss Annie Crizler was the only attendant.

Charles Rowe and Miss Ella Blosser of Glassport were married last evening at the parsonage of the Coursin Street Methodist Episcopal church.

H. O. Clay Heisel and Miss Fannie M. Longenecker were married yesterday afternoon at the parsonage of the First Baptist church.

George T. Shaw and Miss Lottie Reynolds were married last evening at the parsonage of the First Reformed church.

Walter Estep and Miss Bessie Horne were married last evening at the home of the bride's mother, Mrs. C. Horne, Locust street.

Mills-Baldridge.

Miss Elizabeth, daughter of Mr. and Mrs. Stephen D. Mills of Camp avenue, and Clarence Ray Baldridge, both of Braddock, were married last evening at the home of the bride's parents. The Rev. O. H. Phillips, pastor of the First Christian church, officiated, and the ceremony was witnessed by about 100 guests. The matron of honor was Mrs. John T. Jones of Youngstown, O., and the bridesmaids were Miss Mabel Mills, a sister of the bride, and Miss Bessie Stroup. Carl Baldridge, a brother of the groom, was best man, and the ushers were Dr. W. W. Mills and Clyde H. Oskin. The flower girls were Laird Mills and Isabel McDonald. Miss Lillian Gordon of Youngstown played the wedding march. The bride wore white silk trimmed in lace and carried white roses, while her maids wore white organdie over silk. After an extended eastern wedding trip Mr. and Mrs. Baldridge will live in Braddock. The bride and groom both come of the oldest families in Braddock. Mr. Baldridge is engaged in the real estate business in Braddock.

Stoner-Haven.

Miss Dorothy Elizabeth Stoner and Robert C. Haven were quietly married last evening at the residence of the bride's mother, Mrs. Murray Stoner, in Wilkinsburg. The Rev. Arthur Smith, pastor of the Mifflin Avenue Methodist Episcopal church, was the officiant, 8 o'clock being the hour set for the ceremony. Mrs. W. C. Murray, a sister of the bride, was her matron of honor, Miss Anna Maud Basley served as flower girl, while the best man was Ery [illegible] Smith of Chambersburg. David S. Stoner gave his sister's hand in marriage, and Miss Myrtle Gale Stoner of Scottdale, a cousin, played the wedding marches. Daisies and ferns carried out the color scheme of green and white in the decorations. Mr. and Mrs. Haven are to be at home after July 20 in Woodstock avenue, Swissvale.

Haus-Cummings.

After their wedding trip Mr. Pears will bring his bride to Pittsburgh, where they will be at home for a time at the Pears residence in McPherson boulevard.

Burgess-Schubert.

At 8 o'clock last evening the wedding of Miss Hattie D. Burgess of Mifflin avenue, Wilkinsburg, and Prof. Frank M. Schubert of Kittanning took place at the home of the bride. The ceremony was performed by the Rev. L. N. D. Wells, pastor of the First Christian church of Wilkinsburg. The bride was attended by her sister, Miss Claire Burgess, as maid of honor. Charles R. Alter of Parnassus was best man. Following a wedding supper Prof. and Mrs. Schubert left on a tour, at the close of which they will live in Kittanning.

Cropsby-Dingler.

AMBRIDGE, PA., June 28.—(Special.)—Miss Edna May Cropsby, daughter of R. J. Cropsby, of the American Bridge Company, was married to Dr. Clarence Keller Dingler of Philadelphia at the American house here this evening by the Rev. Daniel Martin of Philadelphia. Her maid of honor was Miss Isabell Banks of Elmira, N. Y. The best man was Robert C. Morris of Binghamton, N. Y. The wedding march was played by Miss Bessie Davis of the East End, Pittsburgh. Dr. and Mrs. Dingler will live in Philadelphia.

Dickinson-Gray.

Immediately after their marriage in Christ Protestant Episcopal church, Union avenue, Allegheny, yesterday afternoon Mr. and Mrs. Roger Perry Gray left for Cleveland, O., Mr. Gray's former home. Prior to her marriage Mrs. Gray was Miss Marian Anne Dickinson. She is a granddaughter of Mr. and Mrs. Thomas H. Hays of Sheffield street, Allegheny. On their return from their wedding trip Mr. Gray and his bride will be at home in Massachusetts avenue, Allegheny, where they will receive their friends after September 1.

Senator Emery's Daughter Weds.

BRADFORD, PA., June 28.—(Special.)—Mahlen C. Martin, Jr., of Bogota, Colombia, and Miss Grace Emery of Bradford, were united in marriage here this evening at the Church of the Ascension by Rev. A. R. Kieffer. A reception at the home of the bride's parents in Congress street, was attended by 1,000 guests. A wedding supper was served on the lawn. The bride is the only daughter of former State Senator Lewis Emery, the famous oil millionaire.

Tallyho Party and Dinner.

Miss Helen Witherow was hostess at a delightful social affair last evening. It was a tally-ho party which included dinner at the Pittsburgh Golf club and a tour of the various amusements in Luna park. The guests were a number of young people chaperoned by Mr. and Mrs. William Witherow of Sherman avenue, Allegheny, parents of the young hostess. Miss Hester Singer and Miss Ruth Walker, both of Sewickley, were house guests of Miss Witherow over the day.

Quiet Wedding This Evening.

A quiet wedding of this evening will be that of Miss Mary Frew, daughter of Mrs. Margaret Frew of Woodlawn avenue, and C. J. Adler, also of this city. Eight o'clock is the hour set for the ceremony, which will be performed by the Rev. J. W. G. Fast, pastor of the Oakland Methodist Episcopal church. The bridal couple will be unattended and after a wedding trip will be at home in Hazelwood avenue. At home cards for days after August 3 will be issued with announcements of the marriage.

Lazelle-Townsend Wedding.

NEW YORK, June 28.—Miss Lillian Edna Lazelle and Mr. Herman Edward Townsend, grandson of the late Gen. Edward D. Townsend of Washington, D. C., were married at 8:30 o'clock this evening, at the home of the bride's mother, Mrs. William Dupree Lazelle, No. 388 A Lafayette avenue, Brooklyn. On their return from their honeymoon, the couple will make their home in Pittsburgh.

Mrs. Knox With the Singers.

Mrs. G. Harton Singer is entertaining her sister, Mrs. Philander Chase Knox, wife of Senator Knox, at her Sewickley home. Mrs. Knox came to Pittsburgh to be in attendance at the reception given on Tuesday for her daughter, Mrs. James Robert Tindle, by Mrs. Frank Biddle Smith, also of Sewickley, and will remain in the valley for a fortnight. Mr. and Mrs. Tindle will leave today for Valley Forge where they expect to spend the summer.

Putney-Andrews.

NEW BETHLEHM, PA., June 28.—(Special.)—Miss Pearl P. Putney, daughter of Mr. and Mrs. William T. Putney, was married this evening to Harry Edgar Andrews, at the Putney home. The Rev. J. L. Proudfit officiated. After an elaborate reception the bride and groom left for a honeymoon tour of the east. On their return they will live in New Bethlehem.

Saints-Moon.

The marriage of Miss Lillian Elizabeth Saints, daughter of Mr. and Mrs. William H. Saints of Evergreen Hamlet, and Charles Sumner Moon of Bellevue, will take place at 6 o'clock this evening at the home of the bride's parents. The Rev. H. L. Chapman will officiate. At home days after August 15 in Bellevue road, Bellevue, have been announced by the young couple.

WOMEN'S CLUBS.

Should Avoid Sectarianism.

"Sectarianism should enter into the disposition of the children before the juvenile court as little as possible," was the statement made yesterday afternoon by Assistant District Attorney William D. Grimes in the Allegheny County Bar Association rooms in the court house. He addressed, by invitation, the probation officers of the juvenile court and members of the juvenile court association and others interested in this work. Continuing, he said:

"The idea that a Jewish probation officer should take care only of Jewish children, a Catholic officer of only those who are Catholics, might as well be interpreted to mean Presbyterian officers for Presbyterian children, Methodists for Methodist culprits, and so on through the various religious denominations. It is narrowing the work of the probation officer down to a petty point. The judge is only concerned with placing the child in a needed moral environment, and the work of whichever probation officer is assigned the case is to find out the religious preference of the parents and place the child where the preferred religious surroundings can be secured."

Mr. Grimes explained the purpose of the recent ruling creating a chief probation officer and the appointment of Mrs. Alice B. Montgomery to that position. This action was taken to expedite the business of the court and will greatly facilitate the work of the district attorney's office by making possible a systematic record of all cases brought before the juvenile court throughout the county. The assistant district attorney stated that the probation officers are officers of the court, no matter how their salaries are secured, and though clubs, associations and churches which contribute to their support may naturally wish to have some part in directing their work, this is obviated by the appointment of the chief probation officer, from whom all the other officers must take their assignment to the cases brought to their notice.

Mr. Grimes was followed by Warner Marshall, who spoke of the juvenile court and the work of the probation officers from the legal standpoint.

Daughters of Pioneers Picnic.

Singing the old songs, drinking a toast to the absent ones in Japan and finally dancing a cake-walk, the annual picnic of the Keystone chapter, Daughters of American Pioneers, yesterday furnished plenty of variety. It was a very delightful affair and was conducted at the home of Mrs. John Musgrave in Center avenue, now known as the Johnston place, though old-timers recall it as the home of Isaac Dicky, one of the pioneer settlers in Pittsburgh. The house was decorated with flags. Tiny American flags were used as souvenirs of the luncheon, which was served out of doors. The napkins were also prettily adorned with flags and the insignia of the society, and bore also the names of those present. The souvenirs will be sent to Mrs. Henry J. Bailey, the chapter regent, and Mrs. Alfred Clark, who are now in Japan. Mrs. Harmar D. Scully sang a number of old familiar songs, including "Annie Laurie" and "Coming Thro' the Rye," and Mrs. Minnie Ourey Roberts read a poem, entitled "The Song of the Meadow Lark," which has never yet been published. Among the guests was the state regent, Mrs. David L. Patterson of Allegheny. Those present were Mrs. Patterson, Mrs. Hamar D. Scully, Mrs. Thomas P. Fleeson, the vice regent of the Keystone chapter; Mrs. Minnie Ourey Roberts, Mrs. Dallas Albert, Mrs. John Musgrave, Miss Gertrude J. Guffey, Mrs. Jane Guffey Jackson, Mrs. Z. Bailey Ogden, Mrs. Alfred Lonsmore, Mrs. C. P. Selp and Miss Ella G. Davis. The chapter will not meet during the summer, but in September will be the guest of Mrs. Minnie Ourey Roberts at her home near Crafton. The Keystone chapter has 22 members. It was but recently organized, and its membership can only be increased by invitation. The rule has been established that only one member can be added each year.

Take Examinations for Yale.

In the classroom of the Shadyside academy yesterday there was a busy gathering of professors and boys, the latter taking the final entrance examinations for Yale. There were representatives from the High schools and other preparatory institutions. Shadyside academy was represented by four young men, who were in the graduating class this season. They were Rees Hawkins, Julian Kennedy, Jr., Morrow Sheppard and Arch Williams.

It is a pure, granulated soap combined with ammonia in a new way.

The ammonia does not escape.

It is not set free till water is added. Then the fumes of ammonia are powerful.

All good housekeepers know the value of ammonia for cleaning. Many of them have been buying "household ammonia" by the bottle.

In Miller's *Powerine with Ammonia* they have both soap and ammonia.

No need of adding ammonia to the dish-water or the house-cleaning water. Just shake in a little *Powerine.*

Don't use Powerine on clothes—get Miller's Soap made with naptha, the half-hour soap, the friend of the cloth. Sold by all grocers.

AVALON LAND IS SOLD FOR $29,000

M. O. Coggins Buys the Colvin Property for Addition to His Residence Grounds.

FIRST AVENUE TRANSACTION

The sale of three acres of frontage in California avenue, Avalon, for $29,000 yesterday is the third large deal for choice frontage on the North Side that has been closed within a week, showing conclusively that residence sites there are coming into strong favor with investors. M. O. Coggins is the reputed buyer of the property sold yesterday, which belonged to H. A. Kune, the Allegheny contractor, and is on the north side of California avenue, between the Coggins residence and the Avalon school house. Mr. Kune secured it from Ida M. Colvin in an exchange deal several months ago, when it was valued at $33,000. The lot has a frontage of 264 feet and a depth on one side of 600 feet and 450 feet on the other side, a part of it extending back to Center street. It is well adapted to plotting, and is improved with a 4-room frame house. Before Mr. Kunze sold it he had surveys made for 24 lots which he intended putting on the market this season, and it is said that Mr. Coggins will also sell part of the property in building lots, leaving the remainder as a protection to his own 13-acre grounds which surround his new $40,000 residence.

Sold at a Low Figure.

The sale of 519 First avenue, announced yesterday, is of more than usual interest owing to the fact that $12,000, or $500 a front foot, the price paid, is away below the market value of lots in that neighborhood. The property belonged to William McKenna, of the McKenna Brothers Brass Company, and was bought by Vogeley Brothers, who now occupy the two-story building with an oil store. The buyers had a nine-year lease on the property at a low rental, and it was for this reason that the property was sold so low. The lot is 24x130 feet, extending back to the Second avenue park.

It develops that the Phillips Realty Company handled the sale of the Jacob Hochberg holdings in Hazelwood, which was announced in The Gazette yesterday. The transaction was in the nature of an exchange, and Charles A. Muehlbronner is the buyer of the property, for which he paid $50,000. The 22 brick buildings on the lot, 128x140 feet, are now rented for $3,500 a year, and this will soon be increased to $4,000, which will pay 8 per cent on the investment. The property is at Second avenue and Ruthergien street, Twenty-third ward, and as Mr. Muehlbronner is vice president of a company that manufactures patent fuses for the United States navy, it is believed he secured this location as a site for a new plant. In part payment he tendered through his agent, James L. Bunnell, a brick house in Falck avenue, Eleventh ward, Allegheny; a brick house at 138 Spring Garden avenue, Allegheny; three double brick houses and 13 lots at Wilson station on the Pittsburgh, Virginia & Charleston railroad, and 172x178 feet in Elizabeth borough. These properties were valued at nearly $50,000.

Holy Cross Property on Market.

It is likely that the Holy Cross Roman Catholic congregation on the South Side, whose decision to move to Brookline was announced in The Gazette a few days ago, will complete the sale of its church property next month. The property has been strongly held at $250,000, which is considerably more than any one has ever ventured to offer. But in view of certain improvements that are scheduled for the South Side shortly, it may bring this figure. Over 60 houses occupied by members of the congregation have been razed this summer. The Rev. Father Devlin, rector of the church, was in favor of moving the congregation two years ago to a point back of Mt. Washington, but no sale of their property could be effected and the deal fell through. Plans for the $125,000 church, parish house and school house to be built in Brookline will be prepared shortly.

George M. Koser has purchased from the Peter J. McAuley heirs 70x100 feet at 6310 Penn avenue, opposite Calvary church, in the Twentieth ward, for $42,000. The lot is improved with a brick house and large frame stable.

Robert P. Lougeay has bought from W. B. Kuhn through the office of F. W. Haas two brick houses on 40x137 feet, on the south side of Kelly street, Thirty-seventh ward, for $14,000. In part payment Mr. Lougeay gave 100x201 feet on the north side of Beacon street, near Murray avenue, Twenty-second ward, which was valued at $12,500 and which will be improved with good houses shortly.

Catherine T. Springer has sold to Richard R. Bennett an improved lot 24x130 feet, in Penn avenue, near Fairmont street, Nineteenth ward, for $10,000.

Two New Realty Firms.

The H. O. Hornberger Real Estate Company has applied for a Pennsylvania charter. H. O. Hornberger, the well known Hazelwood real estate agent, will be head of the firm and with him are to be associated J. C. Mackrell, a cashier, and John A. Hibbard.

The Industrial Land Company has been organized to do a general real estate business. J. C. Bily, a clerk; H. M. Boas, a musician, and J. G. Evans are the incorporators.

Architect Charles Bickel is taking bids on a residence to be built by Max Blum in Rebecca street, East End, at a cost of $15,000 or $20,000.

The Aronson Realty Company has been appointed exclusive agent for the holdings of the Alexander Jones estate in the hill district.

Center avenue: The Aronson Realty Company sold for Rita Creighton to Jacob Hepner 2418-2420 Center avenue, near Reed street, two solid brick houses on 20x100 feet, for $3,600. The houses rent for $35 a month.

Summit park: Keck, Helle & Daschbach sold for the Summit Park Land Company to Mrs. Anna S. Looney lot 231 in Library road, Summit park, 100x200 feet, for $750.

Brushton avenue: E. F. Abel sold to W. W. Ford an improved lot 50x50 feet, near Brushton avenue, Thirty-seventh ward, for $5,500.

Hazelwood avenue: J. J. Speck sold to E. G. Ertzman an improved lot 33x195 feet, in Hazelwood avenue, Twenty-third ward, for $3,500.

RUSHING THE WORK.

Dam No. 2 Will Be Completed by End of Present Year.

Lock and Dam No. 2, in the Monongahela river, will be completed by the end of the present year and the threat of a catastrophe, due to the giving away of the old dam at Port Perry, will then be done away with. This old dam has been a great source of uneasiness to rivermen and Pittsburgh manufacturers for several years.

Maj. Sibert, who has charge of the work, states that it will be completed and the new dam in use by the end of the year. This will mean that the work was finished in 18 months after beginning, a record for government work. It required about 10 years to build the Davis Island dam in the Ohio river, which is about twice the size of this one. The stone work on the new dam is completed and about half the dam is finished. The lock walls are finished and the gates are on the way to completion. Maj. Sibert has advertised for compressed air machinery to operate these lock gates. The locks are large enough to allow a boat to pass through without breaking up her tow, which will be a great time-saver to the coal men.

The local harbor is already filling up with coal, all the mines being rushed to get the empties filled in time for another rise. Every pool boat in the upper river is busy getting down the loaded boats and barges. Boat carpenters are all busy getting the empties repaired and a prosperous summer season is anticipated along the river.

The attorneys for the United States in the case of Nathaniel C. McCrum, who demands damages for property taken by the government at Lock No. 1, have asked that the special verdict rendered by the jury at the trial of the case be set aside. Viewers reported on the value of this ground and an appeal was taken. The case was heard with a jury of 10 men. They rendered a verdict to the effect that the ground should be paid for at the rate of a dollar per square foot and Judge Buffington, who tried the case, was to determine the number of square feet. The case hinged on what Mr. McCrum's line was, he claiming to own farther down the bank than the government thought he did. The case may have to be tried over again.

The Tom Dosworth and Charley Brown of the River Coal Company will get in this evening with empties. The Crescent and G. W. Thomas of the Jutte Company will also get in today.

The Queen City got in yesterday with a big passenger and freight trip. Every stateroom was taken on the boat going down. Congressman J. B. Bennett and wife, of Greenock, Ky., made the round trip.

The General Theodore Schwan, government snag boat, has completed her work up the river and is tied up in the local harbor.

The steamer Return, with a tow of 10 sand barges, ran her tow on a riffle below Morningside bridge, in the Allegheny river yesterday morning. The Lee Brooks, following her down, ran into the stranded tow with a tow of four barges, damaging a number of them. The Return landed two barges at Sharpsburg. No person was injured.

THE THREE RIVERS

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, June 28.—At 6 p. m. today the Ohio river at Cincinnati was 24.2 feet and stationary. The towboats are very active in the local harbor today. Movements were: Arrived and back with empties—Ironsides, Exporter, down for Louisville. The repairs have been finished on the W. W. O'Neill. She left for New Orleans today with a large tow of coal. The boats due within the next 24 hours are the Otto Marmet, from the Kanawha; W. H. Flint, Dave Wood, Valiant and Sam Clark, from Pittsburgh. The Crescent and James Moren are due up with tows of empties for Pittsburgh. The Josh Cook, Ed Roberts and Henry Lowry are also due up. The government snagboat E. A. Woodruff is working between here and Louisville, and much of the time will be spent on the wrecks on the bar at Madison. The Florence Marmet was pulled out on the Queen City marine ways yesterday for a general overhauling. Clear and pleasant.

LOUISVILLE—River rising. In canal, 8.6 feet; on falls, 6.4 feet; below lock, 22.4 feet. Clear and cold.

MARIETTA—River 10.6 feet and falling. Clear. Up—Lorena, 8 a. m.; Greenland, 3 p. m. Down—Kanawha, 3 p. m.; Alice Brown, with coal, noon.

WHEELING—River 9 feet 3 inches and falling. Clear and warmer. Departed—Kanawha, Charleston, 6 a. m.; Bessie Smith, Parkersburg, 11 a. m.; Ben Hur, Parkersburg, 3 p. m.

STEUBENVILLE—River 8 feet 11 inches and falling. Clear and warm.

POINT PLEASANT—River 14 feet and falling. Clear. Down—Keystone State, H. M. Stanley, Iron Age. Up—Sam Brown, Coal City.

PARKERSBURG—River 11 feet and falling. Clear and cool. The Greenland left for Pittsburgh, the Kanawha for Charleston.

MORGANTOWN—River 8 feet 3 inches and falling. Fair.

WARREN—River 1 foot 6 inches. Clear and warmer.

GREENSBORO—River 8 feet 10 inches and falling. Fair and cool. Down—Columbia. Up—Woodward.

At 9 o'clock last evening the gauge at Davis Island dam indicated a stage of 7.3 feet and the river was stationary.

NEWS FROM THE MINES.

The Amalgamated Copper Company is sinking all its shafts, except the Mountain View. That of the Anaconda mine is now 2,400 feet deep and will be sunk still further. A new shaft is being made on the Leonard mine and 300 feet has already been finished.

The average price of zinc ore at Joplin rose 50c a ton last week and lead is $1 a ton higher. Shipments for the week were 48 tons less than the week before.

Fifty-five gold mines in the Rand district of South Africa crushed 7,624,173 tons of ore, at an average working profit of 14 shillings 2.78 pence per ton. The total value of gold produced in 1904 was £15,539,461. The number of laborers at the mines in January, 1904, was 68,767 Kaffirs. In October, 1904, 1,384 Chinese went to work. In May there were 96,236 Kaffirs and 40,117 Chinese in the mines, and 4,000 Chinese were on the way from China.

The total output of gold from Rhodesia for the month of May is cabled as 71,332 ozs. This is a decrease of 1,938 ozs of gold against April. The output of other minerals was: Silver 8,368 ozs; lead, 52 tons, and coal, 6,637 tons.

Stratton's Cripple Creek Mining and Development Company has retained Philip Argall, the well-known cyanide expert, to make an examination of their Globe and Iron hill properties for the purpose of demonstrating if the vast bodies of low grade ore there are adapted to the cyanide treatment. If his report should be favorable it is quite likely that the company will erect a huge mill.

It is announced by Frank Oliver, superintendent of the Florence mine of Goldfield, that $750,000 worth of ore has been taken out of the property during the course of development work, extending over a period of six months, and that the mine will continue to produce shipping ore at the rate of $125,000 per month for an indefinite period. This is the first official statement of any kind that has been given out by the Florence people.

The Florence mine is situated about one mile east of the town of Goldfield and is owned by the Florence-Goldfield Mining Company, a close corporation composed of United States Senator George S. Nixon, John McKane, Charles M. Schwab, A. D. Parker, T. G. Lockhart and George Wingfield. The property is being developed in a systematic manner by Supt. Oliver, who is an old Colorado mining man. A shaft is down 350 feet, which is the deepest in the district. Between 4,000 and 5,000 feet of drifting has been done underground to date, and a true fissure vein has been encountered on the 250-foot level. Copper is being found in the ore to the extent of 7 per cent, which is accepted as a true indication of the permanency of the ore deposits. Supt. Oliver states that the deeper the shaft is sunk the richer the ore is found to be.

The Metal Markets.

NEW YORK, June 28.—The London metals market was again higher with spot closing at £140 and futures at £138 17s 6d. Locally, the market was steady and up somewhat in sympathy with spot, closing at $30 60@30 75. Copper on the other hand was lower abroad, closing at £66 2s 6d for spot and £66 for futures. Locally, the situation shows no quotable change. Lake and electrolytic are quoted at $15 60, and casting at $14 75. Lead was higher at £13 6s 3d in London. Locally, the market is firm, with some dealers asking higher prices although the general range remains unchanged at $4 50@4 60. Spelter remained quiet at £24 in London, and at $5 30 in the local market. Iron closed at 49s 4d in Glasgow, and at 54s 6d in Middlesboro. Locally the market is unchanged with the tone said to be in the buyers' favor. No. 1 foundry northern is quoted at $16 25@16 75; No. 2 foundry northern at $15 50@16 25; No. 1 foundry southern and No. 1 foundry southern soft at $15 75@16 25; No. 2 foundry southern at $15 25@15 75.

WATCHING IRON MARKET CLOSELY

Consumers Now Making Many Inquiries in Search for the Bottom Quotations.

BILLETS SOMEWHAT LOWER

The iron market is being watched with the greatest interest by the consuming interests. The number of inquiries which are being made is larger than at any time for two months and gives an indication of the intentness of the buyers upon buying at the bottom. Prices shading somewhat below the present quotations are being offered to test the producers. It is certain that there is a large amount of buying in prospect, which will come probably in a rush if once the movement starts. There are eight independent and 15 Steel Corporation blast furnaces out.

Prices of Northern Bessemer pig iron remain at about the quotations of last week, $14 50@15 25.

The steel market is weakening somewhat. Billets are now quoted at the association price, $23 00. This price is not fixed, as before, by the formal association, but by a sort of agreement, more or less tacit. Tin bars have sold as low as $22 50, for a considerable lot. The general price would be about $24 00.

In the finished lines little change can be noted. The demand is what would be expected at this time of the year. There is no great eagerness to force business, as the mills generally need repairing.

Current Quotations.

Below are given current quotations on various lines of iron, steel, etc.:

Pig iron—Northern Bessemer, $14 50@15 25, furnaces.

The Hardware Market.

Reports generally are that the hardware business is in very good shape and that orders for general lines of goods are coming along fairly freely, quite a number of houses in different lines reporting business as being late and correspondingly good. The demand for heavy hardware in nails, wire and such goods is exceedingly good. Builders' hardware, housefurnishing goods, mechanics' and carpenters' tools and general lines are moving out very freely. A continued good business exists in paints and in window glass, the demand for which is much better than it has been for some time. Indications are that glass prices will be very much higher. Business continues very good in the sporting goods line, quite an excellent demand existing on revolvers and on metallic ammunition for Fourth of July use, a greater demand existing for these goods than in other years, owing to the fact that many councilmanic bodies in towns around Pittsburgh and throughout the states of Ohio and West Virginia have declared against the use of explosive canes and other noise-makers, so that it means an increased demand for legitimate firearms and blank cartridges. Business in bicycles and bicycle sundries and automobile sundries is very good. Prices in all lines continue firm, the market evidently being stronger than for some little time. The Bindley Hardware Company furnishes the following quotations:

Columbia pocket knives, discount 35 per cent; Albion hatchets, discount 40 and 10 per cent; Bindley canal shovels, $6.50 per dozen; Great Western files, discount 70 and 10 per cent; sheet iron, base No. 26, $2.35 per 100 lbs.; galvanized sheet iron, discount 70 and 10 per cent; sash weights, per ton, $27; window glass, first three brackets single, except 16x20, 90 and 35 per cent off list October 1, 1904; above third bracket and all double, 90 and 15 per cent off list October 1, 1904; Albion sewing machines, discount 25 per cent; blue and white enameled ware, 60 and 10 per cent; Albion hot plates, 40 per cent; Albion lanterns, 30 per cent; hay-forks, 60 per cent.

LITTLE IMPROVEMENT IN THE PIG IRON MARKET

Market Further Weakens, and the Buying Movement Is Still in Abeyance With Demand Light.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, June 28.—The Iron Age tomorrow will say of the iron and metal trades: In foundry pig iron the markets have weakened further and $11.25 for No. 2 at Birmingham has been done on a modest scale. The buying movement has not yet set in. Many consumers are pretty well covered well into the third quarter, the furnaces being correspondingly booked. Still pig iron is accumulating at the furnace banks, and the demand for pig iron for steel making purposes in particular, in the central west, is light.

The conditions in raw material are not readily reflected in the finished branches with their "official" prices. The big mills in the heavy lines are busy for months to come, and in some instances are crowded beyond capacity, so that they must dole out the product with the aim to placate the maximum number of irate customers. But that is not true in all branches, or in all parts of the country.

There are prospects of additional work from the lake shipbuilding yards. The railroads are still buying and large building operations in nearly all our great cities are flourishing. The independent manufacturers of sheets and bars have declined to sign the scale presented by the Amalgamated association, and it looks as though we were heading for a strike, with the odds heavily against the men.

ORDERS FOR STEEL RAILS ARE MARKET'S CHIEF FACTOR

Steel Bar Manufacturers Declare They Will Not Recede from $30 a Ton—Pig Iron Lower.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CLEVELAND, O., June 28.—The Iron Trade Review tomorrow will say:

Orders for steel rails continue to add larger tonnage than do those for any other kind of finished material, although the demand for structural shapes and for plates is strong.

There is keen interest concerning steel bars. Most of the large buyers made the contracts which expire July 1 at $30 per ton, Pittsburgh, while some who came into the market later contracted at $28 and still others at $29. The present price is $30, from which the principal manufacturers declare there will be no concession.

Pig iron has touched lower prices, and both Bessemer and basic are now selling at $14, valley furnace. This price was made on a sale of 1,000 tons. It has also leaked out that about three weeks ago a sale of malleable was made, the iron to be shipped from the valley to Detroit, at the very low price of $12.50 furnace. Southern iron is now selling freely at $11.25, and it is rumored that $11.25 has been named.

PENNSYLVANIA GROUP LED A STRONG STOCK MARKET

Reading Crossed Par for the First Time in Its History—Pittsburgh Coal Preferred Rallied in the Local Market.

By JOHN O. BAGLIN, Financial Editor.

The New York stock market yesterday was active and buoyant, and commission houses reported that the public was taking more interest in the dealings than at any previous time in the past two months. The total sales exceeded 775,000 shares, and the business was well distributed, although the railroads were relatively more active and stronger than the industrials.

The only development of a really favorable character was the higher quotations received from London, which was thought to reflect a better feeling over the political situation on the continent. Foreigners were quite liberal buyers on balance, indicating that the heavy sales last week represented short stock, which the London speculators hoped to cover at a profit if the uneasiness manifested a few days ago in Paris and Berlin should extend to Wall street. The leaders of the market, however, who were responsible for the recovery of the past two weeks, were evidently strong enough to absorb all the foreign offerings, and if the latter were for the short account, the covering on the advance will be an element of support in the market.

Other developments of the day were the strong commodity markets. Cotton advanced sharply and closed at the top, on reports of too much moisture in the cotton belt, and wheat and corn were also strong and higher. Wall street, however, ignored these factors, and while there was the usual profit-taking during the afternoon, prices subsequently recovered and closed at substantial gains throughout the list. The Pennsylvania group was the strongest of the railroads. For the first time in its history Reading common crossed par and closed at a net gain of 1 per cent. Baltimore & Ohio closed 2¼ per cent higher, reaching 114½. The feeling is very confident that this stock will be placed upon a 5 per cent basis. Pennsylvania being a large holder of Baltimore & Ohio the advance in the latter was naturally reflected in the former. Pennsylvania advanced to 141¾, the net gain for the day being 1¾ per cent. An additional bullish influence back of the movement in Pennsylvania is the syndicate of bankers who underwrote the recent convertible bond issue and was compelled to take the bulk of the bonds offered for subscription. This syndicate is interested in advancing the stock as near to 150, the convertible price, as possible. Erie rose to 44¾, and Norfolk & Western to 84½, the last named closing at the highest of the day.

Louisville & Nashville and other southern railroad stocks which would be adversely affected by any extensive damage to the cotton crop were strong and higher and closed at net gains. The rise in the grangers was not so pronounced as in other parts of the list, but all closed higher. Among the low-priced specialties, there was unusual activity in Chicago Terminal. The preferred jumped 5 points to 39 and closed at 36½, the movement being based upon rumors of purchases for control.

In the industrial list United States Steel common closed ½ and the preferred ⅝ per cent higher. The weekly trade review failed to note any improvement in the iron trade, but while no important change is to be noted in immediate conditions, there is a very optimistic feeling regarding the future. Amalgamated Copper was somewhat of a laggard in the market and closed only fractionally higher.

The near approach of the semi-annual settlement period has had no effect upon the money market, call loans closing at 2¼ per cent.

The bulk of the business in the local stock market was made up of Pittsburgh Coal and United States Steel. Coal preferred opened firmer, advanced to 65, and after a sligh reaction to 64¾, recovered to the top price and closed at 65 bid. On light transactions the common stock rallied to and closed at 15. River Coal preferred sold to the extent of 200 shares at 25, unchanged from the last previous public sale, but a point above the price at which it is reported private transactions had been recently made. United States Steel common sold at the uniform price of 32, 1,150 shares changing hands at that price. There were no transactions in the preferred. Crucible preferred was unchanged at 62. The common stock was nominally quoted at 10½ bid, 10¾ asked. Pittsburgh Brewing issues were dull but steady. Westinghouse Electric closed firmer at 82½ bid. National Fire Proofing was weak, the preferred declining to 33¾ and closing at that price bid. Pittsburgh Oil and Gas was also weak, selling off to 61, recovering to 62 and closing at 61¾ bid. American Sewer Pipe lost ½ per cent, selling at 35½. The remainder of the list was without feature.

THE MONEY MARKET.

The local money market is steady at 5@6 per cent on call and time loans. The supply of funds is unevenly distributed, but appears to be increasing. Clearing house comparisons:

	Exchanges.	Balances.
Yesterday	$8,441,364 00	$1,483,424 47

Last year	6,128,166 95	1,257,609 57

Foreign Money Markets.

LONDON, June 28.—Money was in fair demand in the market today and borrowers were made dependent on the Bank of England. Discounts were firm. Prices on the stock exchange were quietly firm. The movements were mostly unimportant. There were some slight declines largely due to the absence of support. Consols eased slightly and recovered at the close. Americans opened lower in response to Wall street, and improved somewhat. Missouri Pacific was the feature. Prices relapsed later on New York selling, but rallied during the last hour and closed firm. Foreigners were fairly upheld, although dealers were nervous regarding Japanese securities, which were easier. Imperial Japanese 6s of 1904 were quoted at 102½. Consols for money, 90; consols for the account, 90 1-16; bar silver quiet at 27d an ounce; money, 1¾@2 per cent; the rate of discount for short bills is 2 1-16@2¼ per cent; the rate of discount for three months' bills is 2 1-16@2⅛ per cent.

PARIS, June 28.—Prices on the bourse today were firm throughout. French rentes were active. Russian Imperial 4s were quoted at 89 and Russian bonds of 1904 at 502. Three per cent rentes, 98 francs 72½ centimes for the account; exchange on London, 25 francs 15 centimes for checks.

BERLIN, June 28.—The trading was light and quotations were steady on the boerse today. Exchange on London, 20 marks 47½ pfgs. for checks. Discount rates, short bills, 4½ per cent; three months' bills, 2½ per cent.

New York Gas and Electric Light, Heat and Power Bonds.

The National City bank of New York and N. W. Harris & Co. have jointly purchased direct from the company and are offering to investors, $2,250,000 of first mortgage 5 per cent gold bonds, due December 1, 1948, of the New York Gas and Electric Light, Heat and Power Company. With the purchase of these bonds the entire issue of $15,000,000 is now outstanding.

The New York Gas and Electric Light, Heat and Power Company was consolidated with the Edison Electric Illuminating Company in 1901, thus forming the New York Edison Company, practically the entire capital stock of which is owned by the Consolidated Gas Company of New York.

FEATURES OF THE DAY

IN PITTSBURGH

Stock market moderately active, but prices closed irregular.

Pittsburgh Coal preferred rallied to and closed at 65.

The common stock was dull but firmer, closing at 15 bid.

United States Steel common the only active member of its group, which was steady.

Fire Proofing preferred, Oil and Gas and Sewer Pipe closed lower.

IN WALL STREET

Stock market buoyant and prices closed higher all around.

Sales included 782,700 shares stock and $3,315,000 bonds.

Reading common crossed par for the first time in its history.

Pennsylvania and Baltimore & Ohio scored sharp gains.

Industrial stocks were less active, but they also shared in the improvement.

NOTES AND COMMENT.

A prominent feature of the New York market yesterday was the preference shown for the standard dividend payers, particularly those which have been subject to rumors of intended increase in the rate dividend distribution. There was a conspicuous reversion of the Pennsylvania group based on these suppositions. Reading was included in the operation and the dividend increase made only last week was accepted as a mere preliminary to a further increase to come. Such was the tenor of the rumors under the influence of which that stock, after having advanced to within a shade of par several times recently, crossed that figure aggressively to a new record price. A number of low-priced dividend-payers proved attractive for the speculative possibility offered by a possible advance in dividend rates. But the movement was not confined to the small dividend payers, as shown by the prominence of the high-priced grangers and Pacifics. The rate of return on the investment at current prices for railroad stocks reckoned on the existing dividend rates has fallen to such a low percentage that hopes of a rise in the rate of return is calculated to invite the outlay for reinvestment of the half-yearly profits to be distributed on July 1. The demand from this source is relied upon in the current speculative campaign for a basis.

—

The announcement of the consolidation of the Union National bank and N. Holmes & Sons will prove a great surprise in local financial circles. Both institutions rank with the oldest and stanchest in Western Pennsylvania, and combined they will make an important addition to the great banks of the state.

—

The money market continued remarkably tranquil, considering the near aproach of the July 1 requirements. Sterling exchange yielded still further from the gold export point in New York and advanced in Paris, so that there was no inducement to further engagements of gold for export. The conviction is professed by bankers, however, that the gold movement is destined to reach considerable proportions. The supposition that the Russian indemnity loan is to be provided for was supplemented yesterday by the suggestion that a new Japanese loan is in contemplation. Japanese bonds were weak in consequence and their decline helped to the slight irregularity of the bond market. The bond market, in fact, showed very little effect from the usual preliminary investment demand incident to this season of the year.

Directors of the Tamarack Mining Company have declared a dividend of $2 per share. The last dividend on Tamarack's 60,000 shares was $1.50, paid January 21, 1904. The company has paid a total of $8,580,000 in dividends since the first one paid April 2, 1888.

—

The directors of the Temple Iron Company have declared the regular semi-annual dividend of 3 per cent, payable July 1 to holders of certificates of beneficial interest of record on June 30.

—

Illinois Brick Company directors have declared a quarterly dividend of 1½ per cent on the preferred stock, payable July 15 to stockholders of record July 5. Three months ago 2 per cent was declared.

—

The interest coupons due June 30 on series "A" and "B" bonds issued by the United Cigar Stores Company will be paid upon presentation at the National Bank of Commerce in New York, when due, instead of at the Merchants' Trust Company.

—

The Guarantee Title and Trust Company has declared the usual quarterly dividend of 1½ per cent, payable July 1 to stock of record June 30.

—

The East End Savings and Trust Company has declared the usual quarterly dividend of 1½ per cent.

—

The City Deposit bank has declared the usual quarterly dividend of 4 per cent, payable July 1.

—

The North American Savings Company has declared a quarterly dividend of 2½ per cent, payable July 1.

—

The usual quarterly dividend of 3 per cent declared by the Colonial Trust Company is payable July 1.

—

Holland holds investments in United States stocks and bonds to the amount of $544,000,000, according to official reports. The Dutch have been consistent buyers of American securities for nearly half a century. During the civil war they almost alone among European investors bought heavily in United States government bonds, and the result was so satisfactory that they became buyers of securities in the early days of railroad expansion.

—

The Monongahela National bank has declared a quarterly dividend of 2 per cent.

—

The annual report of the United States Cast Iron Pipe and Foundry Company shows that the earnings on the $12,500,000 common stock amounted to about 4½ per cent.

—

Norfolk & Western directors have declared the regular semi-annual dividend of 2 per cent on the preferred stock, payable August 18 to stockholders of record August 4.

—

The United States National bank has declared a quarterly dividend of 1½ per cent, payable to stock of record June 20.

—

Gross earnings of Buffalo, Rochester & Pittsburgh for May increased $143,256 and net earnings increased $35,746.

Gross earnings of Southern Railway for the third week in June increased $26,120.

—

The directors of the Chicago Pneumatic Tool Company have declared the customary quarterly dividend of 1 per cent, payable July 20 to holders of record July 10. The following statement was submitted for the quarter ending June 30: Gross profits, $205,488; depreciation and accounts written off, $29,564; net profits, $175,924; reserve for bond interest and sinking fund, $41,250; profit available for dividends, $134,674. This surplus is considerably more than twice the sum needed to pay the quarterly dividend just declared. The company announces that it has purchased the Canadian Pneumatic Tool Company of Montreal.

—

The annual report of the Central Coal and Coke Company of Kansas for the fiscal year ended June 1 last shows the following financial results: Net income, $984,353, a decrease of $551,742; surplus, $493,365, a decrease of $493,863. President R. R. Keith, in his report to the stockholders, referring to the disappointment that may be felt regarding the statement, says: "Commencing June 1, 1904, we increased our depreciation charges. On the basis used by these charges prior to the date just named, our earnings this year would be $34,691 more than shown in the statement. The depreciation we are now making is not made on the cost of property, but on the cost of reproduction." The report further says that shortly afte, the beginning of the fiscal year under review the coal business became demoralized and every reasonable effort to remedy the difficulty was unsuccessful. A condition of overproduction still exists and the indications are that it will continue until "bitter experience drives the newcomers from the business." The market for the company's coal has been further injuriously affected by the gas and oil from Southeastern Kansas, the Indian territory and Texas. Mr. Keith says: "It is probable that the present low state of our earnings from the coal department will continue for some time. Just how long it is impossible to predict, but the history of the gas and oil found in the central states shows that it does not permanently affect the coal business or the value of coal property."

—

The Rock Island Fuel Gas has declared a quarterly dividend of 1¾ per cent on the preferred stock, payable July 25 to stock of record June 30.

The Chicago & Alton Company has sold to Kuhn, Loeb & Co. $5,000,000 of its refunding mortgage 3 per cent gold bonds.

—

Gross earnings of Chesapeake & Ohio for May increased $184,587 and net increased $126,-316.

—

Dealings in Pittsburgh Railway were notably heavy. There was one purchase of 20,000 shares one of 10,000 and at least 20 ranging from 3,000 to 5,000 shares. The stock rose 1½ per cent.

—

The Chicago board of trade will be closed on July 3 and 4, quite an unusual proceeding for that body, which almost always observes only the legal holiday.

—

The Bellevue Realty Savings and Trust Company has declared the usual semi-annual dividend of 3 per cent.

STOCKS MOVE BRISKLY AND RECOVER LOSSES

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, June 29.—The Herald this (Thursday) morning says:

Stocks recovered in the market of yesterday practically all they lost on the preceding day, while a number of new favorites were taken in hand and advanced sharply. There seemed to be very little if any change in the character of the trading. Apparently the manipulators, in the distribution movement of the day before, had tested the market, and finding it receptive—in other words, having discovered some absorbing power—they started in again to work for higher prices, probably to permit further distribution.

The market, it must be admitted, showed a strong undertone, which showed that offerings, distribution or profit taking, were very well taken. Dealings were largely professional, however, and the distribution of business was not good. Some new issues were brought into prominence. It was quite clear that there was no public buying, and that the speculation fires were only kept alive by forced draught.

So far as news was concerned there was very little of an important character and none that was calculated to stimulate stocks. Crop advices were not good and this resulted in rather sharp advances in staple commodities. As some persons claim that the stock market is discounting crop conditions, it was rather anomalous to observe that cereals and cotton were advancing on crop damage reports, and the railroad shares were also advancing. Apparently there is some "bunco business" about the movement somewhere or other.

The weekly report of the iron and steel industry was not encouraging. Foreign advices were more encouraging on the Morocco question and less so the internal conditions in Russia. News items played no part in the stock market of the day. There was no public participation, and operations were professional.

Condition of the Treasury.

WASHINGTON, June 28.—Today's statement of the treasury balances in the general fund exclusive of the $150,000,000 gold reserve in the division of redemption, shows: Available cash balance, $137,525,108; gold, $65,615,131; silver, $32,434,739; United States notes, $14,205,490; treasury notes of 1890, $51,816; National bank notes, $15,347,698; total receipts this day, $2,350,-222; total receipts this month, $43,054,191; total receipts this year, $538,527,273; total expenditures this day, $1,390,000; total expenditures this month $33,260,000; total expenditures this year, $565,382,762; deposits in national banks, $81,008,798.

LOCAL MARKETS ALL FIRM EXCEPT FLOUR

Quotations Remain Stationary and Business Is Good Along Liberty Street.

There was not a single quotation changed in any line in the local market yesterday except in the hay and grain market, where grain showed increasing strength. In the green goods, produce, grocery and fruit lines everything was the same as the day before.

Flour has grown very weak and a reduction today would not be surprising. It is generally considered too high by dealers, and their only surprise is that there has not been a break before this. Sugar was steady yesterday and there was no indication of any further reduction, although, as one dealer remarked, you never know what the refiners are going to do.

In the green goods market there was plenty of business but the receipts were just a good balance for the demand, which prevented any shift of prices. Tomatoes are stronger and may advance today. Berries are also strong. There are plenty of huckleberries coming in from West Virginia, the mountains of that state being the principal source of supply for this section. Only an occasional crate of strawberries is to be seen now, that fruit being almost entirely done.

HAY AND GRAIN.

Receipts.

Receipts yesterday were: Pennsylvania, 21 cars oats, 8 cars corn, 7 cars hay, 3 cars feed. Baltimore & Ohio, 1 car straw. Pittsburgh & Lake Erie, 2 cars oats, 1 car hay, 1 car straw.

Every commodity in the hay and grain line was in better shape yesterday and some showed a decided advance. Bidding on hay was very close to offers and for five days delivery showed an advance. Grain was quickly picked up. The majority of the oats sold yesterday had been sold for arrival. A further advance in oats is looked for.

WHEAT CLOSES STRONG ON DAMAGE REPORTS

Black Rust Is Said to Be Appearing in Spring-Sown Grain. Corn Is Off One Cent.

[By Associated Press to The Gazette.]

CHICAGO, June 28.—Apprehension concerning black rust damage to spring-grown wheat caused a strong close in the wheat market here today. Final quotations on September wheat were up ¾@⅞c. Corn for September delivery is off precisely 1c. Oats show a loss of ¼c. Provisions are unchanged to 10c higher.

Strength in the wheat market developed toward the middle of the session. Notwithstanding numerous bullish influences, sentiment early was quite bearish. In addition to the fact that cables were strong, weather in the northwest was a continuation of the cool, wet conditions that have prevailed there for some time. In the southwest, however, the weather was generally favorable for harvesting. This circumstance induced considerable selling of July. Most of this selling was by cash houses. The feature of trading at this time, however, was heavy profit-taking here, as well as in northwestern markets by a prominent trader at Minneapolis. Under this selling, the market became quite weak. After opening a shade to ¼@⅜c lower, at 90½@90¾c, July declined to 90⅛c. September sold off to 86¼@86⅜c after opening a shade to ¼c lower, at 86½c to 86⅝@86¾c. Later, sentiment in the pit became bullish, and prices made a quick recovery. Many reports of small yields were received from the winter wheat section, one report claiming the yield in Tennessee would not be more than five to eight bushels per acre. The crop in Oklahoma, it was stated, would average only about 8 bushels an acre. The influence, though that had the greatest effect, came in the form of damage report from the northwest. A dispatch from Minneapolis stated that black rust was spreading in the wheat fields in South Dakota. Samples of affected grain, it was stated, were at hand to corroborate the reports. Fear of widespread injury to the spring crop started an unusually active demand and resulted in the September option advancing to 87½c. July, in the meantime, sold up to 91¾c. Strength of cash wheat at all grain centers helped to stimulate demand here for the various options. Late in the session, the market reacted somewhat on profit-taking, but the close was strong, with September at 87½@87⅝c. Final quotations on July were up ⅝@½c, at 91¼c. Clearances of wheat and flour were equal to 53,100 bushels. Primary receipts were 161,200 bushels, compared with 212,900 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 80 cars against 110 cars last week, and 208 cars a year ago.

Heavy profit-taking by the principal longs caused decided weakness in the corn market. There was also considerable selling brought out by reports of liberal acceptances. An estimate of heavy receipts for tomorrow created additional weakness late in the session. The market closed weak and near the lowest price of the day. September opened ⅛c to ⅜@½c lower, at 56⅛@56¼c to 55½c, sold off to 54⅝c and closed at 54⅝c. July ranged between 55½@56½c, and closed at 55¾c, a net loss of ⅜c. Local receipts were 412 cars, with 143 cars of contract grade.

Weakness of corn had a depressing effect on the oats market. Commission houses were moderate sellers. September opened unchanged to a shade higher, at 31¼c to 31¼@31⅜c, sold off to 30⅞@30¾c and closed at 31⅛c. July ranged between 32¼@32⅝c, and closed at 32⅜c. Local receipts were 89 cars.

The feature of trading in provisions was active buying of pork by shorts. As a result of this demand, that commodity experienced a fair advance in price, the September delivery closing up 10c at $13 12½. Lard was off a shade at $7 47½. Ribs were unchanged at $8 00.

Estimated receipts for tomorrow: Wheat, 3 cars; corn, 495 cars; oats, 100 cars; hogs, 34,000 head.

South Penn Gets Producer in Wetzel County, W. Va.

Northeast of Folsom, Wetzel county, the South Penn Oil Company has drilled in its No. 7 on the J. L. Price farm and has a better producer than has been found in that district for some months. The first 24 hours after the well was drilled into the Gordon pay it produced 206 barrels. In the same district the company shot its No. 1 on the O. M. Hall farm and it failed to respond. The tubing is being placed in the South Penn's test on the T. M. Moore farm and it will be put to pumping.

One mile south of Uniontown, Center district, the Carnegie Gas Company has drilled its test on the Martha A. Hibbs farm, on Knob Fork, through the *fourth* sand and has a duster. On the head waters of Four-Mile run, Grant district, Wetzel county, the Hope Natural Gas Company has drilled its test on the G. W. Anderson farm through the Big Injun sand and has a fair gasser in that formation. In the Fairview district, Marion county, the South Penn has drilled its No. 4 on the Haught-Walker farm 5 feet below the pay in the fourth sand and the hole has filled up 2,200 feet with fluid.

In the Smithfield district, Wetzel county, the South Penn has drilled its No. 50 on the B. W. Peterson farm 20 feet into the Gordon and has a light show for oil. In the Salem district, Harrison county, the South Penn has drilled its test on the S. D. Williams farm through the Gordon and the hole has filled up 2,200 feet with fluid. It will be given a shot. In the same district, the same company has drilled its No. 4 on the Andrew Spindle farm 14 feet into the Gordon and the hole has filled up 1,600 feet with fluid. It will make a small pumper.

In the Yellow Creek district, Calhoun county, the South Penn's No. 3 on the M. A. Wilson farm is producing 150 barrels a day from the Berea grit. The well is 900 feet northwest of the first well drilled on this farm. The South Penn's Nos. 3 and 4 on the Rose L. Norman farm are producing 100 and 115 barrels a day, respectively. The Carter Oil Company's No. 2 on the L. G. Fluharty farm is holding up at 130 barrels a day. These three and the No. 3 on the M. A. Wilson farm are the only wells in the district having an individual production of 100 or more barrels a day.

In the Big Lime district, near Milton, Cabell county, the Harshbarger Oil Company has shot its No. 2 on the E. W. Beckett farm and increased its production to 50 barrels a day. The 11 producing wells in this district have a total production of 160 barrels a day.

North of the new development on Walls creek, Jefferson county, the Elson Oil Company has drilled its test on the Albert Elson farm into the Berea grit and has a show for a 15-barrel pumper.
